Opening Address

Senator Caleb Rowden, President Pro Tem

First Regular Session, 102nd General Assembly

January 4, 2023

First of all, thank you to my colleagues for entrusting me with the tremendous opportunity and responsibility of becoming the 83rd President Pro-Tem of the Missouri Senate. What an incredible honor this is, and one I accept with humility and gratitude.

I want to acknowledge some folks that are here with me today. First of all, my wife Aubrey and our three kids - Willem, Adele & Theo. They have been unbelievably supportive of me throughout my entire political career, and if you follow my social media accounts, you know how much fun I have with these awesome kiddos. Of all the titles I’ve had in my life, there isn’t one that gets anywhere close to “dad.”

My mom and dad as well as Aubrey’s mom and dad are here today. I am who I am because of the Godly upbringing and unconditional love that my parents gave me, and there is no doubt I wouldn’t be here today without both them and my in-laws and all their hard work and dedication to Aubrey and I and our kids.

And I want to say thank you to all my staff members throughout my time in the House and Senate that have helped me serve my constituents and the people of this great state!

The Missouri Senate is an incredible place. 34 uniquely different individuals representing 34 uniquely different parts of this state. Among the Senators sitting in front of me, we have educators, attorneys, business owners, farmers, and everything in between.

22 men and 12 women.

Some with beautiful heads of hair and some with no hair at all.

This is an incredible place — the history and tradition of this hallowed chamber and men and women who have gone before us have helped set the stage for the moment we find ourselves in today. Being sworn in as members of this Missouri Senate for the 102nd General Assembly.

My path to this moment has been an interesting one, as many of you know. A Christian singer/songwriter turned unlikely State Representative turned unlikely State Senator.

For the many in this building who have interacted with me over my ten years in the legislature, you'll know I am careful not to shove my faith in anyone's face. But as I stand here today, I am more convinced than ever that each of us are here for a reason. This moment is not a mistake. My ascension to this position is not a coincidence. We have a purpose.

Words from the prophet Jeremiah — "For I know the plans I have for you" says the Lord. "Plans to prosper you and not to harm you, plans to give you hope and a future."

Senators, the challenge before us this year and in the years to come undoubtedly has political elements and realities. But there is unquestionably a divine element to our existence here. A pre-ordination of hundreds, if not thousands of events that have led the 34 of us to this moment.

The weight of six million Missourians is on our shoulders. How will we respond? How will we lead?

Over the last six years since I joined the Senate, I am incredibly proud of the many things we have accomplished.

This body has stood up to protect innocent life at every stage of existence.

This body has stood strong to protect constitutional rights and individual liberties in the face of a growing desire by some to trample those liberties.

This body has made it easier to vote and easier to ensure those votes are legitimate.

This body has made generational investments in our state's infrastructure while simultaneously making generational investments in our state's people.

And among many other things, this body for the first time in decades, gave parents and their children opportunities to attain the education they deserve, not just the one defined for them by their zip code and bank balance.

But our work is nowhere near done.

Missouri is undoubtedly a pro-life state. But I think it's important for those of us who call ourselves pro-life in this chamber to recognize what exactly that means, and maybe even work to redefine and broaden the term itself.

That's why I will make it a priority of mine this year to pass Senator Gannon's legislation to extend health care coverage for moms after the birth of their child. Being pro-life means standing strong for kids and their moms.

I will also make it a priority to pass legislation from Senator Coleman that will ensure working Missourians who push to gain economic independence don't have important benefits pulled out from underneath them. Being pro-life means standing strong for Missouri's vulnerable populations.

And it will be my personal priority over the next two years to make it easier and cheaper to move through the adoption process in the state of Missouri. Men and women who seek to adopt in our state shouldn't be butted out by too high a price tag or too many barriers to entry, put up largely by their government.

Being pro-life is valuing kids, from the earliest moments of their development throughout their formative years, especially in our education system.

It is no secret that I consider myself an “education reformer.” I believe we should provide every opportunity possible for parents to put their kids in a position to achieve success. One of the amazingly frustrating things about that position in the eyes of some in this building is that, somehow, being pro-parent means anti-public education.

Nothing could be further from the truth. And it’s important for us to recognize that very few people view education outside of this building the way we view it inside this building.

Over the next two years, we are going to work hard and work together to redefine what success looks like for schools in this state. For too long, we have let the labels of “establishment” and “reformer” take precedent over serious and increasingly urgent policy discussions about how we define success for schools in this state. We have not done enough. DESE has not done enough. We have been coasting, and our students have been suffering. That must end.

Over the next two years, with the help of many of you, including Senator Koenig, Senator Arthur and Senator Eslinger, we are going to reimagine and lay the groundwork for implementation of a new blueprint for achieving success in our public education system. We will no longer turn our heads while half or more of our kids graduate high school with a 4th graders reading ability and the ability to do math like a 6th grader.

In Missouri, world-class schools should be treated and funded like world-class schools. World-class teachers should be paid like world-class teachers.

We can no longer insist on a one-size-fits-all method of defining success for our schools to cover up for underperforming buildings and districts. We cannot continue to cover up failure. We must instead redefine and reward excellence in our schools.

Missourians are common-sense folks with an independent streak...and as a Republican from Columbia, I may recognize and appreciate that reality as much as anyone here. Missourians have sent veto-proof majorities of Republicans to the House and the Senate for more than a decade now, but they have also implemented a number of policies through the initiative process championed and cheered for by those on the political left. Through this process, our constitution has been inundated with words and policies about bingo and marijuana that belong in our statute books and not in our state’s guiding document.

We will make it a priority of this Senate to raise the bar for entrance into our constitution. While I have no desire to make it harder for citizens to have a voice through the initiative process through increased and unnecessary hurdles to jump over, I simply and firmly believe that the threshold for adding or changing our Constitution should be higher than a simple majority. In looking backward, if this threshold would have been in place, some policies championed by Republicans and others by Democrats that passed would have failed, and some would have passed. For me, this isn’t political...it is just common sense.

Over the next two years, it is my hope that we as a body will spend less time trying to convince Missourians what they should care about and more time listening and understanding what they actually do care about. This job is not about us. It is about the people who sent us here.

On March 2, 1955, a young black woman was arrested for refusing to give up her seat on a bus to a white man in Alabama. Civil rights leaders and the ACLU rushed to her side and began the process of making her the face and symbol of segregation in the south. Her name was Claudette Colvin. However, as an unmarried and pregnant 15 year old, civil rights leaders and the ACLU decide Colvin wasn’t to be their standard-bearer in the fight against segregation. Eight months later, Rosa Parks happens, but during those eight months, a brilliant and charismatic young minister gets the attention of the community and is chosen to lead the bus boycotts. If Claudette Colvin doesn’t get pregnant and the movement doesn’t wait for eight months, Martin Luther King Jr is a preacher from Alabama that you have never heard of.

Senators — things happen for a reason. There is a plan and a purpose for our existence in this moment and in this season. We must do everything in our power to meet the challenge of this moment.

That means we care more about the policy than we do the personality.

That means we work toward retiring revenge, and not recycling it.

And that means we must break the cycle of governing by fear and half truths.

We are part of something bigger than ourselves here in the Missouri Senate. Each individual Senator has tremendous power, but that power is so much more valuable for the people of Missouri if it is harnessed together.

There will be days where we agree. There will be days when we disagree.

There will be days when we laugh, and some when we cry.

But each of those days is a gift, and one that we must not take for granted.

Dr. King famously said “There comes a time when one must take a position that is neither safe, nor politic, nor popular, but he must take it because conscience tells him it is right.”

Those words undoubtedly were motivated and guided by the words we find in the book of Micah — “the Lord has told you what is good, and this is what he requires of you: to do what is right, to love mercy, and to walk humbly with your God.”

The 34 of us have the potential to do generational good. To make the world better for the next generation of Missourians. The decisions that get us there may not always be the politically expedient ones, but they will always be the right ones.

Thank you from the bottom of my heart for the chance to serve you and the people of the Show-Me State in this way.

God bless you, and God bless the great state of Missouri.

President Kehoe assumed the Chair.

Senator Rowden nominated Kristina Martin for Secretary of Senate.

As we travel back to our homes let us not be distracted from the responsibilities You have given us and those You have given us to love. And Lord, may we always give thanks for Your presence in our lives and seek You daily in our prayers and worship of You, our God. In Your Holy Name we pray. Amen.

BE IT RESOLVED by the Senate of the One Hundred Second General Assembly, First Regular Session, that the Senate Rules be amended to read as follows:

“Rule 29. 1. Senate offices and seats in the senate chamber shall be assigned [by the committee on administration to the majority and minority caucuses. Each caucus shall make office and senate seat assignments on the basis of seniority as defined in this rule, unless otherwise determined within a caucus] **on the basis of seniority**, except that Rooms 326 and 327 shall be known as the president pro tem’s office and shall be occupied by the senate’s president pro tem. Except for the outgoing president pro tem, who is required to vacate the designated pro tem’s office, no senator shall be required to relinquish any office or seat once assigned to him.

2. Seniority shall be determined [by each caucus] on the basis of length of service, **with members of the majority party being senior to members of the minority party having the same length of service**. Length of service means:

CONCURRENT RESOLUTIONS

Senator Moon offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 1

Whereas, American farmers and ranchers raise the best meat in the world; and

Whereas, Americans should have the right to knowingly buy made-in-America products; and

Whereas, American farmers, ranchers, workers, and consumers benefit from transparency on the origins of their food; and

Whereas, consumers have repeatedly and overwhelmingly expressed their support for country of origin labeling of food products in the United States; and

Whereas, in 2008, the United States Congress overwhelmingly passed mandatory country of origin labeling for muscle cuts and ground meat sold at retail, requiring meat produced from imported livestock or imported boxed meat to bear a different label from meat produced from United States born, raised, and slaughtered livestock; and

Whereas, trade groups and the organizations representing multinational meat packers worked predominantly with Canada, as well as Mexico, to bring a World Trade Organization case against the United States for the removal of the country of origin labeling requirements; and

Whereas, in 2015, the United States Congress repealed the country of origin labeling law for beef and pork, reducing the competitive advantage of products born, raised, and slaughtered in the United States; and

Whereas, the United States has the highest food safety standards in the world, while other countries place less emphasis on food safety; and

Whereas, foreign commodities like beef and pork are misleadingly labeled “Product of the USA” if they are processed or packed in the United States; and

Whereas, country of origin labeling gives producers and consumers the ability to distinguish true American products from foreign imported meat; and

Whereas, technological advancements make it possible to accurately and efficiently identify the origins of beef and pork without costly separation of imported and domestic commodities; and

Whereas, country of origin labeling is good for farmers, ranchers, workers, and meat packers because it allows them to identify their products as born, raised, and slaughtered in the United States; and

Whereas, the Missouri General Assembly supports American products, and consumers deserve the right to know the origins of their food:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby support the right of consumers to know the origins of their food, support the use of country of origin labels, and urge the United States Congress to reinstate mandatory country of origin labeling; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of Missouri’s Congressional delegation.

Senator Moon offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 2

Whereas, in the American system, sovereignty is defined as “final authority”, and the people, not government, are the sovereign; and

Whereas, the people of the great State of Missouri are not united with the people of the other forty-nine states that comprise the United States of America on a principle of unlimited submission to their federal government; and

Whereas, the Constitution of the United States clearly establishes that all power not delegated by the people to government is retained by the people and the States; and

Whereas, the people of the several States comprising the United States of America created the federal government to be their agent for those purposes specifically enumerated in the Constitution; and

Whereas, the Tenth Amendment to the Constitution of the United States explicitly declares: “The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people”; and

Whereas, the Tenth Amendment thus affirms that the total scope of federal power is only that which is specifically delegated by the people to the federal government in the Constitution of the United States and can go no further than what is necessary and proper to carry into execution those specifically enumerated powers; every non-enumerated power is deliberately left to State governments or the people themselves; and

Whereas, powers, too numerous to list in this resolution, have been exercised, past and present, by federal administrations, under the leadership of both Democrats and Republicans, to transgress the lines drawn by the Constitution of the United States; and

Whereas, when powers that have not been delegated to the federal government are assumed and exercised over the States and their people, as the Declaration of Independence affirms, “it is their right, it is their duty, to throw off such government” usurpation and infringement into those areas, lest the people of this State be placed under the dominion and control of those who wrongly have usurped those rights; and

Whereas, numerous opinions delivered by the Supreme Court of the United States have been wrongly deemed the supreme law of the land when no actual law was passed by the only authority that is constitutionally authorized to make law: the United States Congress; and

Whereas, the President of the United States has issued Executive Orders reaching outside the constitutionally-specified limits of the jurisdiction of the Executive Branch of government and these orders have also been wrongly interpreted and enforced as the supreme law of the land:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby affirm the sovereignty of the people of the State of Missouri in those areas protected by the Tenth Amendment to the Constitution of the United States; and

Be It Further Resolved that this Resolution shall serve as a notice to the federal government to cease and desist activities outside the scope of its constitutionally-delegated powers; and

Be It Further Resolved that there is hereby created the “Joint Committee on the Review of Federal Overreach”, which shall have as its charge to identify specific federal laws and regulations outside the scope of the powers delegated by the people to the federal government in the Constitution of the United States and that thus infringe on the proper powers of the State; and

Be It Further Resolved that the Joint Committee shall be composed of five members of the Senate, with no more than three members of one party, and five members of the House of Representatives, with no more than three members of one party. The Senate members of the Joint Committee shall be appointed by the President Pro Tempore of the Senate and the House members by the Speaker of the House of Representatives. The Joint Committee shall select either a chairperson or co-chairpersons, one of whom shall be a member of the Senate and one a member of the House of Representatives. A majority of the members shall constitute a quorum. Meetings of the Joint Committee may be called at such time and place as the chairperson or co-chairpersons designate; and

Be It Further Resolved that the Joint Committee may hold hearings as it deems advisable and may obtain any input or information necessary to fulfill its obligations. The Joint Committee may make reasonable requests for staff assistance from the research and appropriations staffs of the House and Senate, but is not authorized to hire additional staff; and

Be It Further Resolved that the Joint Committee may prepare a final report, together with its recommendations for any legislative action deemed necessary, for submission to the General Assembly by December 31, 2023, at which time the Joint Committee shall be dissolved; and

Be It Further Resolved that members of the Joint Committee and any staff personnel assigned to the Joint Committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the Joint Committee; and

Be It Further Resolved that the actual expenses of the Joint Committee, its members, and any staff assigned to the Joint Committee incurred by the Joint Committee shall be paid by the Joint Contingent Fund; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, each member of the Missouri Congressional delegation, and the presiding officer of each of the legislative houses in the several states.

Senator Moon offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 3

Whereas, motorcycle ridership has continued to increase over time, with registrations growing from 3,826,373 in 1997 to 8,600,936 in 2015; and

Whereas, as of August, 2016, the ongoing National Motorcycle Profiling Survey 2016, conducted by the Motorcycle Profiling Project, found that approximately one-half of the motorcyclists surveyed felt that they had been profiled by law enforcement at least once; and

Whereas, complaints surrounding motorcycle profiling have been cited in all fifty states; and

Whereas, nationwide protests to raise awareness and combat motorcycle profiling have been held in multiple states:

Now Therefore Be It Resolved that the members of the Senate of the One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby:

Continue to transform our hearts and thoughts that we might deal creatively with the new demands that will be put before us this session. And may we seek to follow the path You have laid out before us. In Your Holy Name we pray. Amen.

The Senate met pursuant to adjournment.

“The Heavens declare the glory of God; and the firmament shows His handiwork.” (Psalm 19:1)

Gracious God, as we complete our work for this day and return home, help us see all that You provide and the majesty of what You have created that proclaims these gifts to us. Help us be good stewards of the resources given to us and share them with others. And may we use this time at home to show love to those You have given to us and in prayer with You our God. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

SENATE RESOLUTION NO. 22

NOTICE OF PROPOSED RULE CHANGE

Notice is hereby given by the Senator from the Fifth District of the one day notice required by rule of intent to put a motion to adopt the following rule change:

BE IT RESOLVED by the Senate of the One Hundred Second General Assembly, First Regular Session that the Senate Rules be amended to read as follows:

"Rule 91. Every senator who is within the bar of the senate when a question is put shall assume his or her seat, and shall vote when his or her name is called unless the senator, for special reasons, excuses himself or herself from voting. A senator shall seek to excuse himself or herself from voting before the senate divides, or before the call for yeas and nays is commenced. In taking the yeas and nays, each senator shall declare distinctly his or her vote yea or nay. In the event a senator within the chamber refuses to cast his or her vote, then, at the direction of the president, he or she shall be removed from the chamber and such action noted in the Journal. **Any senator who is on active military duty on any day when the senate is in session may submit a letter to the secretary of the senate informing the secretary of the dates from which the senator shall be absent from the senate. Such letter may also authorize the floor leader of the party to which the senator is a member to vote in the senator's absence on all matters requiring a roll call vote. Upon receipt of such letter, the secretary of the senate shall make such letter a part of the journal of the senate for the days in which the senator shall be absent and the designated floor leader shall vote for such senator when the senator's name is called during a roll call vote.**"

CONCURRENT RESOLUTIONS

Senator McCreery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 5

Whereas, American farmers and ranchers raise the best meat in the world; and

Whereas, Americans should have the right to knowingly buy made-in-America products; and

Whereas, American farmers, ranchers, workers, and consumers benefit from transparency on the origins of their food; and

Whereas, consumers have repeatedly and overwhelmingly expressed their support for country of origin labeling of food products in the United States; and

Whereas, in 2008, the United States Congress overwhelmingly passed mandatory country of origin labeling for muscle cuts and ground meat sold at retail, requiring meat produced from imported livestock or imported boxed meat to bear a different label from meat produced from United States born, raised, and slaughtered livestock; and

Whereas, trade groups and the organizations representing multinational meat packers worked predominantly with Canada, as well as Mexico, to bring a World Trade Organization case against the United States for the removal of the country of origin labeling requirements; and

Whereas, in 2015, the United States Congress repealed the country of origin labeling law for beef and pork, reducing the competitive advantage of products born, raised, and slaughtered in the United States; and

Whereas, the United States has the highest food safety standards in the world, while other countries place less emphasis on food safety; and

Whereas, foreign commodities like beef and pork are misleadingly labeled "Product of the USA" if they are processed or packed in the United States; and

Whereas, country of origin labeling gives producers and consumers the ability to distinguish true American products from foreign imported meat; and

Whereas, technological advancements make it possible to accurately and efficiently identify the origins of beef and pork without costly separation of imported and domestic commodities; and

Whereas, country of origin labeling is good for farmers, ranchers, workers, and meat packers because it allows them to identify their products as born, raised, and slaughtered in the United States; and

Whereas, the Missouri General Assembly supports American products, and consumers deserve the right to know the origins of their food:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby support the right of consumers to know the origins of their food, support the use of country of origin labels, and urge the United States Congress to reinstate mandatory country of origin labeling; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare properly inscribed copies of this resolution for each member of Missouri's Congressional delegation.

Senator Arthur offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 6

Relating to SCN2A awareness day.

Whereas, mutations of the SCN2A gene are the leading single cause of neurodevelopmental disorders such as autism, childhood seizures, and intellectual disabilities; and

Whereas, SCN2A disorders are also associated with a spectrum of syndromes ranging from severe, life-threatening conditions to developmental delays, including sleep disturbances, gastrointestinal dysfunction, movement disorders, pain, and dysautonomia; and

Whereas, research predicts that approximately one in nine thousand people will be diagnosed with SCN2A-related disorders; and

Whereas, while SCN2A-related disorders can be easily identified by DNA testing, SCN2A-related disorders frequently go undetected due to a lack of awareness, even within the medical community; and

Whereas, the field of study of SCN2A-related disorders is growing, but additional studies are needed to develop therapies and treatments:

Now, Therefore, Be It Resolved by the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate February 24 of each year as "SCN2A Awareness Day" in Missouri; and

Be It Further Resolved that the General Assembly encourages all residents of this state to participate in activities and wear purple, blue, or green on this day to bring awareness of these conditions and the need for treatment; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Help us be good stewards of the resources given to us and share them with others in need. May we show love to one another so we may get to know one another and be in prayer with You our God. In Your Holy Name we pray. Amen.

Journal of the Senate

FIRST REGULAR SESSION

EIGHTH DAY - WEDNESDAY, JANUARY 18, 2023

The Senate met pursuant to adjournment.

Senator Hough in the Chair.

Senator Fitzwater offered the following prayer:

Dear Heavenly Father who dwells in and through everything, great is Your name! May Your will be done in these halls even today, as we seek to redeem our days and Your world through grace and peace just as it is in Heaven. Today, provide all the things we need to sustain a desire to glorify You, while allowing us the boldness to forgive and seek forgiveness for our wrongs, just as You've forgiven us. And please give us a clear vision, one that honors You and doesn't lead us down the wrong paths that only create hardship for ourselves and our state. For Yours is the kingdom, the power, and the glory forever and ever, Amen.

The Pledge of Allegiance to the Flag was recited.

2023 STATE OF THE STATE ADDRESS – NOT DONE YET

GOVERNOR MIKE PARSON

Thank you Lieutenant Governor, Mr. Speaker, statewide officials, Judges of the Missouri Supreme Court, and state legislators.

It is an honor to be joined by the First Lady as I stand before you again today as the 57th Governor of the Great State of Missouri.

Today, I stand here with excitement and a renewed sense of optimism for the future of Missouri and its people.

This past year was one of opportunity. We recognized that. Took advantage of that. AND now we are reaping the benefits...both today and tomorrow.

By working together, we've done better than before. We've established a new baseline of service for state government. We've set a **new standard** for the people of Missouri.

Together, we've moved billions of dollars in investments across this state. Whether you live in Kansas City or St. Louis...Kennett or Rockport... grow corn or cotton...vote left, right, or center...We've left no community behind.

We are building a bench in this state that will continue the tremendous successes we are seeing. AND that means a bench that SEES everyone, that INCLUDES everyone, and is FOR everyone.

Teachers and police officers...state workers and factory workers... every hard-working Missourian is critical to the continued success of our state. Every year, we've supported them, invested in them, and we must never quit on them.

Last year, I stood before you and proclaimed that Missouri is Strong Today and will be Even Stronger Tomorrow. Well this year, I'm here to tell you that tomorrow has arrived...

Missouri IS Stronger today, and we're going to continue what we've started...Because THIS Governor isn't done yet...**WE... ARE...NOT... DONE... YET!**

This past year, words like "historical" "largest ever" and "most in history" seemed to become permanent parts of our vocabulary...whether it was workforce development, education, infrastructure, mental health, public safety, or agriculture...these words applied to all.

In October, we concluded a historic special session with the passage of the **largest** income **tax cut** in our state's history.

We cut the tax rate and simplified the tax code for all Missourians. Missourians work hard, they provide for their families, pay their bills, and pay their taxes. AND they deserve to keep their hard-earned money.

This tax cut means that our administration will have cut Missourians' taxes **three times** and by **20 percent**. Money that can help put gas in the car, food on the table, or saved for a rainy day. It means more money in our economy.

We thank Senator Koenig, Senator Hough, and Representative Smith for their leadership as well as everyone in this chamber who voted for and fought for this tax cut.

In Missouri...when the coffers are full from a booming economy, growing businesses, and job creation...we don't spend for the sake of spending like we see in Washington D.C....we spend what is necessary for our growth...for the future...and put more money back in Missourians' pockets **where it was EARNED**...and **where IT BELONGS**.

During that same special session, we also secured opportunity and support for our state's number one economic driver...agriculture.

I am an Ag Governor and this administration will always stand up for our Missouri farmers and ranchers. AND we challenged legislators who **say** the same to **do** the same...

By working together with the leadership of Senator Bean and Representative Pollitt, we put politics and special interests aside and passed long term extensions for our critical agriculture tax credit programs...

Programs that create jobs, promote farm and business innovation, and help add value to our Missouri Grown products.

Despite the roadblocks, political games, and those who stood against agriculture... support for our farmers and ranchers could not be denied. AND we appreciate everyone who took a stand and offered your support for those who feed and fuel our economy.

While tax cuts and support for agriculture are huge wins...you have probably noticed, MISSOURI IS ON THE MOVE.

Our economy is booming. Businesses are investing, growing, and creating jobs in our state.

Thanks to our focus on workforce development and infrastructure, we have achieved countless economic wins.

In 2022, our unemployment rate fell to 2.4 percent...the lowest rate ever recorded in the history of the State of Missouri, and it remains historically low today.

While the federal government tried to solve an inflation problem with more spending, we got to work creating jobs and securing business investment.

This year, we celebrated business announcements all across the State of Missouri...

In total, more than **\$2.9 billion dollars** and **nearly 5,000 new jobs** were created by businesses that utilized our state programs, like Missouri One Start.

Since its reform in 2019, Missouri One Start has trained nearly 130,000 workers for companies of all sizes.

Its success is why we are continuing our investment of \$27 million dollars for additional Missouri One Start training projects to help recruit and train skilled workers for companies choosing our state.

AND we are proud that **Missouri ranks 1st in the United States for our low cost of doing business...**

Whether it is investments in Missouri One Start, broadband, education, or so on, by prioritizing infrastructure and workforce development, companies are choosing our state to invest.

Some of the first things we are asked about on our Trade Missions is our progress on infrastructure, education, workforce, and our cost of doing business.

In fact, from our Trade Missions alone, we have been able to achieve over **1,000 jobs** and more than **\$1 billion dollars** in business investment for Missouri.

AND WE ARE NOT DONE YET

Infrastructure

Last year, we made one of the largest investments in broadband expansion across our state.

Thanks to our efforts, nearly **70,000 under-served** homes and businesses across our state **NOW have broadband**.

BUT we know we can't stop now. That is why we are investing an additional \$250 million dollars to do even more.

If we can put electricity in every home, we can do the same with broadband today.

We are not done until **every** home, **every** school, **every** business, and **every** farm has access to quality internet.

Not only is broadband important so is our vast transportation network.

But this year, we learned the hard way that we must do more to improve transportation safety.

Over the summer, an Amtrak passenger train derailed near the small town of Mendon, killing four and seriously injuring dozens of others.

Thankfully in this instance, small town America rose to the occasion. Neighbors helping neighbors, strangers helping strangers...the Mendon community represented the best of our people...the best of our state.

AND on behalf of all Missourians...I want to thank them...

While the power of our people and the goodness of their character made a bad situation a little better this time, the state must be proactive and help prevent a similar situation again.

That is why we are including \$35 million dollars to begin updating railway crossings to modern day safety standards **ALL ACROSS OUR STATE...**

When I became Governor, we worked with all of you and set out to repair or replace 250 of our state's poorest bridges, and we are happy to report that 222 have already been completed, and the remaining bridges will be under contract by March.

We have also set out to address crumbling roads in rural areas. Thanks to our rural routes program established in last year's budget, 1,700 lane miles of low volume roads in the poorest conditions will be resurfaced by the end of June of this year.

AND we are extremely proud of our Transportation Cost-Share which has awarded 28 local transportation projects with the funding to improve roads and bridges and bring economic development to their areas.

Through our \$75 million dollar investment and partnering with both public and private entities, we have leveraged more than \$175 million dollars in new projects all across our state, from the most rural areas to our urban areas.

As you can see, our infrastructure investments are making a real difference for Missourians in our state.

AND one project in particular we want to highlight is the I-270 North project in St. Louis...one of the largest investments ever in our state's history.

This project not only represents stronger infrastructure...it demonstrates the opportunities that these projects can bring to hard-working Missourians.

Involved with the I-270 project is Project Pave. A STEM program that works to mentor, teach, and support students in North St. Louis County high schools. These students get to pursue interests in highway design, engineering, and construction.

AND here with us today is Christian Malloyd.

Christian was an intern with Project Pave and secured full-time employment with Mill-stone Weber as an IT Technician **directly out of high school**...

AND that is exactly what we are trying to achieve.

Would you please help me in welcoming Christian and his fellow Project PAVE students to the chamber today?

While we might have thought we were just putting asphalt on roads or steel over waterways, what we're really doing is supporting the future.

These investments create REAL jobs that provide REAL careers... to support REAL families and REAL futures.

AND WE ARE NOT DONE YET

For years, congestion, traffic accidents, and delays have become serious issues for commuters on I-70. Not only are we concerned for motorist safety, these inefficiencies are costly to our state's economy. AND we must invest to improve I-70.

To those who say we can't afford it, I say we can't afford not to.

This year, we are requesting \$859 million dollars... the largest investment in decades... to widen and rebuild the I-70 corridor and take the first step in adding a third lane across our state.

This is a once in a lifetime opportunity.

And the **TIME...IS...NOW**.

Education/Workforce Development

Now, as a product of public education, the father of a school teacher, and grandfather of a first-year school teacher and preschooler, I know the American Dream could not be possible for so many without a quality education.

This year, we will again fully fund the foundation formula with an additional \$117 million dollars to ensure Missouri schools are receiving the support they need.

But as I've said, we've set a new standard in this state. AND that includes a new standard of accountability for our students, teachers, and administrators across the state.

Last year, we funded our part of school transportation for the first time in more than two decades, and **we aren't one and done.**

This year, we are again investing \$233 million dollars for school transportation to ensure our kids can get to and from school safely.

Additionally, last year, in working with the General Assembly, we funded the Career Ladder Program. Nearly 140 school districts participated and over **11,000 veteran** school teachers received an increase in pay.

This year, we are again funding the program with an additional \$32 million dollars to continue the state's part and benefit more Missouri teachers.

Another program we are very proud of is our Teacher Baseline Salary Grant program, which raised baseline teacher pay from \$25,000 dollars to \$38,000 dollars per year.

A total of 356 Missouri school districts participated in the program and provided pay increases to more than 6,000 school teachers.

Clearly this program is making a difference, and we are committed to continuing it for teachers like the one joining us today.

In the upper gallery is one of the teachers we had the pleasure of meeting. She's a first grade teacher from Meadville R-4 School District located in Linn County.

She's a second year teacher and received a nearly **\$7,000 dollar** pay increase thanks to our baseline teacher pay program. She was able to move out of her parents' house, get married, and begin pursuing a master's degree.

Mrs. Fluckey is a great example of the majority of our educators who do it for the right reasons. She represents our educators who certainly don't do it for the money, but do it for our children and the future of our state.

Would you please join me in giving Mrs. Fluckey and all our Missouri educators a round of applause?

We also know that early childhood care is essential to our state's success.

We've already invested nearly \$1 billion dollars to improve our child care network and create more options for more Missouri families.

BUT WE ARE NOT DONE YET

We know child care remains a struggle for many parents and businesses. Child care providers often have to limit their hours due to staffing shortages or increase their prices...this poses a real challenge to parents as they weigh the decision **to work or stay home.**

Prior to COVID-19, more than 50 percent of Missouri residents lived in an area with a shortage of child care. We know that problem has only worsened with one-third of facilities no longer open after the pandemic.

We need to do better...for our parents, children, providers, and businesses.

Joining us today is Sharon Winton, the Director of Discovery Place child care right here in Jefferson City.

Ms. Winton stayed the course and kept her doors open...even as enrollment declined and revenue fell...

Even with her determination and passion for serving Missouri families... overcoming the challenges she faced might not have been possible without the state programs and services our Office of Childhood provides.

Would you please join me in recognizing Ms. Sharon Winton, the children of Discovery Place, and all those who care for our children across the state?

Now...Ms. Winton faces the opposite issue...more and more families are seeking child care options. AND while she would love to help, she simply does not have the resources, space, or staff to accommodate.

To help address this issue, we are proposing three new child care tax credit programs.

These programs will help improve child care facilities, support employers who support their workers with child care assistance, and allow more of our dedicated child care workers to earn a pay increase.

We are also investing more than \$78 million dollars to increase Child Care Subsidy rates to child care providers across the state...

Together these actions will help more child care providers to start their business, stay in business, or expand their business.

BUT we are not stopping there...

Missouri's own Susan Blow established the first school kindergarten right here in the State of Missouri, and we want to expand on those efforts started so long ago.

This year, we are here to announce our plan to invest \$56 million dollars to begin expanding Pre-Kindergarten options to ALL low-income Missouri children.

Under this program, 50 percent of all our families with pre-k students will be able to enroll their children in expanded programs through their local school district or charter school at no cost.

There is a clear need to do better when it comes to early childhood. Let's meet this moment for Missouri kids, families, and businesses!

Now, for our non-college students or Missourians seeking a new career path...

We are investing \$3 million dollars in Apprenticeship Missouri to expand apprenticeship opportunities with a focus on IT, public health, education, and public safety, among others.

These programs are a great way for Missourians to learn a new skill and earn a good-paying job...right out of high school.

Thanks to this program, we are happy to report that we were able to achieve our goal of creating 20,000 new apprenticeships THREE years ahead of schedule.

AND thanks to this program we are NOW 3rd in the United States for apprenticeships opportunities.

This year, we are seeking \$2.2 million dollars for our 27 job centers across the state. With more than 195,000 job openings in Missouri...we must make sure Missourians who need a job get a job.

Additionally, to further support career opportunities for our young people, we are requesting \$500,000 dollars for our Jobs for America's Graduates to help more high school students further their education or go directly into the workforce.

For college bound Missourians, we are increasing core funding to our Community Colleges and 4-year institutions, by seven percent... the largest increase in more than 25 years.

Additionally, we are investing another \$275 million dollars for capital improvement projects on our college campuses...

We are also proposing an additional \$800,000 dollars for our Fast Track program to ensure that any qualified person seeking a scholarship is able to receive it.

For our high school seniors wanting to further their education, we are also again fully funding A+ scholarships.

AND to help promote workforce development on college campuses, we are recommending \$38 million dollars for our MoExcels program to expand employer-driven education and training programs.

Together, these investments will help our colleges and universities keep up with the educational demands of both today and tomorrow.

We all know manufacturing is a leading industry in our state. In fact, we rank 4th in the United State for new manufacturing facilities.

But a serious hurdle for our manufacturing companies here in Missouri and across the nation is the semiconductor chip supply chain.

To address this issue...for the first time...we are dedicating \$25 million dollars for research, program development, and training to increase our competitiveness for semiconductor manufacturing right here in Missouri.

The last thing we want is to rely on China when we CAN and WILL do it right here in Missouri.

Government Reform

These investments in infrastructure, workforce, and education cannot be achieved without a functioning and efficient state government...

AND the dedicated leaders in my Cabinet. Would members of my cabinet please stand to be recognized for all you do on behalf of the people of Missouri?

While businesses build their bench...we need to build the bench in state government.

As many of you know, the recruitment and retention of state employees has been a severe problem for our state. AND while we have made considerable advancements like wage increases, deferred compensation, and professional development opportunities...

MORE is needed.

Supporting our state workers means supporting the people of Missouri...AND **we are not done yet**.

This year, as part of our supplemental budget, we are requesting an immediate **8.7 percent** cost of living increase for our state employees.

For anyone who can't already see the dire need for this action, we want to be clear, this is not state government setting the market...this is merely an attempt by state government to stay competitive **with** the market.

If we allow state government to fall behind, we allow Missourians to fall behind.

With more than 7,000 positions open across state government, **this wage increase is necessary... and it is the MINIMUM we must do...**

On behalf of all state employees, I ask for your **full support** to pass this increase and **deliver it to my desk by March 1**.

We also want to improve the services we provide through our agencies like the Children's Division. This Division is critical to the health and safety of some of Missouri's most vulnerable children, yet it is critically understaffed and under-resourced.

By investing \$22 million dollars we can help alleviate the strain, hire more employees, and support struggling families and children.

We must do more and do better for our children, our families, and the future of our state.

We've come a long way... BUT for Missouri to stay on the move...so does state government.

Health Care/Mental Health Care

In 2022, fresh out of the grips of COVID-19, we understood the need to do better in this state when it comes to health and mental health care.

Last year, we made historic investments in health and mental health, including the new **State One Health Lab**, which states across the nation are using as a model for their own plans.

Now...frankly, an area in which we are heartbroken to be failing is maternal mortality. Currently, Missouri ranks 44th in the United States for our abnormally high maternal mortality rate.

This is embarrassing and **absolutely unacceptable**.

We are determined to change this. AND we are requesting \$4.3 million dollars to allow the Department of Health and Senior Services to implement a new maternal mortality plan.

DHSS estimates that 75 percent of maternal deaths are preventable with at least one meaningful change to treatment, whether directly to the patient or through the provider, community, or health care system.

We refuse to accept this tragic Missouri statistic. We must do better. If we can't get it right for the mothers and children across our state, we might as well pack our bags and let somebody else occupy our seats.

Let's support our **mothers**, let's support our **children**, let's support **the future of Missouri**.

This year, we are also proposing an additional \$3.5 million dollars to increase the number of youth behavioral health liaisons across our state. This initiative will fund 27 liaisons to help our youth in crisis and receive the treatment they need.

It is needed, it is wanted, and more importantly...It is helping keep our kids SAFE, IN school, and OUT of the system.

Here with us today is Leah Crawford. Last year, she was observing a change in her daughter's behavior and mood. Her daughter, Jewel, was carrying so much hate and anger - things that no child should have to suffer through.

Recognizing a need to do something, Leah took her daughter to Phallin Thornton, one of our youth behavioral liaisons. It was because of Phallin that Leah felt her daughter was finally opening up and making a change for the better.

After a visit with Phallin, she was smiling again... laughing again... being a child again.

This is the real difference this program is making for our kids across the state.

We are grateful to have Leah, Jewel, and Phallin with us here today. Would you please stand to be recognized?

This year, to address the severe shortage of Certified Nursing Assistants all across our state, we are proposing nearly \$4 million dollars to boost C-N-A training and programs.

With this increase, we expect 4,000 additional students to gain C-N-A training and employment at a long-term care facilities and other medical facilities, including our Missouri Veterans Homes.

We owe it to Missourians to provide them with quality care, and C-N-As are critical to that mission.

AND we also want to thank all of our doctors, nurses, and health care professionals across our state who care for our citizens.

Public Safety

We must also always look to improve when it comes to public safety in our state.

Unfortunately, our home, schools, and communities are not immune to violence. BUT it's our jobs... the individuals in this building to do what we can to promote a safer Missouri.

This past year, we saw violence and shootings plague schools and communities across the nation, and sadly our state was no exception.

The events that unfolded at Central Visual & Performing Arts High School just a few months ago were nothing short of tragedy.

As friends and family mourn, a community grieves, and a school tries to continue on without a valued and beloved teacher and student...we must recommit ourselves to ensuring our schools are safe.

While we will never understand or control the violence of these deranged individuals, we can look to the school safety officers and law enforcement who got it right that day.

They were prepared...they had a plan...they saved lives and prevented a tragic situation from becoming even worse.

We want to ensure that preparedness and response can be repeated across our state if the unthinkable ever occurs again.

That's why this year we are proposing **\$50 million dollars** for school safety grants to further protect **our children** and **our schools**.

We know that public safety starts with supporting our men and women on the front lines who answer the call... who wake up every day to protect and serve.

BUT we know that law enforcement recruitment has suffered in recent years...AND it is critical that we take action to **build the bench** in law enforcement.

Last year, we established the Missouri Blue Scholarship program to recruit officers across the state.

Already this program has received high interest and success, with 147 Missourians already earning a scholarship.

Joining us today are Rachel Kelley and Samuel Altom.

Rachel always dreamed of becoming a police officer, but like so many...life gets in the way. Now, she can afford the opportunity to pursue her dream and serve her community thanks to our scholarship program.

Samuel has witnessed firsthand that there can sometimes be disconnect and distrust by younger generations towards law enforcement...he wants to help fix that and hopes to one day help recruit and train future police officers.

This scholarship program and the support it provides to people like Rachel and Samuel are perfect examples of how we can help build the bench in law enforcement.

Would you please join me in welcoming Rachel and Samuel?

For anyone willing to step up to protect and serve their communities, we must do everything we can to support them.

AND as I've said...In this state, we support and defend our law enforcement officers, we don't defund them...**AND OUR ADMINISTRATION NEVER WILL.**

Infrastructure, education, workforce development, health care, mental health, public safety...it's not one or the other...it's everything working together that allows a better future for our children and our families.

We have always invested in these priorities... and we always will.

CONCLUSION

For us, it's all about the WHY.

The WHY we aren't done yet...the WHY we CAN'T be don't yet...it's because of our children.

AND joining us on the floor today is the WHY...

Would you please welcome students from Missouri's Blue Ribbon Schools who want to share their American Dream with you...

From Kirkwood...

- Ben Herwick and Julia McDonald want to study business.

From Nixa...

- Meghana Nakkanti wants to study Public Health
- AND Gideon Carter wants to study computer science.

From Eugene Field...

- Carson DeFazio wants to be a soccer coach
- AND Rosalind Martin wants to be a baker.

From Epic...

- Henley Ricklefs wants to be a Veterinarian
- AND Sawyer Burch who wants to join the NFL...AND we're rooting for Sawyer as long he's with the Kansas City Chiefs.

From Dewey...

- Mahlia Wahid wants to study business
- AND Decker Rardon wants to be an engineer.

From Chapel Lakes...

- Cooper Minks wants to be a sports agent
- AND Skylaur James wants to be an Olympic runner.

From Blair Oaks...

- Emmerson Hilty wants to be a teacher and principal
- AND Preston Snitker wants to play professional sports.

AND behind them, we also have children from Discovery Place Daycare who are here to **SHOW YOU** their American Dream.

Let's give these kids a round of applause.

Teresa and I are living our American Dream. Our dream is one of faith, family, and patriotic service. A dream that allowed a rowdy farm boy from small-town Wheatland and a bright and beautiful woman from Bolivar to meet and one day become the Governor and First Lady of Missouri.

For the kids in this room...It's their future, their dreams, THEIR AMERICAN DREAM that we MUST support and fight for...It's our **privilege** and **our responsibility**.

Kids all across our state have hopes, dreams, and ambitions...AND their American Dream can be bolstered and broadened by the decisions we make right here in this building.

Looking at these kids standing here today...I am confident there is nothing we cannot overcome **FOR THEM**.

These children **are the WHY**...If we're not willing to sacrifice for these kids, support their dreams, or stand up for their future, then we must ask ourselves **why are we here?**

The First Lady and I have always believed in and supported the American Dream...and as we enter the final two years of our time as Governor and First Lady the importance of that mission becomes all the more clear.

Like us, the American Dream should be achievable for **ALL...NEVER the exception for SOME**.

Our American Dream was possible because leaders before us looked at you and me...and recognized **we** were worth fighting for.

Today, I ask the same of you...THESE Missouri children are the future. The future of our state, our nation, and our democracy.

If we fail them...then the **failures of tomorrow** are **the failures of today**.

Let's not fail them today, tomorrow, or ever.

This Governor...this Dad... and this Gramps... IS NOT DONE YET...

WE...ARE...NOT...DONE...YET...

It is an honor and privilege to serve as the 57th Governor of the state of Missouri.

God bless you, God bless the great State of Missouri, and God bless the United States of America.

On motion of Senator O'Laughlin, the Joint Session was dissolved and the Senators returned to the chamber where they were called to order by President Kehoe.

SENATE CONCURRENT RESOLUTION NO. 7

Relating to the America 250 Missouri Commission

Whereas, the 250th anniversary of the Declaration of Independence and 250th anniversary of the United States of America are approaching in the coming years; and

Whereas, such anniversaries are worthy of celebration at both the federal and state levels; and

Whereas, in order to effect such a celebration in Missouri, there needs to be a coordinated effort at the state level:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby create the America 250 Missouri Commission; and

Be it Further Resolved that the principal purpose of the Commission shall be to plan, promote, and implement where appropriate public celebrations and commemorations of the 250th anniversary of the Declaration of Independence on July 4, 2026, and the 250th anniversary of the United States of America; and

Be it Further Resolved that the Commission is authorized to cooperate with the United States Semiquincentennial Commission created by Public Law 114-196, other national and state organizations engaged in commemoration and celebration of the United States Semiquincentennial, and other national, regional, state, and local public and private organizations having compatible purposes. It shall encourage various state agencies and organizations to work cooperatively to promote the Semiquincentennial; and

Be it Further Resolved that the Commission shall consider promoting and encouraging as part of its celebratory and commemorative events, electronic media, printed products, symposia, and educational outreach all of the following:

(1) Awareness and understanding of the principles of the Declaration of Independence, of the winning of American independence in the American Revolutionary War, and of the establishment of America's system of constitutional self-government;

(2) Teaching students and increasing public knowledge and appreciation of the breadth of American history and the centuries-long quest for "liberty and justice for all". This includes sharing the stories and contributions of the various people who have populated the land, from indigenous peoples, explorers, British colonists, seekers of religious freedom, enslaved African Americans, and many others who are part of America's stories. This should also include the commemoration of events that occurred in Missouri during the American Revolutionary War period, such as the Battle of Fort San Carlos in what is now the city of St. Louis in 1780;

(3) Advancing the cause of liberty and American self-government and of the meaning of "E Pluribus Unum" ("From many, one"), through promoting civic knowledge and practice, including America's "Charters of Freedom" (the Declaration of Independence, the Constitution, and the Bill of Rights), and the constitutional features of self-government which emphasize the roles of active and engaged good citizens;

(4) Emphasizing the service and sacrifices of veterans of all generations who have secured and preserved American independence and freedom and encouraging Missourians to honor them;

(5) Celebratory and commemorative events and activities throughout the State of Missouri; and

Be it Further Resolved that the membership of the Commission shall consist of thirteen voting members as follows:

(1) The Governor of Missouri who shall serve as chair of the commission;

(2) Two members appointed by the Lieutenant Governor;

(3) Two members appointed by the President Pro Tempore of the Senate and two members appointed by the Speaker of the House of Representatives;

(4) Two members who are Missourians serving on the United States Semiquincentennial Commission as certified by the executive officer of that Commission;

(5) One member who is a representative of the Missouri Society of the Sons of the American Revolution appointed by the Governor;

(6) One member who is a representative of the Missouri State Society Daughters of the American Revolution appointed by the Governor;

(7) Two citizens at large, appointed by the Governor; and

Be it Further Resolved that members shall serve for the life of the Commission, provided any public official's expiration of his or her term shall create a vacancy, and all vacancies shall be filled in the same manner as originally appointed; and

Be it Further Resolved that the appointing authorities shall coordinate their appointments so that diversity of gender, race, and geographical areas is reflective of the makeup of this state; and

Be it Further Resolved that the Commission shall elect its chair, vice chair and any other officers it deems necessary. A majority of the members shall constitute a quorum to conduct business; and

Be it Further Resolved that the Office of Administration shall provide administrative support for the Commission; and

Be it Further Resolved that the Commission, its members, and any staff assigned to the Commission shall receive reimbursement for their actual and necessary expenses in attending meetings of the Commission, with such reimbursement for the legislative members only coming from the Joint Contingent Fund; and

Be it Further Resolved that the Commission shall terminate by either a majority of the members voting for termination, or by December 31, 2027, whichever occurs first; and

Be It Further Resolved that the Secretary of the Senate be instructed to send a properly inscribed copy of this resolution to the Governor for his approval or rejection pursuant to the Missouri Constitution.

CONCURRENT RESOLUTIONS

Senator Roberts offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 9

Whereas, more than 1 in 7 (15% of US adults or 37 million people) are estimated to have chronic kidney disease (CKD) and as many as 9 in 10 adults with CKD do not know they have the disease;

Whereas, kidney disease disproportionately affects communities of color;

Whereas, African Americans are almost four times more likely and Hispanics are 1.3 times more likely to have kidney failure compared to white Americans;

Whereas, although they make up only 13.6% of the population, African Americans make up more than 35% of dialysis patients;

Whereas, 90% of patients with CKD stages 1-3 are undiagnosed and less than 3% of African Americans patients believe that they are at high risk for CKD;

Whereas, CKD, when diagnosed, is often diagnosed in late stages of the disease, after irreversible damage to the kidneys has already occurred;

Whereas, 15% of people diagnosed with CKD are unaware of the cause of their disease;

Whereas, the CDC reports 1,682 Missourians died from kidney disease in 2020;

Whereas, recent scientific advancements have shown that some of the health disparities in CKD have a genetic basis;

Whereas, this genetic risk factor for CKD was discovered in 2010 when scientists learned that people who inherit two variants of the APOL1 gene are at significantly increased risk of developing kidney disease;

Whereas, these APOL1 risk variants are found exclusively in people of sub-Saharan African ancestry, including people who identify themselves as African American, Afro-Caribbean, and Hispanic, as the risk variants originally offered protection from a parasitic disease known as African human trypanosomiasis;

Whereas, 13% of people of African descent carry two APOL1 risk variants, and estimates suggest that up to 1 in 5 people with two APOL1 risk variants will develop kidney disease;

Whereas, APOL1-mediated kidney disease causes high levels of protein in the urine, or proteinuria. This can lead to various symptoms, including swelling in the legs and/or feet, fatigue, and weight gain;

Whereas, research has also shown that the course of kidney disease is more rapidly progressive in individuals with two APOL1 risk variants than in patients without them;

Whereas, the disease may eventually lead to kidney failure, requiring dialysis or a kidney transplant;

Whereas, there are simple tests to diagnose chronic kidney disease, including blood and urine tests, and a genetic test exists to identify the presence of APOL1 risk variants;

Whereas, it is imperative to improve diagnosis and treatment of CKD through community-based programs that address racial disparities in the awareness, diagnosis, and treatment of chronic kidney disease;

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, affirm the importance of:

1. Timely screening of high-risk individuals for chronic kidney disease as well as genetic testing for individuals diagnosed with CKD as appropriate;

2. Expanding and improving disease education, access to care, and access to information and resources for CKD patients, caregivers, and family members; and

3. Addressing financial, logistical, and other barriers for CKD patients and their families that may prevent patients from accessing needed care; and

Be It Further Resolved, that the Department of Health of Senior Services and the Department of Social Services are encouraged to:

1. Provide information and education on CKD targeted towards patients, families, caregivers, and the general public;

2. Support CKD screening programs, referrals for follow up care, and genetic testing as appropriate; and

3. Solicit public feedback on CKD, especially from those who knowledge and experience of CKD, including patients, caregivers, patient advocacy organizations, nephrologists, and primary care providers; and

Be It Further Resolved that a properly inscribed copy of this resolution be transmitted to the Department of Health and Senior Services and the Department of Social Services.

Senator O'Laughlin offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 10

Whereas, Section 29.351 of the Revised Statutes of Missouri provides that during the regular legislative session which convenes in an odd-numbered year, the General Assembly shall, by concurrent resolution, employ an independent certified public accountant or certified public accounting firm to conduct an audit examination of the accounts, functions, programs, and management of the State Auditor's office:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby authorize the employment of an independent certified public accountant or certified public accounting firm pursuant to the provisions of Section 29.351; and

Be It Further Resolved that the audit examination be made in accordance with generally accepted auditing standards, including such reviews and inspections of books, records and other underlying data and documents as are necessary to enable the independent certified public accountant performing the audit to reach an informed opinion on the condition and performance of the accounts, functions, programs, and management of the State Auditor's office; and

Be It Further Resolved that upon completion of the audit, the independent certified public accountant make a written report of his or her findings and conclusions, and supply each member of the General Assembly, the Governor, and the State Auditor with a copy of the report; and

Be It Further Resolved that the cost of the audit and report be paid out of the joint contingent fund of the General Assembly; and

Be It Further Resolved that the Commissioner of Administration bid these services, at the direction of the General Assembly, pursuant to state purchasing laws; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the Commissioner of Administration.

160.041. 1. **Notwithstanding any provision of law to the contrary, every public elementary or secondary school in the state shall attend a five-day school week.** The “minimum school day” consists of three hours [for schools with a five-day school week or four hours for schools with a four-day school week] in which the pupils are under the guidance and direction of teachers in the teaching process. A “school month” consists of four weeks of five days each [for schools with a five-day school week or four weeks of four days each for schools with a four-day school week. The “school year” commences on the first day of July and ends on the thirtieth day of June following.

2. Notwithstanding the provisions of subsection 1 of this section, the commissioner of education is authorized to reduce the required number of hours or days in which the pupils are under the guidance and direction of teachers in the teaching process if:

(1) There is damage to or destruction of a public school facility which requires the dual utilization of another school facility; or

(2) Flooding or other inclement weather as defined in subsection 1 of section 171.033 prevents students from attending the public school facility.

Such reduction shall not extend beyond two calendar years in duration.”; and

Further amend said bill, page 17, section 170.370, line 28, by inserting after all of said line the following:

“171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date, days of planned attendance, and providing a minimum term of at least one hundred seventy-four days [for schools with] **and** a five-day school week [or one hundred forty-two days for schools with a four-day school week], and one thousand forty-four hours of actual pupil attendance. [In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for the school term with no minimum number of school days.] In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. [In school year 2019-20 and subsequent years, such calendar shall include thirty-six

make-up hours for possible loss of attendance due to inclement weather, as defined in subsection 1 of section 171.033, with no minimum number of make-up days.]

2. Each local school district may set its opening date each year, which date shall be no earlier than fourteen calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless, for calendars for school years before school year 2020-21, the district follows the procedure set forth in subsection 3 of this section. The procedure set forth in subsection 3 of this section shall be unavailable to school districts in preparing their calendars for school year 2020-21 and for subsequent years.

3. For calendars for school years before school year 2020-21, a district may set an opening date that is more than fourteen calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than fourteen days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than fourteen calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than fourteen days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

171.033. 1. "Inclement weather", for purposes of this section, shall be defined as ice, snow, extreme cold, excessive heat, flooding, or a tornado.

2. [(1)] A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the days is necessary to ensure that the district's students will attend a minimum of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year except as otherwise provided in this section. [Schools with a four-day school week may schedule such make-up days on Fridays.]

[(2)] Notwithstanding subdivision (1) of this subsection, in school year 2019-20 and subsequent years, a district shall be required to make up the first thirty-six hours of school lost or cancelled due to inclement weather and half the number of hours lost or cancelled in excess of thirty-six if the makeup of the hours is necessary to ensure that the district's students attend a minimum of one thousand forty-four hours for the school year, except as otherwise provided under subsections 3 and 4 of this section.]

3. (1) In the 2009-10 school year and subsequent years, a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

(2) In school year 2019-20 and subsequent years, a school district may be exempt from the requirement to make up school lost or cancelled due to inclement weather in the school district when the school district has made up the thirty-six hours required under subsection 2 of this section and half the number of additional lost or cancelled hours up to forty-eight, resulting in no more than sixty total make-up hours required by this section.

4. The commissioner of education may provide, for any school district that cannot meet the minimum school calendar requirement of at least one hundred seventy-four days [for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week] and one thousand forty-four hours of actual pupil attendance [or, in school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance], upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather or fire.

5. (1) Except as otherwise provided in this subsection, in school year 2020-21 and subsequent years, a district shall not be required to make up any hours of school lost or cancelled due to exceptional or emergency circumstances during a school year if the district has an alternative methods of instruction plan approved by the department of elementary and secondary education for such school year. Exceptional or emergency circumstances shall include, but not be limited to, inclement weather, a utility outage, or an outbreak of a contagious disease. The department of elementary and secondary education shall not approve any such plan unless the district demonstrates that the plan will not negatively impact teaching and learning in the district.

(2) If school is closed due to exceptional or emergency circumstances and the district has an approved alternative methods of instruction plan, the district shall notify students and parents on each day of the closure whether the alternative methods of instruction plan is to be implemented for that day. If the plan is to be implemented on any day of the closure, the district shall ensure that each student receives assignments for that day in hard copy form or receives instruction through virtual learning or another method of instruction.

(3) A district with an approved alternative methods of instruction plan shall not use alternative methods of instruction as provided for in the plan for more than thirty-six hours during a school year. A district that has used such alternative methods of instruction for thirty-six hours during a school year shall be required, notwithstanding subsections 2 and 3 of this section, to make up any subsequent hours of school lost or cancelled due to exceptional or emergency circumstances during such school year.

(4) The department of elementary and secondary education shall give districts with approved alternative methods of instruction plans credit for the hours in which they use alternative methods of instruction by considering such hours as hours in which school was actually in session.

(5) Any district wishing to use alternative methods of instruction under this subsection shall submit an application to the department of elementary and secondary education. The application shall describe:

(a) The manner in which the district intends to strengthen and reinforce instructional content while supporting student learning outside the classroom environment;

(b) The process the district intends to use to communicate to students and parents the decision to implement alternative methods of instruction on any day of a closure;

(c) The manner in which the district intends to communicate the purpose and expectations for a day in which alternative methods of instruction will be implemented to students and parents;

(d) The assignments and materials to be used within the district for days in which alternative methods of instruction will be implemented to effectively facilitate teaching and support learning for the benefit of the students;

(e) The manner in which student attendance will be determined for a day in which alternative methods of instruction will be implemented. The method chosen shall be linked to completion of lessons and activities;

(f) The instructional methods, which shall include instruction through electronic means and instruction through other means for students who have no access to internet services or a computer;

(g) Instructional plans for students with individualized education programs; and

(h) The role and responsibility of certified personnel to be available to communicate with students.

6. In the 2022-23 school year and subsequent years, a school district's one-half-day education programs shall be subject to the following provisions in proportions appropriate for a one-half-day education program, as applicable:

(1) Requirements in subsection 2 of this section to make up days or hours of school lost or cancelled because of inclement weather;

(2) Exemptions in subsection 3 of this section;

(3) Waiver provisions in subsection 4 of this section; and

EIGHTEENTH DAY - MONDAY, FEBRUARY 6, 2023

The Senate met pursuant to adjournment.

The Reverend Carl Gauck offered the following prayer:

“O taste and see that the Lord is good; happy are those who take refuge in him.” (Psalm 34:8)

Marvelous God, we are so grateful for this bright morning and clear and easy drive here this day. Lord, You do provide us with what is truly needed, food for our bodies, work for our minds and love for our hearts that we can share. And the wonders about us tell us You are present and a force gently moving us to do that which is most needful and helpful as we gather this week. May our actions and words bring about the bills required for us to provide the results You desire. In Your Holy Name we pray. Amen.

Journal of the Senate

FIRST REGULAR SESSION

NINETEENTH DAY - TUESDAY, FEBRUARY 7, 2023

The Senate met pursuant to adjournment.

Senator Hough in the Chair.

The Reverend Carl Gauck offered the following prayer:

"I delight to do Your will, O my God; Your law is within my heart." (Psalm 40:8)

Heavenly Father, move our hearts with a peaceful calm that shows us the presence of Your grace in our lives. May we experience the flow of Your love through our souls as we interact with one another knowing You are truly present. Help us to stretch our capacity to love You and one another so no resentment or anger may be found in us. And open the hearts of your people so we may, in the best way possible, respond to the devastation and death among the people in Turkey. And may Your comforting, healing Spirit be given to those who have lost loved ones and those recovering from injury. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

2023 STATE OF THE JUDICIARY

Missouri Chief Justice Paul C. Wilson

Introduction

Speaker Plocher, Lieutenant Governor Kehoe, President Pro Tem Rowden, members of the 102nd General Assembly, statewide office holders, cabinet members and other executive branch officials: thank you for the opportunity to speak with you this morning.

Earlier this year, I had the privilege of speaking to a number of new legislators. It occurred to me, not for the first time, how incredibly difficult your role is. You come to this magnificent building with a lifetime of expertise and achievement in so many separate fields: education, law enforcement, agriculture, business and so many more. You gather from all these diverse backgrounds to take on a new challenge, to help manage one of the largest and most complex businesses there is ... state government.

Of course, there is simply no way you can learn all there is to know about everything the government does ... not in one year, or one term, or one lifetime. So, my job this morning is to try to describe for you the part of government I know best; to tell you who the judicial branch is and what we do.

You all know Government Relations Counsel Patricia Churchill, and Betsy Aubuchon, clerk of the Supreme Court, and you've been introduced to my six colleagues on that Court ... but *we* are *not* the judiciary. Not even close.

The heart and hands of the judicial branch

No, the heart and the hands of the judicial branch are the 400 circuit and associate circuit judges around this state, and the 3,000 clerks, bailiffs, juvenile officers, juvenile detention staff, court reporters, commissioners and all the rest who work, together, to resolve nearly 750,000 cases a year. When you add in all the full and part-time municipal judges and staff, the number of cases nearly doubles.

Together, day in and day out, *these* are the people who do the work of the judicial branch. And none of them work across the street in the Supreme Court building. Instead, they work in local courthouses across the state. They're your friends, your neighbors, and your constituents. The work they do is difficult, often taxing, and it requires them to handle a high volume of work without ever losing the compassion needed to serve their communities one case at a time. *They* are the judicial branch, and they do the work of one of the most important institutions we have.

That's why, to begin with, I want to thank all of you – on behalf of all 3,000 of our court employees – for the efforts you've made to increase their compensation, especially last year. They understand the importance of the work they do, but having pride in what you do just won't fill the gas tank or pay for child care, and it sure doesn't buy any groceries. That's why I join Governor Parson in asking that you pass the recommended cost-of-living adjustment in the FY23 supplemental budget.

This COLA will help make sure the ground these employees gained in recent years isn't lost to inflation. In addition, we are asking you to fund the overtime court clerks are already working to meet the unprecedented obligations imposed by the passage of Amendment 3 last fall.

It's simple: Courts resolve disputes

That's a little about who the judicial branch is, but what really matters is what do we do. We resolve disputes – period. Nearly a million and half times every year, courts apply the law to the facts to resolve the dispute in front of them. The law comes from the people in the form of the state and federal constitutions, and it comes from you in the form of the laws you write, and the local ordinances and administrative regulations you authorize. Judges apply this law to the facts to resolve the disputes brought to them. That's it. Lawyers like to make simple things sound complicated, but that's all we do – figure out the facts of each dispute – who did what to whom – and apply the law to resolve it. Being a judge isn't easy, but it's real simple.

What's so important about the justice system is not merely what we do, it's how much of it we do. And how essential it is to have one place in society where the law controls, where facts are proved with evidence, where truth matters, and where justice prevails.

The framers knew that, in a free society, there would be disputes – not only between citizens, but between citizens and their government, and between different parts of government. That's why our constitution provides for an independent judiciary – to resolve those disputes. The constitution empowers judges *not* because we're blessed with infallible wisdom (we aren't or, at least, I'm not), but because the framers understood the rule of law matters, *someone* must decide, and those decisions need to have the force and effect of law. The framers knew the only alternative was anarchy, and they were right.

Courts are able to fulfill this essential function because the people believe they do. The rule of law matters because the people believe it matters, and because they know the courts are there to defend it.

Now, what do I mean by the “rule of law”? Well, scholars have spent thousands of pages debating that question, but I don’t think it’s that complicated. Think about it this way: every one of us has pulled up to a blinking red stop light in the middle of the night ... with perfect visibility and not another car in sight. We still stop Why? Because we believe so firmly in the rule of law we don’t even consciously think about it.

If that belief falters, if we only follow the laws we agree with, or only when we want to, society won’t be fit for any of us to live in. Everything we do depends on that public trust, and all of us have a stake in protecting and fostering it.

Here’s another, more poignant example. Every Friday night, thousands and thousands of parents in this state shuttle their children across town to the custody of the other parent. Why? Because a judge told them they have to. They don’t do it because they agree with it – they do it because they respect your laws and the courts that enforce them. Due process ensures these people have a right to be heard, but they know, when the judgment is final, that’s it.

And it’s not just family law. Missouri courts resolve thousands of disputes involving businesses and consumers every year. And both sides – those who prevail and those who don’t – comply with those judgments. Not because they agree. One side – and sometimes both sides – can disagree with the court’s judgment. But they comply because they believe in the rule of law and they know no one can do business – at all – without the system of laws you write and the judicial branch to enforce them.

Preserving public trust and confidence

If the public loses its trust in the judicial branch and the rule of law, if we return to the time when might makes right, when the mob rules whether you’re *in* it or being chased *by* it, it will be because we – all of us in this room – failed in our duty to safeguard one of the essential institutions created by our constitution.

The Rules of Professional Conduct for lawyers spell this out clearly. Its preamble states: “A lawyer should further the public’s understanding of and confidence in the rule of law and the justice system [L]egal institutions in a constitutional democracy depend on popular participation and support to maintain their authority.”

But I’m telling you, lawyers and judges can’t do it alone. We need your support. No one in this government has a more direct line of communication to the public than the 200 legislators in this room – our entire form of government is built on that simple fact. You are closer to the citizens of this state than anyone else. More than that, I believe no one has a greater interest than you do in upholding the public’s trust in the judicial branch. We are the ones who apply and enforce the laws you write. So, when you speak to your constituents, remember how important it is for them – and you – to understand and trust your judicial system.

I doubt you agree with every decision the seven of us make, let alone the hundreds of thousands of decisions made every year by trial judges all around this state. I know I don’t. So, if you want to tell your constituents you think we got it wrong, that’s your right. But when you do, take a minute to explain that – even when you think we got it wrong – you know judges are just public servants like you ... doing their best to decide cases based on the facts and their best understanding of the law ... because I promise you that’s true.

I know the judges in this state – I’ve spent most of my professional life working in front of and alongside them. As a lawyer, I won and lost. As a trial judge, I was affirmed and reversed. And, now, sometimes I’m in the majority and sometimes I’m in the dissent. But I have never met a single judge who didn’t do their best to apply the law to the facts to decide each case. They are as committed to the rule of law as you would want them to be, and Missourians deserve to know that. So, I’m asking for your help in preserving and promoting the people’s trust in the rule of law and their judicial system.

Technology is essential to making courts open and accessible

Of course, it takes more than education to foster and protect that trust. We work hard to ensure that those who bring or have cases brought against them are treated fairly and with respect, that their rights are protected, and that they understand what the court is doing and why.

One of the keys to making Missouri courts more open and accessible is the work we have done on court technology and automation. These innovations have not only revolutionized how we work, they’ve fundamentally changed how Missourians interact with their court system.

Today, most traffic cases can be resolved online. Our eJuror system makes more efficient use of citizens’ time when they are called to provide this essential form of public service. Public terminals in every county courthouse, and even in your legislative library, give Missourians access to any public document in their case ... or any case across the state. And, starting this July, we will begin making this same functionality available over the internet so Missourians can access public court documents when and where it’s most convenient for them.

For years, remote video appearances were used mostly in early stages of criminal cases, to avoid the expense and security concerns of transporting defendants to and from jail unnecessarily. But, when the pandemic hit, suddenly these virtual appearances became a necessity for nearly every kind of case. Now, they are a permanent, indispensable part of the judicial landscape. They not only help make judges more efficient, they can make many court appearances more convenient for those we serve.

It is astounding how quickly a cutting-edge innovation becomes an essential part of what we do and how we do it. Things we couldn't imagine yesterday, people simply can't do without today. In recent years, you've supported this work by helping to stabilize the various funding streams for court automation, and this year brings another important step on that path.

The statute imposing a \$7 filing fee for court automation, first enacted way back in 1994, is again up for renewal. Some of the funding for court automation comes from general revenue because the courts serve every Missourian every day, whether they have a case pending or not. Nevertheless, it is fair for those using the judicial system to pay a part of the costs of that system, and this \$7 filing fee – which has *never* gone up in the 30 years we've had it – provides an essential part of the funding for an essential part of our work. I urge you – actually I'm begging you – to renew it this session.

The success of treatment courts

We can also strengthen the public's trust in the judicial system by working with you to find better, more just ways of resolving some of the disputes we see every day in courtrooms around the state. One of the best examples of this collaboration has been the way treatment courts respond to defendants with mental health and co-occurring substance use disorders.

Each treatment court success story means a prison term or a life-altering felony conviction avoided. It means strengthening our communities by helping one person at a time break the cycle of addiction before it lands them in prison. But even more important, every one of these success stories means a family restored, not shattered; a constructive life returned to society, not lost to incarceration; and – so many times – it means a parent who is there to play a meaningful role in their children's lives, not someone those kids see through a piece of plexiglass only once a month, if at all.

The return on investment you've made in treatment courts has exceeded every expectation, and the future is even brighter. Not only do treatment courts save money, they're a better and more just way of handling these offenses.

Impacts of the mental health crisis

But treatment courts can't solve every problem. Increasingly, Missouri courts are finding themselves on the front lines of a growing mental health crisis in this country. Too often, we are confronted with individuals manifesting mental health conditions so profound they are not even competent to stand trial. Police have to arrest them and prosecutors charge them – both to protect those defendants and the rest of us – but we can't proceed with their case. Medication, case management and treatment can often restore competency, but delays in getting defendants into traditional in-patient facilities leaves them – and our courts – stuck in limbo, unable to move forward or back.

This is why the Missouri Justice Reinvestment Initiative recommends you strengthen efforts to bring competency restoration services to the defendants where they are. By using mobile medication and case management teams – and by empowering local behavioral health clinicians – we can get more help, sooner, to those who need it; restore their competence; resolve the charges against them; and return them to their communities – and to community-based care – as soon as possible. Missouri courts are proud to be a part of this initiative, led by Corrections Director Precythe and Mental Health Director Huhn, and we strongly support this recommendation.

The mental health crisis is also creating problems for judges outside the courtroom. Violence and threats of violence toward judges and their families are increasing every day. When I spoke to you last year, I recited a frightening list of deadly attacks, both inside and outside Missouri. I won't repeat them.

But what I said last year is just as true today: We owe it to those who serve in Missouri's judiciary not to wait until we learn – in the worst possible way – that we waited too long, and did too little. This session, you will be considering several bills aimed at protecting judges' private information, and I urge you to give them your most careful consideration.

Using judges as a resource

All of the things I've mentioned are things you can do to help courts perform better for all Missourians. But I urge you to use us as a resource as well. Just as we did in 2014, when you rewrote the criminal code, I believe we can help inform the decisions you make throughout the substantive law.

When you consider changes – whether to family law, landlord-tenant, debt collection, crimes and punishments, or any one of a hundred other areas of law you write – don't forget this: some of the men and women who know the *most* about those issues – and the important, often competing, rights involved – are the judges in your communities who hear those cases every day.

Judges know the constitution empowers *you* to write the substantive law, not us. But I'm hoping you will use them and their expertise to inform the decisions you make.

Conclusion

Soon, my turn as chief justice will come to an end – 142 days, but who's counting! So, if you'll allow me a point of personal privilege, I'd like to thank my wife Laura for all of her support, not only while I've been chief, but throughout my career. You'll never know what it cost her, and I ask you to help me thank her now.

I also want to take this opportunity to express how profoundly grateful I am for the opportunity to serve the people of this state as a member of their Supreme Court. Each of you, I'm sure, gets a thrill every time you walk into this magnificent chamber – the People's Chamber – and you feel a sense of obligation to fulfill the promises this great building represents.

The same is true for me. Every time I walk into the red brick building across the street, I am so very proud of our judicial system and the work it does. Every day, I'm reminded how incredibly fortunate I am to play a role in that work, and how thankful I am that I get to do it with colleagues I love and respect.

Last year, I had the great pleasure of introducing to you Judge Robin Ransom, our newest member. But, for every sunrise, there must be a sunset. This fall, we will lose two of our number to retirement. Combined, those two judges have served the people of this state for more than 70 years, first as trial judges, then on the court of appeals, and now on the Supreme Court. Both of them have dedicated their lives – not just to the work of the courts – but to the principles of access, fairness, and equal justice for all; principles that lie at the heart of our justice system. The courts have benefited immeasurably from their work, and we will miss them dearly.

Judge Patricia Breckenridge was unable to join us today, but the Honorable George W. Draper III is here. Please join me now in recognizing the lifetime of service both Judge Draper and Judge Breckenridge have given to this state and its people.

Judges – like legislators – come and we go. We're called, we serve, and we step aside. But the institutions in which we serve will go on. No player, no team is bigger than the game. The judicial branch goes on – the legislative and executive branches go on – this government "of the people, by the people and for the people" goes on. That's the strength, the miracle of our constitutional democracy.

So, look around this chamber and think of the millions of Missourians we are privileged to serve. Remember how incredibly precious that opportunity to serve is ... and how fleeting it is. And remember, too, when each of us reaches the end of our service, none of us will be judged in isolation – on what we alone said or even did. No, we will all be judged, as we should be, collectively. On how well the government – the People's Government – worked. On how well it served them.

May God bless each of you. May God continue to bless the great State of Missouri. And, of course, may God bless Patrick Mahomes' right ankle! Thank you.

On motion of Senator O'Laughlin, the Joint Session was dissolved and the Senators returned to the Chamber where they were called to order by Senator Crawford.

Relating to Eddie Gaedel Day.

Whereas, Edward "Eddie" Carl Gaedel made major league baseball history at Sportsman's Park in St. Louis, Missouri as a member of the St. Louis Browns on August 19, 1951; and

Whereas, in the bottom of the first inning, during the second game of a Sunday afternoon doubleheader against the Detroit Tigers, the St. Louis Browns sent a pinch hitter to the plate, 3'7" Eddie Gaedel, whose 65-pound weight made him the shortest and lightest player in Major League Baseball history; and

Whereas, Eddie Gaedel's historic plate appearance and base on balls following four straight pitches from Bob Cain of the Detroit Tigers remains one of the most legendary events in the history of our national pastime; and

Whereas, Eddie Gaedel's one day professional baseball career came to an abrupt halt several days later when American League president Will Harridge voided Eddie Gaedel's contract; and

Whereas, Eddie Gaedel has a perfect 1.000 on base percentage for his entire career; and

Whereas, on August 19, 2011, the Eddie Gaedel Society was founded in Spokane, Washington to work tirelessly to ensure Eddie Gaedel achieves the immortality he was promised by Bill Veeck, then owner of the St. Louis Browns and current member of the Major League Baseball Hall of Fame in Cooperstown, New York; and

"You bestow on him blessings forever; You make him glad with the joy of Your presence." (Psalm 21:6)

Almighty God, we are grateful for a celebratory evening and the blessings we experience every day. Your presence reminds us to do good to those whom You have made us responsible. And we are thankful for Your presence in our lives for it brings joy to our hearts. You have given us a sense of competency in the important things that we must undertake and bring to conclusion for that is what we are here to do for which we give You thanks and praise. In Your Holy Name we pray. Amen.

CONCURRENT RESOLUTIONS

Senator McCreery offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 12

Relating to rivers of Missouri day.

Whereas, the State of Missouri contains the confluence of the Missouri and Mississippi Rivers, the two longest rivers in the United States and on the North American Continent; and

Whereas, Missouri is home to more than 110,000 miles of rivers and streams in total, with a great diversity of habitat, character, and uses; and;

Whereas, the history of the state is inextricably tied to these rivers and streams that have served as channels of commerce, sources of energy, and avenues of exploration; and

Whereas, these rivers include the first national park area to protect a river system, the Ozark National Scenic Riverways; and

Whereas, Missouri has four aquatic faunal regions with distinct aquatic animals that reside in each; and

Whereas, the Grassland/Prairie Streams region includes the portion of the state north of the Missouri River and is distinguished by turbid water due to clay and soil particles in the water; and

Whereas, the Ozark Streams are located mostly south of the Missouri River and many are characterized by the caves and springs of the Ozark region and are clear, cool, and fast-flowing; and

Whereas, the Mississippi Lowland Streams are primarily located in the Bootheel and are much different from streams elsewhere in the state due to their low elevation and unique, swampy ecosystems; and

Whereas, the Big Rivers, the Missouri and Mississippi, are distinct from all other rivers in the state due to their size, swift and constant flow, the extent to which they have been channelized and dammed, and continual monitoring by public engineers to maintain safety for barge traffic; and

Whereas, Missouri's agricultural, recreational, and tourism sectors are dependent upon our rivers and streams and the water they contain; and

Whereas, Missouri rivers and streams are a source of pride for Missourians and are essential to maintaining our quality of life:

Now Therefore Be It Resolved that the members of the Senate of the One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate the first Tuesday in March each year as "Rivers of Missouri Day"; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

“We cannot forget history...we will be remembered for good or for ill...we cannot escape the burden nor responsibility.” (Abraham Lincoln)

Heavenly Father, on this Presidents' Day we are mindful of how You have called forth leaders to take us through perilous times and how they are remembered today. Help us be mindful of the history we create through these trying times and the effect our actions will have on our people. SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Bill No. 105, Page 1, In the Title, Lines 3-4, by striking “the assessment of real property” and inserting in lieu thereof the following: “the assessment of property”; and

Further amend said bill and page, Section A, line 3, by inserting after all of said line the following:

“137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as provided in subsection 4 of section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term “tax revenue”, as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and

personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates

on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of

new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. **Except for increases in the assessed value of motor vehicles as determined pursuant to subsection 9 of section 137.115**, the aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. **Any increase in the value of a motor vehicle from a previous year's value as determined pursuant to subsection 9 of section 137.115 shall not be considered new construction and improvements.** Notwithstanding any opt-out implemented pursuant to subsection 14 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority

pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed

valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit

amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review,

to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

Senator Schroer moved that the above amendment be adopted.

Senator Crawford assumed the Chair.

Senator Schroer moved that **SA 1** be adopted, which motion prevailed.

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Gracious God, we know Your promises and trust what You have taught us. So we give You thanks for being in all that we do and pray that all we accomplish is in keeping with what You will have us willed to do. And as we go our separate ways, back to those we love, we ask that You be with us and bring us safely home. And we pray that You find us in Your house of prayer this weekend. In Your Holy Name we pray. Amen.

REMONSTRANCES

Senators Schroer, Bean, Bernskoetter, Black, Brattin, Brown (16), Brown (26), Carter, Cierpiot, Coleman, Crawford, Eigel, Eslinger, Fitzwater, Gannon, Hoskins, Hough, Koenig, Luetkemeyer, Moon, O’Laughlin, Rowden, Thompson Rehder, and Trent offered the following remonstrance:

SENATE REMONSTRANCE NO. 1

Whereas, St. Louis Circuit Attorney Kim Gardner assumed office on January 6, 2017; and

Whereas, since Gardner took office, the Circuit Attorney's office has experienced a turnover rate of more than 100% in staff; and

Whereas, over 65 assistant circuit attorneys with a combined experience of over 460 years have left the Circuit Attorney's office under Gardner, as reported by the St. Louis Post-Dispatch in September 2019; and

Whereas, Kim Gardner's office charges defendants under direct complaint and then uses the grand jury process to delay the preliminary hearing, with an average wait time of 344 days as of March 2021; and

Whereas, the Missouri Supreme Court changed the rules on preliminary hearings effective March 1, 2021, so that "courts must hold preliminary hearings within 30 days of felony complaints being filed if a defendant is in jail, and within 60 days if not", and Kim Gardner has continued to use the grand jury process to circumvent the Supreme Court's attempt at reform; and

Whereas, the Missouri Chief Disciplinary Counsel found probable cause that, during the prosecution of former Governor Eric Greitens, Gardner committed professional misconduct and she was later fined by the Missouri Supreme Court for this offense; and

Whereas, in 2019, Gardner admitted to repeated campaign finance violations dating back to her time as a Missouri state legislator, which included using campaign donations to pay for a private apartment and she later reached a settlement with the Missouri Ethics Commission to pay a fine of \$6,314 in lieu of a \$63,009 fine; and

Whereas, St. Louis Circuit Attorney Kim Gardner was removed from prosecuting two Missouri citizens after a circuit court judge and the Missouri Eastern District Court of Appeals both ruled that she used her role in the case to raise money for her 2020 campaign; and

Whereas, St. Louis Circuit Attorney Kim Gardner filed a lawsuit against the St. Louis Police Officers' Association, alleging that the Association violated the federal Ku Klux Klan Act of 1871, and such lawsuit was dismissed by a federal judge who wrote that Gardner's lawsuit "can be described as a conglomeration of unrelated claims and conclusion statements supported by very few facts, which do not plead any recognizable cause of action"; and

Whereas, in 2019, Gardner's office prosecuted just 1,641 of the 7,045 felony charges sought by the St. Louis Police Department; and

Whereas, according to one study, crime in the City of St. Louis has caused city residents nearly \$2.8 billion dollars or \$9,334 dollars per citizen, the highest in the nation; and

Whereas, St. Louis Circuit Attorney Kim Gardner continued to demonstrate her inability to run her office when three St. Louis murder cases were dismissed in one week starting on July 20, 2021, when the Circuit Attorney's office dropped the case against a man who was on trial for murder, and again when the Circuit Attorney's office dropped the case against a man who was accused of killing his alleged

accomplice during a 2018 break-in, and again when the Circuit Attorney's office dropped the case against a third individual charged with a 2020 murder; and

Whereas, on July 16, 2021, charges in a murder case were dropped due to the prosecutor not showing up to multiple hearings in the case, and the judge in the case stated that Gardner's office "essentially abandoned its duty to prosecute those it charges with crimes"; and

Whereas, in 2020, Gardner oversaw a fifty-year-high murder rate of 87 murders per 100,000 residents; and

Whereas, in 2020, St. Louis was ranked to be the No. 1 most dangerous place to live for offenses regarding rape, murder, non-negligent manslaughter, armed robbery, and aggravated assault with a deadly weapon and, according to an analysis of the FBI reported crime data, the chances of becoming a victim of one of these crimes in St. Louis is one in fifty; and

Whereas, Ms. Janae Edmondson, age 17, was in St. Louis for a volleyball tournament and her and her family were walking back to their hotel in downtown St. Louis when she suffered severe injuries after a 21 year old driver, who had his driver's license revoked was out on bond for a 2020 robbery, failed to yield and collided with another vehicle. Court officials were unaware that the driver had violated his bond at least fifty times because the Circuit Attorney's office did not file a motion to revoke the bond; and

Whereas, Circuit Attorney Kimberly M. Gardner has been criticized by a number of fellow St. Louis City elected officials, including elected Democrat Mayor Tishaura O. Jones who stated that "She really needs to do some soul-searching as to whether she wants to continue as circuit attorney because she's lost the trust of the people", Democrat Alderman Mike Gras who stated "the dysfunction cannot continue. For the good of our city, I am calling on Circuit Attorney Gardner to resign", Democrat Alderman Joe Vollmer who stated "I can't see how she can defend herself. This is a calamity. If she cared about the City of St. Louis, she would resign. There's no ownership. I can't believe she's in office, but she's been elected", along with multiple additional statements from members of her own political party calling for Circuit Attorney Kimberly Gardner to resign; and

Whereas, business leaders in St. Louis have called the "failures" of St. Louis Circuit Attorney Kimberly M. Gardner's office "unforgivable" after the incident, highlighting the lingering issues that have gone unaddressed for far too long:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundred and Second General Assembly, First Regular Session, hereby remonstrate against the St. Louis City Circuit Attorney Kimberly Gardner for her blatant failure to uphold her oath of office in honoring the Constitutional rights of both Missouri residents and visitors to the City of St. Louis; and

Be It Further Resolved that the Missouri Senate hereby expresses its deep concern regarding the loss of trust in the Circuit Attorney's Office under Kimberly Gardner's "leadership"; and

Be It Further Resolved that the Missouri Senate calls for the Missouri Chief Disciplinary Counsel to thoroughly investigate the allegations of professional misconduct committed by Kimberly Gardner while in the office of the Circuit Attorney;

Be It Further Resolved that the Missouri Senate condemns the continued misuse of the office of the Circuit Attorney under Kimberly Gardner's leadership for political gain; and

Be It Further Resolved that the Missouri Senate hereby strongly recommends that Circuit Attorney Kimberly Gardner resign her position immediately; and

Be it further resolved, that the Senate urges the Circuit Attorney's office to enforce the law and take swift and appropriate action to prevent incidents like the one that severely injured Janae Edmondson from happening again; and

Be it further resolved, that the Missouri Senate is deeply concerned for the victims of crime and calls for all stakeholders to come together and develop a regional strategy to reduce crime and strengthen public safety; and

Be It Further Resolved that the Secretary of the Senate be instructed to send a copy of this remonstrance to the Governor, to each member of the St. Louis City Board of Aldermen and to the office of St. Louis Circuit Attorney Kimberly Gardner.

FIRST REGULAR SESSION

TWENTY-NINTH DAY - MONDAY, FEBRUARY 27, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

The Reverend Carl Gauck offered the following prayer:

"The Lord is near to the brokenhearted, and saves the crushed in spirit." (Psalm 34:18)

Merciful God, we thank You for our safe travel here this week. We know that each day You place various people before us, and sometimes we have the opportunity to hear their stories and discover the diversity of human hurts and needs and a variety of wants. Help us to know amid limited resources available new ways to address ways we can be of assistance that can lift their spirits and direct help their way. In Your Holy Name we pray. Amen.

Relating to make music day.

Whereas the Summer Solstice, June 21, is the first day of summer and an appropriate day to annually celebrate the myriad of joys and benefits of making music; and

Whereas this event began over 35 years ago in France as Fête de la Musique, and observations of Make Music Day now take place internationally in over 800 cities in 120 countries around the world; and

Whereas these celebrations have become a global phenomenon involving millions of musicians of all styles and skill levels, performing publicly; and

Whereas making music continues to demonstrate the power of music as providing enjoyment, building cultural connections, raising social awareness, celebrating history, and examining the whole of the human experience; and

Whereas making music inspires people of all abilities, persuasions, and ethnicities to come together to “just play”; and

Whereas making music is an integral part of United States and Missouri culture and a chronicle of the Nation’s struggles and triumphs; and

Whereas making music advances learning, enhances the overall educational experience, and contributes to a complete education; and

Whereas making music is shown to benefit the well-being of people throughout their lives, and that making music contributes to a fuller, more satisfying life; and

Whereas Make Music Day will come to life throughout the United States with thousands of events on June 21st, when musicians of all ages and abilities will perform on streets, sidewalks, stoops, plazas, parks, in group lessons, solo performances, instrument circles, musical parades, and mass appeal events open to all:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby designate June 21 of each year as "Make Music Day" in Missouri; and

Be It Further Resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

Journal of the Senate

FIRST REGULAR SESSION

THIRTIETH DAY - TUESDAY, FEBRUARY 28, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator May offered the following prayer:

Lord who enlightens, we ask for Your supernatural wisdom as we make some tough decisions during this session. Help us to carefully consider the relevant information that has been gathered. May those sharing information give us pertinent points so we all clearly understand. Help us to be innovative as we brainstorm solutions. Help us to wisely evaluate our options, considering the pros and cons. Help us to be unified in making the best possible decisions and to effectively carry them out. Heavenly Father, in our hearts we plan our course, but we pray that You establish our steps. I pray that we seek You for advice. Let us not make decisions based upon what we know but let us act based upon Your wisdom. Please guide us, Lord. We place this session in Your hands. We place our hearts and our minds in Your hands so that You may direct us. God of peace, we invite You to preside over this meeting. Even if we have different opinions, give us unity of spirit. Help us each to listen politely as others share their points of view. Help us to work as a unified team in combining ideas for a great outcome. Help us to work as a whole, rather than as individuals trying to promote their own agendas. May we have a spirit of camaraderie in this room and work together on our shared mission. In Jesus Name Amen.

CONCURRENT RESOLUTIONS

Senators Washington, May, and Roberts offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 14

Whereas, in 1720, Philippe Francois Renault introduced Negro slavery to Missouri when he brought 500 Negroes with him from Santa Domingo to work the lead mines in the Des Peres River section of what is now St. Louis and Jefferson Counties; and

Whereas, in Missouri, as in all other slave states, economic conditions determined the number of slaves in a given locality. Since Missouri was largely agricultural, most slaves were employed in the fertile bottomlands, which bordered the Mississippi and Missouri Rivers and their tributaries. Without a single staple crop, Missouri never developed large plantations as did the cotton states; and

Whereas, in 1860, only 36 counties had 1,000 or more slaves. In general, most of the Missouri slave owners held only one or two slaves. Missouri slaves were used in a wide variety of tasks, and were employed as valets, butlers, handy men, field hands, maids, nurses, and cooks; and

Whereas, to keep the Blacks "in their place", a series of laws, known as slave codes, were drawn up. Under the territorial slave code of 1804, slaves were made personal property, and each revision of the law was drafted with this precedent in mind. The State Constitution of 1820, for example, provided that slaves were not to be emancipated "without the consent of their masters, or without paying them, before such emancipation"; and

Whereas, a slave was not permitted to keep a gun in Missouri. If he was caught carrying a gun, he was to receive 39 lashes and forfeit the gun. Slaves who participated in riots, attended unlawful assemblies, or who were guilty of making seditious speeches, were subject to whipping. Slaves guilty of conspiracy, rebellion, insurrection, and murder were put to death; and

Whereas, other laws further dehumanized the Blacks. Negroes or mulattoes "who should commit or attempt to commit assault upon White women would be mutilated." However, since a slave woman was chattel, a White man who raped her was guilty of trespass on the master's property; and

Whereas, slaves who offered resistance to their owners and overseers were to be given 39 stripes. Slaves lifting their hands in opposition to white persons, except in self-defense, were to be punished at the discretion of the justice of the peace, with not more than 39 lashes; and

Whereas, in 1825, a law was passed declaring Blacks to be incompetent as witnesses in legal cases involving whites; and

Whereas, in 1847, one of the harshest laws which further dehumanized the slave was enacted. In that year, an ordinance specifically prohibited the education of Negroes was passed. Anyone operating a school or teaching reading and writing to any Negro or mulatto in Missouri could be punished by a fine of not less than \$500 and up to six months in jail. This law was a direct result of an ever increasing conviction on the part of slave holders that literacy led to rebellion; and

Whereas, even in death the races were generally separated. Usually there were "white" and "colored" cemeteries in every area of the State; and

Whereas, throughout the slavery period in Missouri there were persons, Black and White, who advocated the abolition of slavery both locally and nationally. These abolitionists were a hated group in a slaveholding state because they threatened the continued existence of an institution which provided for cheap labor. Because of their deep animosity toward persons who challenged their way of life, pro-slavery forces generally dealt severely with abolitionists; and

Whereas, discrimination followed the Negroes into the Army during the Civil War. Negroes, like Whites, were promised a bounty but not until the war was over did they receive it. While White soldiers received \$13 a month, Negro soldiers were given \$10 a month. Blacks were given inferior weapons and materials, inadequate medical care, and if captured, were killed until Lincoln and Grant threatened to treat captured Confederate soldiers in a similar manner; and

Whereas, the Civil War held out bright hopes for Missouri Blacks. The War had a tremendous effect upon the Negro soldier. He went into the army as a property, he came out a man. It restored his humanness. Legally Blacks were free, but the road ahead was one of bitter trials and disappointments for them; and

Whereas, when the Civil War ended, Missouri free Blacks found themselves in an extremely precarious position. Economically, they could no longer depend upon their masters for subsistence. Used to farming, domestic service, or other menial pursuits, many free Blacks continued to work for former masters, others wandered to the towns looking for jobs, while still others wandered aimlessly about. This led some Whites to mistakenly regard Blacks as leeches basking in the sun, expecting to be supported by White people; and

Whereas, there was little more interaction between the races in the schools than there was in the churches. The Missouri Legislature passed a set of school laws which took effect March 15, 1866. Among the provisions was one which stated that separate schools should be provided for Negro children where they numbered more than 20 in a district; and

Whereas, conditions at the first "Colored School", however, were very bad and inadequacy of the physical plant alone contributed to great absenteeism. The cry then went up that Negroes were not interested in education and that their irregular attendance at schools was sufficient proof; and

Whereas, Missouri was not ready to be "reconstructed" in their racial views during the Reconstruction period and there was no reason to believe they would have a change of heart after it. The doctrine of "separate but equal" facilities gained constitutional sanction in the 1896 United States Supreme Court decision in *Plessy v. Ferguson*. Segregation by de facto methods had become so entrenched in Missouri society that by the time of that decision Missourians did not feel the need to create ordinances of separation. In fact, it was only in the area of education that integration was expressly prohibited; and

Whereas, in 1943, the Missouri Legislature killed a civil rights bill that would have given Blacks equal access to public places, such as restaurants and theaters; and

Whereas, until 1944, St. Louis' two major league baseball teams, the Browns and the Cardinals, had restricted Blacks to the bleachers and pavilion at Sportsman's Park; and

Whereas, today, the status of Black Missourians is far from encouraging. The Civil Rights Movement of the 1960s has lost a great part of its impact. Disagreement among Black leaders themselves as to the optimum strategy of achieving equality of citizenship, the conservative tide that has swept the country since 1968, together with the dilemma of liberal Whites who are uncertain whether their assistance is desired by some Blacks, all have acted to dim the bright hopes of the 1960s:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred-Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby formally apologize for the State of Missouri's role in slavery.

Senator Trent offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 15

Whereas, prior to government-mandated economic shutdowns during the coronavirus 2019 (COVID-19) pandemic, the Tax Cuts and Jobs Act of 2017 spurred steady economic expansion and allowed the spirit of entrepreneurship to flourish, while creating new jobs and opportunities for millions of Americans; and

Whereas, the tax cuts of 2017 resulted in a one trillion five hundred billion dollar net tax cut, and were followed by historically low unemployment rates, an increase in business investment, and a six thousand dollar increase in real median household income over two years, including scores of raises and bonuses for workers immediately after the 2017 tax cuts were adopted; and

Whereas, more than one hundred million American taxpayers from all income groups, but especially middle and working class American taxpayers, have enjoyed real tax relief due to the Tax Cuts and Jobs Act of 2017; and

Whereas, twenty-three provisions of the 2017 tax cuts directly relating to individual income taxes, such as the reductions in personal income tax rates, the near doubling of the standard deduction, and the substantial reduction of the hated Alternative Minimum Tax (AMT) will expire after December 31, 2025; and

Whereas, the 2017 tax cuts reduced federal tax rates for households across every income level and this relief resulted in a tax cut of more than one thousand five hundred dollars for the average middle-income earner; and

Whereas, prior to the 2017 tax cuts, the top corporate income tax rate in the United States was thirty-five percent, the highest among all nations in the Organization for Economic Co-operation and Development (OECD); and

Whereas, the 2017 tax cuts reduced the business tax rate from thirty-five percent to twenty-one percent, bringing the United States back to average among OECD member nations, and dramatically enhancing American competitiveness; and

Whereas, the 2017 tax cuts set an annual cap of ten thousand dollars on the state and local tax (SALT) deduction, thereby broadening the tax base at the federal level and in many states, which caused state level budget surpluses and resulted in many states offering substantial tax relief; and

Whereas, if the current ten thousand dollar cap on the SALT deduction is allowed to expire after December 31, 2025, the federal tax base will be narrowed; and

Whereas, returning to an unlimited SALT deduction would be an incentive for many states to once again implement higher taxes and spend at higher levels; and

Whereas, a majority of Americans support making the 2017 tax cuts permanent; and

Whereas, allowing the Tax Cuts and Jobs Act of 2017 to expire would result in a massive tax increase on hardworking American taxpayers, a significant decline in American competitiveness, fewer jobs, reduced wage income for workers, and higher prices:

Now, Therefore, Be It Resolved that the members of the Senate of the One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the United States Congress to permanently extend the Tax Cuts and Jobs Act of 2017 with commensurate spending cuts to avoid increasing the federal debt burden; and

Be It Further Resolved that the Secretary of the Senate be instructed to prepare a properly inscribed copy of this resolution for each member of Missouri's Congressional delegation.

3. For all tax years beginning on or after January 1, 2023, a taxpayer may claim the tax credit authorized in this section against the taxpayer's state tax liability for the tax year in which a verified contribution was made in an amount equal to up to seventy-five percent of the verified contribution to a child care provider. The minimum amount of any tax credit issued shall not be less than one hundred dollars, and shall not exceed two hundred thousand dollars per tax year.

(1) The child care provider receiving a contribution shall, within sixty days of the date it received the contribution, issue the taxpayer a contribution verification and file a copy of the contribution verification with the department. If such exempt taxpayer is not required to file a tax return under the provisions of chapter 143, the exempt taxpayer may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

8. (1) The cumulative amount of tax credits authorized pursuant to this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year. The director of the department shall publish such adjusted amount.

9. The tax credits allowed under this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are

subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

12. Pursuant to section 23.253 of the Missouri sunset act:

(1) The program authorized under this section shall expire on December 31, 2029, unless reauthorized by the general assembly; and

(7) “Tax credit”, a credit against the taxpayer's state tax liability;

(8) “Taxpayer”, a corporation as defined in section 143.441 or 143.471, any charitable organization that is exempt from federal income tax and whose Missouri unrelated business taxable income, if any, would be subject to the state income tax imposed under chapter 143, or individuals or partnerships subject to the state income tax imposed by the provisions of chapter 143.

3. For all tax years beginning on or after January 1, 2023, a taxpayer may claim a tax credit authorized in this section in an amount equal to thirty percent of the qualified child care expenditures paid or incurred with respect to a child care facility. The maximum amount of any tax credit issued under this section shall not exceed two hundred thousand dollars per taxpayer per tax year.

4. A facility shall not be treated as a child care facility with respect to a taxpayer unless the following conditions have been met:

(1) Enrollment in the facility is open to employees of the taxpayer during the tax year; and

(2) If the facility is the principal business of the taxpayer, at least thirty percent of the enrollees of such facility are dependents of employees of the taxpayer.

5. The tax credits authorized by this section shall not be refundable or transferable. The tax credits shall not be sold, assigned, or otherwise conveyed. Any amount of approved tax credits that a taxpayer is prohibited by this subsection from using for the tax year in which the credit is first claimed may be carried back to the taxpayer's immediately prior tax year and carried forward to the taxpayer's subsequent tax year for up to five succeeding tax years.

6. Notwithstanding any provision of subsection 5 of this section to the contrary, a taxpayer that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt taxpayer may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt taxpayer is not required to file a tax return under the provisions of chapter 143, the exempt taxpayer may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The cumulative amount of tax credits authorized pursuant to this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided pursuant to subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed pursuant to subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for qualified child care expenditures for child care facilities located in a child care desert. The director of the department shall publish such adjusted amount.

8. A taxpayer who has claimed a tax credit under this section shall notify the department within sixty days of any cessation of operation, change in ownership, or agreement to assume recapture liability as such terms are defined by 26 U.S.C. Section 45F, in the form and manner prescribed by department rule or instruction. If there is a cessation of operation or change in ownership relating to a child care facility, the taxpayer shall repay the department the applicable recapture percentage of the credit allowed under this section, but this recapture amount shall be limited to the tax credit allowed under this section. The recapture amount shall be considered a tax liability arising on the tax payment due date for the tax year in which the cessation of operation, change in ownership, or agreement to assume recapture liability occurred and shall be assessed and collected under the same provisions that apply to a tax liability under chapter 143 or chapter 148.

9. The tax credit allowed pursuant to this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

10. All action and communication undertaken or required under this section shall be exempt from section 105.1500.

11. The department may promulgate rules to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created pursuant to the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

(1) The program authorized under this act shall expire on December 31, 2029, unless reauthorized by the general assembly;

(2) The act shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under the act is sunset;

2. For purposes of this section, the following terms shall mean:

(1) “Capital expenditures”, expenses incurred by a child care provider, during the tax year for which a tax credit is claimed pursuant to this section, for the construction, renovation, or rehabilitation of a child care facility to the extent necessary to operate a child care facility and comply with applicable child care facility regulations promulgated by the department of elementary and secondary education;

(7) “Eligible employer withholding tax”, the total amount of tax that the child care provider was required, under section 143.191, to deduct and withhold from the wages it paid to employees during the tax year for which the child care provider is claiming a tax credit pursuant to this section, to the extent actually paid;

For all tax years beginning on or after January 1, 2024, a child care provider with three or more employees may claim a tax credit authorized in this section in an amount equal to the child care provider's eligible employer withholding tax, and may also claim a tax credit in an amount up to thirty percent of the child care provider's capital expenditures. No tax credit for capital expenditures shall be allowed if the capital expenditures are less than one thousand dollars. The amount of any tax credit issued under this section shall not exceed two hundred thousand dollars per child care provider per tax year.

4. To claim a tax credit authorized pursuant to this section, a child care provider shall submit to the department, for preliminary approval, an application for the tax credit on a form provided by the department and at such times as the department may require. If the child care provider is applying for a tax credit for capital expenditures, the child care provider shall present proof acceptable to the department that the child care provider's capital expenditures satisfy the requirements of subdivision (1) of subsection 2 of this section. Upon final approval of an application, the department shall issue the child care provider a certificate of tax credit.

5. The tax credits authorized by this section shall not be refundable and shall not be transferred, sold, assigned, or otherwise conveyed. Any amount of credit that exceeds the child care provider's state tax liability for the tax year for which the tax credit is issued may be carried back to the child care provider's immediately prior tax year or carried forward to the child care provider's subsequent tax year for up to five succeeding tax years.

6. Notwithstanding any provision of subsection 5 of this section to the contrary, a child care provider that is exempt, under 26 U.S.C. Section 501(c)(3), and any amendments thereto, from all or part of the federal income tax shall be eligible for a refund of its tax credit issued under this section, without regard to whether it has incurred any state tax liability. Such exempt child care provider may claim a refund of the tax credit on its tax return required to be filed under the provisions of chapter 143, exclusive of the return for the withholding of tax under sections 143.191 to 143.265. If such exempt child care provider is not required to file a tax return under the provisions of chapter 143, the exempt child care provider may claim a refund of the tax credit on a refund claim form prescribed by the department of revenue. The department of revenue shall prescribe such forms, instructions, and rules as it deems appropriate to carry out the provisions of this subsection.

7. (1) The cumulative amount of tax credits authorized pursuant to this section shall not exceed twenty million dollars for each calendar year. The department shall approve tax credit applications on a first-come, first-served basis until the cumulative tax credit authorization limit is reached for the calendar year.

(2) If the maximum amount of tax credits allowed in any calendar year as provided pursuant to subdivision (1) of this subsection is authorized, the maximum amount of tax credits allowed pursuant to subdivision (1) of this subsection shall be increased by fifteen percent, provided that all such increases in the allowable amount of tax credits shall be reserved for child care providers located in a child care desert. The director of the department shall publish such adjusted amount.

8. The tax credit authorized by this section shall be considered a domestic and social tax credit under subdivision (5) of subsection 2 of section 135.800.

9. All action and communication undertaken or required with respect to this section shall be exempt from section 105.1500. Notwithstanding section 32.057 or any other tax confidentiality law to the contrary, the department of revenue may disclose tax information to the department for the purpose of the verification of a child care provider's eligible employer withholding tax under this section.

10. The department may promulgate rules and adopt statements of policy, procedures, forms and guidelines to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created pursuant to the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

11. Pursuant to section 23.253 of the Missouri sunset act:

(1) The program authorized under this section shall expire on December 31, 2029, unless reauthorized by the general assembly; and

(2) The act shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(3) If such program is reauthorized, the program authorized under this section shall automatically sunset six years after the effective date of the reauthorization of this section; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department of revenue's ability to redeem tax credits authorized on or before the date the program authorized pursuant to this section expires, or a taxpayer's ability to redeem such tax credits.”; and

Further amend the title and enacting clause accordingly.

The Senate met pursuant to adjournment.

We delight in each day and what it holds, and we are eager to do the work You have given us to do. May we always be grateful for what comes from Your mighty hand. In Your Holy Name we pray. Amen.

Senator Bean offered Senate Resolution No. 194, regarding Alison Shipp, Poplar Bluff, which was adopted.

CONCURRENT RESOLUTIONS

Senator Fitzwater offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 16

Whereas, between 1942 to 1966, the United States government produced, in secrecy and without proper protective measures, 300,000 tons of uranium in St. Louis City and St. Charles County as part of the Manhattan Project to produce the atomic bomb; and

Whereas, in the mid-1950s, the property that was next to Francis Howell High School was transferred to the United States Atomic Energy Commission (AEC); and

Whereas, from 1957 to 1966, the AEC operated a uranium processing facility at that site. Impure ore concentrates and some scrap metal were processed at the plant. Other radioactive wastes were disposed of in the quarry in Weldon Spring by the AEC. The operation produced 16,000 tons of uranium annually; and

Whereas, Francis Howell High School was in operation when the United States government hid its uranium processing plant from the enemy by operating next to the school from 1957 to 1966; and

Whereas, in the 1990s, despite initial concern from school administration and parents that Francis Howell High School be relocated during cleanup efforts, Francis Howell High School remained in operation while the cleanup was conducted by the United States Department of Energy. Documents detail the public relations efforts the Department of Energy took to ease local concern for fear that relocation efforts would slow down the cleanup and risk the safety of the drinking water for 70,000 residents because the mixed hazardous and radioactive material in the quarry were starting to leach toward wellfields; and

Whereas, the United States government damaged property and harmed residents of St. Louis, North St. Louis County, and St. Charles County through the improper handling of 2.3 million cubic yards of mixed radioactive contamination during the nation's race to produce the atomic bomb in World War II and from the subsequent push to make more nuclear weapons during the Cold War; and

Whereas, the United States government publicly admitted to exposing atomic bomb workers to radioactive waste without the workers' knowledge or consent and failing to provide atomic bomb workers with proper protective gear; and

Whereas, in 2000, the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) was passed, and employees of the Department of Energy have been paid out over \$284,200,840 in EEOICPA benefits in Missouri alone; and

Whereas, despite the Department of Energy's data regarding illnesses for atomic bomb workers, residents of Coldwater Creek, St. Louis City, and North St. Louis County and students, faculty, and nearby residents of Francis Howell High School have suffered from the same illnesses and diseases as the atomic bomb workers and have died without regard or accountability; and

Whereas, Missourians have been made ill, due to the Manhattan Project, through inhalation from smokestack emissions, exposure to radiation, and contact made with contaminated quarries, creeks, and groundwater; and

Whereas, Missourians are reporting diseases and cancers related to chronic exposure to ionizing radiation and exposure to chemical war waste that clearly match diseases documented by the Centers for Disease Control and Prevention, Environmental Protection Agency, Agency for Toxic Substance and Disease Registry, Department of Justice, and Department of Veterans Affairs; and

Whereas, radioactive waste was not stored in a sufficiently protective manner at the St. Louis Airport Storage (SLAPS) on Latty Avenue, which resulted in the washing of radioactive material into Coldwater Creek. The creek carried such radioactive material into North St. Louis County, contaminating much of the area around the creek where children play. Heavy rains have caused the creek to flood into the yards and basements of residents in that area; and

Whereas, in 1973, approximately 47,000 tons of that same radioactive waste was illegally dumped into the West Lake Landfill in Bridgeton; and

Whereas, during the 1950s and 1960s, as part of a series of Cold War experiments, the United States Army selected St. Louis as one of the cities singled out for heavy-duty testing during Operation Large Area Coverage. Testing was conducted throughout the Pruitt-Igoe housing project located northwest of downtown St. Louis; and

Whereas, the Weldon Spring Site, which is located in St. Charles County and approximately 30 miles west of St. Louis, was the largest explosive production site erected and established by the United States government in 1941 for the purposes of producing trinitrotoluene (TNT) and dinitrotoluene (DNT). It consisted of two distinct areas, the chemical plant and the quarry. The Army used the quarry for disposal of rubble contaminated with TNT; and

Whereas, the Manhattan Project-era atomic programs produced and left behind vast quantities of chemical contaminants that include, but are not limited to, antimony, arsenic, cadmium, calcium hydroxide, chromium, ethylene glycol, friable and nonfriable asbestos-containing material, heavy metals, hydrofluoric acid, magnesium, magnesium fluoride, manganese, mercury, molybdenum, nickel, nitrates, nitric acid, nitroaromatics, perchloric acid, polychlorinated biphenyls (PCBs), polyaromatic hydrocarbons, potassium hydroxide, selenium, sodium hydroxide, sulfates, tetrachloroethylene, tributyl phosphate, and zinc. Radiological contaminants identified at the site were radium, thorium, and uranium; and

Whereas, the aforementioned activities of the United States government in Missouri have had a deleterious effect on the environment of this state and have resulted in the contamination of the surface water and groundwater of a large geographic area in Missouri with radioactive and other hazardous and toxic contaminants:

Now Therefore Be It Resolved that the members of the Senate of the One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby urge the Missouri Attorney General, the Missouri Department of Natural Resources, and the Missouri Department of Health and Senior Services to conduct a joint investigation into whether the State of Missouri and its residents could potentially receive monetary compensation from the United States government for contamination of the environment in Missouri with radioactive and other hazardous contaminants as a result of the production of military explosive weapons and nuclear weapons, dumping contaminants and equipment, and other activities conducted by the United States government in Missouri, to the extent that conducting such an investigation will cost the Attorney General, Department of Natural Resources, and Department of Health and Senior Services no additional moneys or resources; and

Be It Further Resolved that the Missouri Attorney General report the results of the investigation, if any, to the members of the General Assembly by December 31, 2023; and

Be It Further Resolved that the General Assembly requests that the Missouri Congressional delegation expand the Radiation Exposure Compensation Act to include Missouri residents exposed to nuclear waste from the Manhattan Project and look for additional funding opportunities for education for medical providers, health screenings for residents exposed to nuclear waste from such project, and medical care necessitated by such exposure; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare a properly inscribed copy of this resolution for the Missouri Attorney General, the directors of the Department of Natural Resources and the Department of Health and Senior Services, and each member of Missouri's Congressional delegation.

Senator Eigel offered the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 17

Whereas, Article I of the United States Constitution begins "All legislative powers herein granted shall be vested in a Congress"; and

Whereas, the Congress has exceeded the legislative powers granted in the Constitution thereby encroaching on the powers that are "reserved to the states respectively, or to the people" as the Tenth Amendment affirms and the rights "retained by the people" to which the Ninth Amendment refers; and

Whereas, in Federalist No. 10, James Madison wrote that "No man is allowed to be a judge in his own cause, because his interest would certainly bias his judgment, and,...with greater reason, a body of men are unfit to be both judges and parties at the same time"; and

Whereas, this same principle was emphasized in the 1798 Kentucky Resolutions (drafted by Thomas Jefferson) that the United States government "was not made the exclusive or final judge of the extent of the powers delegated to itself; since that would have made its discretion, and not the Constitution, the measure of its powers"; and

Whereas, the Congress has latent but neglected powers to correct such judicial supremacy by means of Article III Section 2 regulations on appellate jurisdiction, yet by similar reasoning such regulatory powers should be additionally extended to the several states, heeding Jefferson's warnings that we not make the Constitution "a mere thing of wax in the hands of the judiciary" for "to consider the judges as the ultimate arbiters of all constitutional questions" would then "place us under the despotism of an oligarchy", rather "the people themselves" are the "true corrective of constitutional abuses" and the states remain the closest and most representative voice of the people; and

Whereas, the United States Constitution should then be amended to enable the several states to correct violations of the limited powers by the United States and thereby restore the proper balance between the powers of Congress and those of the several states, and better prevent the denial or disparagement of the rights retained by the people:

Now Therefore Be It Resolved that the members of the Missouri Senate, One Hundred Second General Assembly, First Regular Session, the House of Representatives concurring therein, hereby strongly urge the Congress of the United States to propose the following amendment, known as the State Powers Amendment, or SPA:

"Section 1. Any provision of law or regulation of the United States may be repealed by the several states, and such repeal shall be effective when the legislatures of a Representative Majority of the several states approve resolutions for this purpose that particularly describe the same provision or provisions of law or regulation to be repealed. A Representative Majority of the several states is a majority of the states also having together a majority of the apportioned Representatives in Congress.

Section 2. The several states shall have power to make regulations and exceptions to the appellate jurisdiction of the Supreme Court and all inferior courts and tribunals of the United States, and such regulations and exceptions shall be effective when the legislatures of a Representative Majority of the several states approve identical resolutions for this purpose no more than five years apart."; and

Be It Further Resolved that should the Congress fail to act after two-thirds of the several states petition alike in substance for a State Powers Amendment, then a "convention to propose amendments" under Article V of the United States Constitution shall be the proper course and that delegates to such convention should be selected by the legislatures in the several states and should vote by state, according to the practices established by the 1787 Federal Convention in Philadelphia; and

Be It Further Resolved that the state of Missouri reserves its further right to petition in the same manner for further amendments as the General Assembly may deem warranted; and

Be It Further Resolved that copies of this resolution be forwarded to the legislatures of all the several states inviting them to likewise join in support of this petition; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Speaker of the United States House of Representatives, the President of the United States Senate, and each member of the Missouri congressional delegation.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 131, Page 1, In the Title, Lines 3-4, by striking “firearms tax relief” and inserting in lieu thereof the following: “tax relief”; and

Further amend said bill, page 3, Section 135.098, line 70, by inserting after all of said line the following:

“144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a “material recovery processing plant” means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term “product” includes telecommunications services and the term “manufacturing” shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term “manufacturing” has included and continues to include the production and transmission of “telecommunications services”, as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel.*

Co. v. Director of Revenue, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

(11) Railroad rolling stock for use in transporting persons or property in interstate commerce and motor vehicles licensed for a gross weight of twenty-four thousand pounds or more or trailers used by common carriers, as defined in section 390.020, in the transportation of persons or property;

(12) Electrical energy used in the actual primary manufacture, processing, compounding, mining or producing of a product, or electrical energy used in the actual secondary processing or fabricating of the product, or a material recovery processing plant as defined in subdivision (4) of this subsection, in facilities owned or leased by the taxpayer, if the total cost of electrical energy so used exceeds ten percent of the total cost of production, either primary or secondary, exclusive of the cost of electrical energy so used or if the raw materials used in such processing contain at least twenty-five percent recovered materials as

defined in section 260.200. There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(13) Anodes which are used or consumed in manufacturing, processing, compounding, mining, producing or fabricating and which have a useful life of less than one year;

Further amend said bill, page 3, section 135.098, line 70, by inserting after all of said line the following:

“144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a “material recovery processing plant” means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term “product” includes telecommunications services and the term “manufacturing” shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term “manufacturing” has included and continues to include the production and transmission of “telecommunications services”, as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

Senator McCreery offered **SA 7**:

SENATE AMENDMENT NO. 7

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 131, Page 1, Section A, Line 3, by inserting after all of said line the following:

“32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

- (1) The annual tax on gross premium receipts of insurance companies in chapter 148;
- (2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;
- (3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;
- (4) The tax on other financial institutions in chapter 148;
- (5) The corporation franchise tax in chapter 147;
- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities

that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not

thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year. **For any fiscal year in which the total amount of tax credits authorized for programs approved pursuant to section 32.111 is less than ten million dollars, such amount not authorized may be authorized for programs approved pursuant to section 32.112 during the same fiscal year, provided that the total combined amount of tax credits for programs approved pursuant to sections 32.111 and 32.112 during the fiscal year does not exceed eleven million dollars.**

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.”; and

Journal of the Senate

FIRST REGULAR SESSION

THIRTY-SECOND DAY - THURSDAY, MARCH 2, 2023

The Senate met pursuant to adjournment.

Senator Rowden in the Chair.

The Reverend Carl Gauck offered the following prayer:

“I will instruct You and reach You the way You should go: I will counsel You with my eye upon You.” (Psalm 32:8)

Gracious God, as we conclude another week we are grateful for the service we have to perform that gives meaning and purpose in our lives. We are grateful for those You have placed in our lives that make them richer and fuller. And we are grateful for the opportunity to share our love with those You have given for us to love and be loved by. Make us sensitive to how we might be more open and helpful to their needs who have had to do the best they can while we are away from them. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

To consider how **others** experience the world—its blessings . . . its hardships . . . and **our role** in them. We are grateful for Your teachings, oh Lord, that open our hearts and our minds. Journal of the Senate

FIRST REGULAR SESSION

THIRTY-EIGHTH DAY - TUESDAY, MARCH 21, 2023

The Senate met pursuant to adjournment.

Senator Fitzwater in the Chair.

Senator Bean offered the following prayer:

“I delight to do Your will, O my God; Your law is within my heart.” (Psalm 40:8)

Heavenly Father, move our hearts with a peaceful calm that shows us the presence of Your grace in our lives. May we experience the flow of Your love through our souls as we interact with one another knowing You are truly present. Help us to stretch our capacity to love You and one another so no resentment or anger may be found in us. In Your Holy Name we pray. Amen.

The Pledge of Allegiance to the Flag was recited.

SENATE AMENDMENT NO. 1

Amend Senate Bill No. 247, Page 1, In the Title, Lines 2-3, by striking “an income tax deduction for the sale of certain employer securities” and inserting in lieu thereof the following: “retirement”; and

Further amend said bill, page 3, section 143.114, line 67, by inserting after all of said line the following:

“169.070. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or who has attained age fifty-five and whose creditable service is twenty-five years or more or whose creditable service is thirty years or more regardless of age, may be the sum of the following items, not to exceed one hundred percent of the member's final average salary:

(1) Two and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years.

In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

(3) Two and four-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years, and the member has not attained age fifty-five;

(4) Two and thirty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained age fifty-five;

(5) Two and three-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years, and the member has not attained age fifty-five;

(6) Two and twenty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years, and the member has not attained age fifty-five;

(7) Two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five;

(8) [Between July 1, 2001, and July 1, 2014,] Two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is [thirty-one] **thirty-two** years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;

(3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to

receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of

two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant

to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

- (1) Thirty or more years of service, one thousand two hundred dollars;
- (2) At least twenty-five years but less than thirty years, one thousand dollars;

Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity for an employer included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the employer's salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the employer does not utilize a salary schedule, or if the position in question is not subject to the employer's salary schedule, a retiree employed in accordance with the provisions of this subsection may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position by the employer that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this subsection shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor, if such person is performing work for an employer included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the employer, the third-party employer, the independent contractor, and the retiree subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this subsection.

2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141, other than for disability, may be employed by an employer included in the retirement system created by those sections in a position that

The employer's contribution rate shall be paid by the hiring employer into the public education employee retirement system established by sections 169.600 to 169.715. If such a person is employed in any capacity by an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall become a member of and contribute to any retirement system described in this subsection if the person satisfies the retirement system's membership eligibility requirements. The provisions of this subsection shall not apply to any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141 employed by a public community college **or employer under subsection 4 of section 169.130.**

- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

(a) An area that is not part of a standard metropolitan statistical area;

(b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or

(c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was

made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to section 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the

first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year. **For any fiscal year in which the total amount of tax credits authorized for programs approved pursuant to section 32.111 is less than ten million dollars, such amount not authorized may be authorized for programs approved pursuant to section 32.112 during the same fiscal year, provided that the total combined amount of tax credits for programs approved pursuant to sections 32.111 and 32.112 during the fiscal year does not exceed eleven million dollars.**

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112.”; and

Further amend the title and enacting clause accordingly.

Senator McCreery moved that the above amendment be adopted.

Senator Brown (16) raised the point of order that **SA 2** goes beyond the scope of the underlying bill.

The point of order was referred to the President Pro Tem, who ruled it well taken.

Senator Luetkemeyer offered **SA 3**:

Journal of the Senate

FIRST REGULAR SESSION

THIRTY-NINTH DAY - WEDNESDAY, MARCH 22, 2023

The Senate met pursuant to adjournment.

President Kehoe in the Chair.

Senator Beck offered the following prayer:

Lord, make us an instrument of your peace: where there is hatred, let us sow love; where there is injury, pardon; where there is doubt, faith; where there is despair, hope; where there is darkness, light; where there is sadness, joy. O divine Master, grant that we may not so much seek to be consoled as to console, to be understood as to understand, to be loved as to love. For it is in giving that we receive, It is in pardoning that we are pardoned. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in

manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a “material recovery processing plant” means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term “product” includes telecommunications services and the term “manufacturing” shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term “manufacturing” has included and continues to include the production and transmission of “telecommunications services”, as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). Senator Rizzo raised the point of order that when the bill was laid over Senator Mosely had closed on her amendment and requested a roll call vote be taken, therefore, when the bill was brought before the body, a roll call vote on **SA 1 to SA 3** should have preceded.

The point of order was referred to the President Pro Tem, who ruled it not well taken.

At the request of Senator Brattin, **SS No. 2** for **SCS** for **SB 131** was withdrawn, rendering **SA 3** and **SA 1 to SA 3** moot.

Senator Brattin offered **SS No. 3** for **SCS** for **SB 131**, entitled:

5. No state entity or employee thereof, political subdivision or employee thereof, or other entity or person shall have the authority to enforce or attempt to enforce a red flag law regardless of the red flag law's origin or the authority of the issuing entity. The court may award the prevailing party, if not the state of Missouri or a political subdivision thereof, reasonable attorney's fees and costs.

(5) Sovereign immunity shall not be an affirmative defense to any action brought under this section.”; and

Further amend said bill, page 4, Section 144.064, line 25, by inserting after all of said line the following:

Further amend the title and enacting clause accordingly.

Senator Eigel moved that the above amendment be adopted.

Senator Rizzo raised the point of order that **SA 1** goes beyond the scope of the underlying bill.

Prior year school attendance center data shall be available on the school's main webpage, and the report card shall include a link or links to data for each of the preceding ten school years, or all preceding years since the school's first year of operation if within the last ten years. The school district, **charter school, or virtual school** shall provide a printed copy of the district-level or [school-level] **attendance center** report card to any patron upon request and shall make reasonable efforts to supply businesses such as, but not limited to, real estate and employment firms with copies or other information about the reports [so that parents and businesses from outside the district who may be contemplating relocation have access].

6. For purposes of completing and distributing the annual report card as prescribed in this section, a school district may include the data from a charter school located within such school district, provided the local board of education or special administrative board for such district and the charter school reach mutual agreement for the inclusion of the data from the charter schools and the terms of such agreement are approved by the state board of education. The charter school shall not be required to be a part of the local educational agency of such school district and may maintain a separate local educational agency status.

The school district and charter school reports shall be distributed to all media outlets serving the district or charter school, and shall be made available to all district and charter school patrons, and to the department. “144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately

in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a “material recovery processing plant” means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term “product” includes telecommunications services and the term “manufacturing” shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term “manufacturing” has included and continues to include the production and transmission of “telecommunications services”, as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri

supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;

(45) All internet access or the use of internet access regardless of whether the tax is imposed on a provider of internet access or a buyer of internet access. For purposes of this subdivision, the following terms shall mean:

(a) "Direct costs", costs incurred by a governmental authority solely because of an internet service provider's use of the public right-of-way. The term shall not include costs that the governmental authority would have incurred if the internet service provider did not make such use of the public right-of-way. Direct costs shall be determined in a manner consistent with generally accepted accounting principles;

(b) "Internet", computer and telecommunications facilities, including equipment and operating software, that comprises the interconnected worldwide network that employ the transmission control protocol or internet protocol, or any predecessor or successor protocols to that protocol, to communicate information of all kinds by wire or radio;

(c) "Internet access", a service that enables users to connect to the internet to access content, information, or other services without regard to whether the service is referred to as telecommunications, communications, transmission, or similar services, and without regard to whether a provider of the service is subject to regulation by the Federal Communications Commission as a common carrier under 47 U.S.C. Section 201, et seq. For purposes of this subdivision, internet access also includes: the purchase, use, or sale of communications services, including telecommunications services as defined in section 144.010, to the extent the communications services are purchased, used, or sold to provide the service described in this subdivision or to otherwise enable users to access content, information, or other services offered over the internet; services that are incidental to the provision of a service described in this subdivision, when furnished to users as part of such service, including a home page, electronic mail, and instant messaging, including voice-capable and video-capable electronic mail and instant messaging, video clips, and personal electronic storage capacity; a home page electronic mail and instant messaging, including voice-capable and video-capable electronic mail and instant messaging, video clips, and personal electronic storage capacity that are provided independently or that are not packed with internet access. As used in this subdivision, internet access does not include voice, audio, and video programming or other products and services, except services described in this paragraph or this subdivision, that use internet protocol or any successor protocol and for which there is a charge, regardless of whether the charge is separately stated or aggregated with the charge for services described in this paragraph or this subdivision;

(d) "Tax", any charge imposed by the state or a political subdivision of the state for the purpose of generating revenues for governmental purposes and that is not a fee imposed for a specific privilege,

service, or benefit conferred, except as described as otherwise under this subdivision, or any obligation imposed on a seller to collect and to remit to the state or a political subdivision of the state any gross retail tax, sales tax, or use tax imposed on a buyer by such a governmental entity. The term tax shall not include any franchise fee or similar fee imposed or authorized under sections 67.1830 to 67.1846 or section 67.2689; Section 622 or 653 of the Communications Act of 1934, 47 U.S.C. Section 542 and 47 U.S.C. Section 573; or any other fee related to obligations of telecommunications carriers under the Communications Act of 1934, 47 U.S.C. Section 151, et seq., except to the extent that:

a. The fee is not imposed for the purpose of recovering direct costs incurred by the franchising or other governmental authority from providing the specific privilege, service, or benefit conferred to the payer of the fee; or

b. The fee is imposed for the use of a public right-of-way based on a percentage of the service revenue, and the fee exceeds the incremental direct costs incurred by the governmental authority associated with the provision of that right-of-way to the provider of internet access service.

Nothing in this subdivision shall be interpreted as an exemption from taxes due on goods or services that were subject to tax on January 1, 2016;

(46) All purchases by a company of solar photovoltaic energy systems, components used to construct a solar photovoltaic energy system, and all purchases of materials and supplies used directly to construct or make improvements to such systems, provided that such systems:

(a) Are sold or leased to an end user; or

(b) Are used to produce, collect and transmit electricity for resale or retail;

(47) All sales of diapers. For the purposes of this subdivision, “diapers” shall mean absorbent garments worn by infants or toddlers who are not toilet-trained or by individuals who are incapable of controlling their bladder or bowel movements;

(48) All sales of feminine hygiene products. For the purposes of this subdivision, “feminine hygiene products” shall mean tampons, pads, liners, and cups.

3. Any ruling, agreement, or contract, whether written or oral, express or implied, between a person and this state's executive branch, or any other state agency or department, stating, agreeing, or ruling that such person is not required to collect sales and use tax in this state despite the presence of a warehouse, distribution center, or fulfillment center in this state that is owned or operated by the person or an affiliated person shall be null and void unless it is specifically approved by a majority vote of each of the houses of the general assembly. For purposes of this subsection, an “affiliated person” means any person that is a member of the same controlled group of corporations as defined in Section 1563(a) of the Internal Revenue Code of 1986, as amended, as the vendor or any other entity that, notwithstanding its form of organization, bears the same ownership relationship to the vendor as a corporation that is a member of the same controlled group of corporations as defined in Section 1563(a) of the Internal Revenue Code, as amended.”; and

Further amend the title and enacting clause accordingly.

(4) “Taxpayer”, an individual, a firm, a partner in a firm, corporation, or a shareholder in an S corporation doing business in this state and subject to the state income tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265.

2. (1) Beginning on March 29, 2013, any donation of cash or food made to a local food pantry on or after January 1, 2013, unless such food is donated after the food's expiration date, shall be eligible for tax credits as provided by this section.

(2) Beginning on August 28, 2018, any donation of cash or food made to a local soup kitchen or local homeless shelter on or after January 1, 2018, unless such food is donated after the food's expiration date, shall be eligible for a tax credit as provided under this section.

(3) Any taxpayer who makes a donation that is eligible for a tax credit under this section shall be allowed a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, in an amount equal to fifty percent of the value of the donations made to the

extent such amounts that have been subtracted from federal adjusted gross income or federal taxable income are added back in the determination of Missouri adjusted gross income or Missouri taxable income before the credit can be claimed. Each taxpayer claiming a tax credit under this section shall file an affidavit with the income tax return verifying the amount of their contributions. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year that the credit is claimed and shall not exceed two thousand five hundred dollars per taxpayer claiming the credit. Any amount of credit that the taxpayer is prohibited by this section from claiming in a tax year shall not be refundable, but may be carried forward to any of the taxpayer's three subsequent tax years. No tax credit granted under this section shall be transferred, sold, or assigned. To the maximum extent possible, the director of revenue shall establish the procedure described in this subsection in such a manner as to ensure that taxpayers can claim all the tax credits possible up to the cumulative amount of tax credits available for the fiscal year.

4. Any local food pantry, local soup kitchen, or local homeless shelter may accept or reject any donation of food made under this section for any reason. For purposes of this section, any donations of food accepted by a local food pantry, local soup kitchen, or local homeless shelter shall be valued at fair market value, or at wholesale value if the taxpayer making the donation of food is a retail grocery store, food broker, wholesaler, or restaurant.

5. The department of revenue shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2007, shall be invalid and void.

6. Under section 23.253 of the Missouri sunset act:

(1) The program authorized under this section shall be reauthorized as of August 28, 2018, and shall expire on December 31, [2026] **2027**, unless reauthorized by the general assembly; and

(2) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

Journal of the Senate

FIRST REGULAR SESSION

FORTY-FIRST DAY - MONDAY, MARCH 27, 2023

The Senate met pursuant to adjournment.

Senator Rowden in the Chair.

Senator Black offered the following prayer:

Gracious God, we give thanks for this day and the many people you have assembled to perform our work in this body. 1 Corinthians 12:12; "The body is a unit, though it is made up of many parts; and though all its parts are many, they form one body. So it is with Christ." We ask You not to bless and give wisdom to the 34, but bless and provide wisdom for all the parts of our body: office staff, senate staff, Capitol caretakers, advocates, and also our friends and family that provide so much support for our Senate body. As each part of our body work to serve the people of Missouri, give us the strength to persevere for Your good and humility to recognize all parts of the body are indispensable; irrelevant of their duty. We must have concern for all the parts to allow us to be successful for our State. God, we ask You to continue to be near those whom are especially struggling now, use each of us this week to provide comfort, love, and friendship to someone in need of Your gracious touch. Please provide strength and blessing to those who serve each day trying to keep us safe both here and abroad. We ask these things in Jesus' Holy name. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his **or her** medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice [agreement] **arrangement**, including collaborative practice [agreements] **arrangements** delegating the authority to prescribe controlled substances, or physician assistant [agreement] **collaborative practice arrangement** and also report to the board the name of each licensed professional with whom the physician has entered into such [agreement] **arrangement**. The board [may] **shall** make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such [agreements] **arrangements** to ensure that [agreements] **arrangements** are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **or to collaborative practice arrangements between a primary care physician and a primary care advanced practice registered nurse, where the collaborating physician is new to a patient population to which the advanced practice registered nurse is familiar.**

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other [agreement] **arrangement** shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate

authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other [agreement] **arrangement** shall require any [advanced practice] registered nurse to serve as a collaborating [advanced practice] registered nurse for any collaborating physician against the [advanced practice] registered nurse's will. (2) **Notwithstanding any other provision of this section to the contrary, a collaborative practice arrangement may delegate to an advanced practice registered nurse the authority to administer, dispense, or prescribe Schedule II controlled substances for hospice patients; provided, that the**

advanced practice registered nurse is employed by a hospice provider certified pursuant to chapter 197 and the advanced practice registered nurse is providing care to hospice patients pursuant to a collaborative practice arrangement that designates the certified hospice as a location where the advanced practice registered nurse is authorized to practice and prescribe.

(3) Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services.

Section 1395x, as amended**), as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider

is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. **The collaborative practice arrangement may allow for geographic proximity to be waived when the arrangement outlines the use of telehealth, as defined in section 191.1145; and**

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to [specifying geographic areas to be covered,] the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating

authority to prescribe controlled substances. **Any rules relating to geographic proximity shall allow a collaborating physician and a collaborating advanced practice registered nurse to practice within two hundred miles by road of one another until August 28, 2025, if the nurse is providing services in a correctional center, as defined in section 217.010.** Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his **or her** medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice [agreement] **arrangement**, including collaborative practice [agreements] **arrangements** delegating the authority to prescribe controlled substances, or physician assistant [agreement] **collaborative practice arrangement** and also report to the board the name of each licensed professional with whom the physician has entered into such [agreement] **arrangement**. The board [may] **shall** make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such [agreements] **arrangements** to ensure that [agreements] **arrangements** are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other

physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **or to collaborative practice arrangements between a primary care physician and a primary care advanced practice registered nurse, where the collaborating physician is new to a patient population to which the advanced practice registered nurse is familiar.**

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other [agreement] **arrangement** shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other [agreement] **arrangement** shall require any [advanced practice] registered nurse to serve as a collaborating [advanced practice] registered nurse for any collaborating physician against the [advanced practice] registered nurse's will. [An advanced practice] **A** registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

13. **(1) The provisions of this section shall not apply to an advanced practice registered nurse who has been in a collaborative practice arrangement or arrangements for a cumulative two thousand documented hours with a collaborating physician or physicians and whose license is in good standing. These advanced practice registered nurses shall not be required to enter into or**

remain in an arrangement in order to practice in this state. Any other provision of law applying to advanced practice registered nurses in collaborative practice arrangements shall also apply to advanced practice registered nurses described in this subsection.

(2) The provisions of this subsection shall not apply to certified registered nurse anesthetists.

- (6) Plan for care and treatment or additional consultations or diagnostic testing, if necessary. If treatment includes medication, the advanced practice registered nurse shall include in the patient record the medication and dosage of any medication prescribed, dispensed, or administered; and
- (7) Any informed consent for office procedures.

3. Patient records remaining under the care, custody, and control of the advanced practice registered nurse shall be maintained by the advanced practice registered nurse or his or her designee for a minimum of seven years from the date on which the last professional service was provided.

4. Any correction, addition, or change in any patient record made more than forty-eight hours after the final entry is entered in the record and signed by the advanced practice registered nurse shall be clearly marked and identified as such. The date, time, and name of the person making the correction, addition, or change, as well as the reason for the correction, addition, or change, shall be included.

5. Advanced practice registered nurses shall ensure that medical records are completed within thirty days following each patient encounter.

6. Notwithstanding any other provision of law to the contrary, the provisions of subsections 2 through 5 of this section shall not apply to certified registered nurse anesthetists, as defined in subdivision (8) of section 335.016.

335.051. 1. The board shall issue a license to practice nursing as [either] **an advanced practice registered nurse**, a registered professional nurse, or a licensed practical nurse without examination to an applicant who has duly become licensed as [a] **an advanced practice registered nurse**, registered nurse, or licensed practical nurse pursuant to the laws of another state, territory, or foreign country if the applicant meets the qualifications required of **advanced practice registered nurses**, registered nurses, or licensed practical nurses in this state at the time the applicant was originally licensed in the other state, territory, or foreign country.

2. Applicants from foreign countries shall be licensed as prescribed by rule.

3. Upon application, the board shall issue a temporary permit to an applicant pursuant to subsection 1 of this section for a license as [either] **an advanced practice registered nurse**, a registered professional nurse, or a licensed practical nurse who has made a prima facie showing that the applicant meets all of the

requirements for such a license. The temporary permit shall be effective only until the board shall have had the opportunity to investigate his **or her** qualifications for licensure pursuant to subsection 1 of this section and to notify the applicant that his or her application for a license has been either granted or rejected. In no event shall such temporary permit be in effect for more than twelve months after the date of its issuance nor shall a permit be reissued to the same applicant. No fee shall be charged for such temporary permit. The holder of a temporary permit which has not expired, or been suspended or revoked, shall be deemed to be the holder of a license issued pursuant to section 335.046 until such temporary permit expires, is terminated or is suspended or revoked.

335.056. 1. The license of every person licensed under the provisions of [sections 335.011 to 335.096] **this chapter** shall be renewed as provided. An application for renewal of license shall be mailed to every person to whom a license was issued or renewed during the current licensing period. The applicant shall complete the application and return it to the board by the renewal date with a renewal fee in an amount to be set by the board. The fee shall be uniform for all applicants. The certificates of renewal shall render the holder thereof a legal practitioner of nursing for the period stated in the certificate of renewal. Any person who practices nursing as **an advanced practice registered nurse**, a registered professional nurse, or [as] a licensed practical nurse during the time his **or her** license has lapsed shall be considered an illegal practitioner and shall be subject to the penalties provided for violation of the provisions of sections 335.011 to [335.096] **335.099**.

2. The renewal of advanced practice registered nurse licenses and registered professional nurse licenses shall occur at the same time, as prescribed by rule. Failure to renew and maintain the registered professional nurse license or privilege to practice or failure to provide the required fee and evidence of active certification or maintenance of certification as prescribed by rules and regulations shall result in expiration of the advanced practice registered nurse license.

335.076. 1. Any person who holds a license to practice professional nursing in this state may use the title “Registered Professional Nurse” and the abbreviation [“R.N.”] **“RN”**. No other person shall use the title “Registered Professional Nurse” or the abbreviation [“R.N.”] **“RN”**. No other person shall assume any title or use any abbreviation or any other words, letters, signs, or devices to indicate that the person using the same is an advanced practice registered nurse.

4. No person shall practice or offer to practice professional nursing, practical nursing, or advanced practice nursing in this state or use any title, sign, abbreviation, card, or device to indicate that such person is a practicing professional nurse, practical nurse, or advanced practice nurse unless he or she has been duly licensed under the provisions of this chapter.

5. In the interest of public safety and consumer awareness, it is unlawful for any person to use the title “nurse” in reference to himself or herself in any capacity, except individuals who are or have been licensed as a registered nurse, licensed practical nurse, or advanced practice registered nurse under this chapter.

6. Notwithstanding any law to the contrary, nothing in this chapter shall prohibit a Christian Science nurse from using the title “Christian Science nurse”, so long as such person provides only religious nonmedical services when offering or providing such services to those who choose to rely upon healing by spiritual means alone and does not hold his or her own religious organization and does not hold himself or herself out as a registered nurse, advanced practice registered nurse, nurse practitioner, licensed practical nurse, nurse midwife, clinical nurse specialist, or nurse anesthetist, unless otherwise authorized by law to do so.

335.086. No person, firm, corporation or association shall:

(4) Use in connection with his **or her** name any designation tending to imply that he **or she** is a licensed **advanced practice registered nurse, a licensed** registered professional nurse, or a licensed practical nurse unless duly licensed so to practice under the provisions of sections 335.011 to [335.096] **335.099**;

(5) Practice [professional nursing or practical] nursing during the time his **or her** license issued under the provisions of sections 335.011 to [335.096] **335.099** shall be suspended or revoked; or

(6) Conduct a nursing education program for the preparation of professional or practical nurses unless the program has been accredited by the board.

335.175. 1. No later than January 1, 2014, there is hereby established within the state board of registration for the healing arts and the state board of nursing the “Utilization of Telehealth by Nurses”. An advanced practice registered nurse (APRN) providing nursing services under a collaborative practice arrangement under section 334.104 may provide such services outside the geographic proximity requirements of section 334.104 if the collaborating physician and advanced practice registered nurse utilize telehealth [in the care of the patient and if the services are provided in a rural area of need.] Telehealth providers shall be required to obtain patient consent before telehealth services are initiated and ensure confidentiality of medical information.

2. As used in this section, “telehealth” shall have the same meaning as such term is defined in section 191.1145.

[3. (1) The boards shall jointly promulgate rules governing the practice of telehealth under this section. Such rules shall address, but not be limited to, appropriate standards for the use of telehealth.]

[(2) Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.]

[4. For purposes of this section, “rural area of need” means any rural area of this state which is located in a health professional shortage area as defined in section 354.650.]”; and

Journal of the Senate

FIRST REGULAR SESSION

FORTY-SECOND DAY - TUESDAY, MARCH 28, 2023

The Senate met pursuant to adjournment.

Senator Rowden in the Chair.

Senator Brattin offered the following prayer:

“The human heart is the most deceitful of all things, and desperately wicked. Who really knows how bad it is?” (Jeremiah 17:9)

Good, Gracious Heavenly Father, we come before You today knowing that we are in desperate need of You, Your wisdom, and Your Truth. In a fallen world filled with sin, corruption, and deceit, we pray for Your guidance and Your Sovereign grace to fall upon us. We know that only by Your sheer will do we have all that we have as a people, as a nation, and as a state. And apart from You, there is nothing we can do. As a nation, may we do as You command in Your Holy word, “If my people who are called by my name will humble themselves and pray and seek my face and turn from their wicked ways, I will hear from heaven and will forgive their sins and restore their land.” (2 Chronicles 7:14). All these things we ask in Your Son, Jesus Christ’s name. Amen.

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Committee Substitute for Senate Bills Nos. 56 & 61, Page 1, In the Title, Lines 3-5, by striking "prohibitions against using electronic communication devices while operating"; and

Further amend said bill and page, Section A, line 3, by inserting after all of said line the following:

“144.020. 1. A tax is hereby levied and imposed for the privilege of titling new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be titled under the laws of the state of Missouri and, except as provided in subdivision (9) of this subsection, upon all sellers for the privilege of engaging in the business of selling tangible personal property or rendering taxable service at retail in this state. The rate of tax shall be as follows:

(1) Upon every retail sale in this state of tangible personal property, excluding motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats and outboard motors required to be titled under the laws of the state of Missouri and subject to tax under subdivision (9) of this subsection, a tax equivalent to four percent of the purchase price paid or charged, or in case such sale involves the exchange of property, a tax equivalent to four percent of the consideration paid or charged, including the fair market value of the property exchanged at the time and place of the exchange, except as otherwise provided in section 144.025;

(2) A tax equivalent to four percent of the amount paid for admission and seating accommodations, or fees paid to, or in any place of amusement, entertainment or recreation, games and athletic events, except amounts paid for any instructional class;

(3) A tax equivalent to four percent of the basic rate paid or charged on all sales of electricity or electrical current, water and gas, natural or artificial, to domestic, commercial or industrial consumers;

(4) (a) A tax equivalent to four percent on the basic rate paid or charged on all sales of local and long distance telecommunications service to telecommunications subscribers and to others through equipment of telecommunications subscribers for the transmission of messages and conversations and upon the sale, rental or leasing of all equipment or services pertaining or incidental thereto; except that, the payment made by telecommunications subscribers or others, pursuant to section 144.060, and any amounts paid for access to the internet or interactive computer services shall not be considered as amounts paid for telecommunications services;

(b) If local and long distance telecommunications services subject to tax under this subdivision are aggregated with and not separately stated from charges for telecommunications service or other services not subject to tax under this subdivision, including, but not limited to, interstate or international telecommunications services, then the charges for nontaxable services may be subject to taxation unless the telecommunications provider can identify by reasonable and verifiable standards such portion of the charges not subject to such tax from its books and records that are kept in the regular course of business, including, but not limited to, financial statement, general ledgers, invoice and billing systems and reports, and reports for regulatory tariffs and other regulatory matters;

(c) A telecommunications provider shall notify the director of revenue of its intention to utilize the standards described in paragraph (b) of this subdivision to determine the charges that are subject to sales tax under this subdivision. Such notification shall be in writing and shall meet standardized criteria established by the department regarding the form and format of such notice;

(d) The director of revenue may promulgate and enforce reasonable rules and regulations for the administration and enforcement of the provisions of this subdivision. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become

effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void;

(5) A tax equivalent to four percent of the basic rate paid or charged for all sales of services for transmission of messages of telegraph companies;

(6) A tax equivalent to four percent on the amount of sales or charges for all rooms, meals and drinks furnished at any hotel, motel, tavern, inn, restaurant, eating house, drugstore, dining car, tourist cabin, tourist camp or other place in which rooms, meals or drinks are regularly served to the public. The tax imposed under this subdivision shall not apply to any automatic mandatory gratuity for a large group imposed by a restaurant when such gratuity is reported as employee tip income and the restaurant withholds income tax under section 143.191 on such gratuity;

(7) A tax equivalent to four percent of the amount paid or charged for intrastate tickets by every person operating a railroad, sleeping car, dining car, express car, boat, airplane and such buses and trucks as are licensed by the division of motor carrier and railroad safety of the department of economic development of Missouri, engaged in the transportation of persons for hire;

(8) A tax equivalent to four percent of the amount paid or charged for rental or lease of tangible personal property, provided that if the lessor or renter of any tangible personal property had previously purchased the property under the conditions of sale at retail or leased or rented the property and the tax was paid at the time of purchase, lease or rental, the lessor, sublessor, renter or subrenter shall not apply or collect the tax on the subsequent lease, sublease, rental or subrental receipts from that property. The purchase, rental or lease of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors shall be taxed and the tax paid as provided in this section and section 144.070. In no event shall the rental or lease of boats and outboard motors be considered a sale, charge, or fee to, for or in places of amusement, entertainment or recreation nor shall any such rental or lease be subject to any tax imposed to, for, or in such places of amusement, entertainment or recreation. Rental and leased boats or outboard motors shall be taxed under the provisions of the sales tax laws as provided under such laws for motor vehicles and trailers. Tangible personal property which is exempt from the sales or use tax under section 144.030 upon a sale thereof is likewise exempt from the sales or use tax upon the lease or rental thereof;

(9) A tax equivalent to four percent of the purchase price, as defined in section 144.070, of new and used motor vehicles, trailers, boats, and outboard motors purchased or acquired for use on the highways or waters of this state which are required to be registered under the laws of the state of Missouri. This tax is imposed on the person titling such property, and shall be paid according to the procedures in **section 144.070 or** section 144.440.

2. All tickets sold which are sold under the provisions of this chapter which are subject to the sales tax shall have printed, stamped or otherwise endorsed thereon, the words "This ticket is subject to a sales tax."

144.070. 1. At the time the owner of any new or used motor vehicle, trailer, boat, or outboard motor which was acquired in a transaction subject to sales tax under the Missouri sales tax law makes application to the director of revenue for an official certificate of title and the registration of the motor vehicle, trailer, boat, or outboard motor as otherwise provided by law, the owner shall present to the director of revenue evidence satisfactory to the director of revenue showing the purchase price exclusive of any charge incident to the extension of credit paid by or charged to the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, or that no sales tax was incurred in its acquisition, and if sales tax was incurred in its acquisition, the applicant shall pay or cause to be paid to the director of revenue the sales tax provided by the Missouri sales tax law in addition to the registration fees now or hereafter required according to law, and the director of revenue shall not issue a certificate of title for any new or used motor vehicle, trailer, boat, or outboard motor subject to sales tax as provided in the Missouri sales tax law until the tax levied for the sale of the same under sections 144.010 to 144.510 has been paid as provided in this section or is registered under the provisions of subsection 5 of this section.

2. As used in subsection 1 of this section, the term "purchase price" shall mean the total amount of the contract price agreed upon between the seller and the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, regardless of the medium of payment therefor.

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisement by the director.

4. The director of the department of revenue shall endorse upon the official certificate of title issued by the director upon such application an entry showing that such sales tax has been paid or that the motor vehicle, trailer, boat, or outboard motor represented by such certificate is exempt from sales tax and state the ground for such exemption.

5. Any person, company, or corporation engaged in the business of renting or leasing motor vehicles, trailers, boats, or outboard motors, which are to be used exclusively for rental or lease purposes, and not for resale, may apply to the director of revenue for authority to operate as a leasing or rental company and pay an annual fee of two hundred fifty dollars for such authority. Any company approved by the director of revenue may pay the tax due on any motor vehicle, trailer, boat, or outboard motor as required in section 144.020 at the time of registration thereof or in lieu thereof may pay a sales tax as provided in sections 144.010, 144.020, 144.070 and 144.440. A sales tax shall be charged to and paid by a leasing company which does not exercise the option of paying in accordance with section 144.020, on the amount charged for each rental or lease agreement while the motor vehicle, trailer, boat, or outboard motor is domiciled in this state. Any motor vehicle, trailer, boat, or outboard motor which is leased as the result of a contract executed in this state shall be presumed to be domiciled in this state.

6. Every applicant to be a registered fleet owner as described in subsections 6 to 10 of section 301.032 shall furnish with the application to operate as a registered fleet owner a corporate surety bond or irrevocable letter of credit, as defined in section 400.5-102, issued by any state or federal financial institution in the penal sum of one hundred thousand dollars, on a form approved by the department. The bond or irrevocable letter of credit shall be conditioned upon the registered fleet owner complying with the provisions of any statutes applicable to registered fleet owners, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the registered fleet owner license. The bond shall be executed in the name of

the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except that, the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.

7. Any corporation may have one or more of its divisions separately apply to the director of revenue for authorization to operate as a leasing company, provided that the corporation:

(1) Has filed a written consent with the director authorizing any of its divisions to apply for such authority;

(2) Is authorized to do business in Missouri;

(3) Has agreed to treat any sale of a motor vehicle, trailer, boat, or outboard motor from one of its divisions to another of its divisions as a sale at retail;

(4) Has registered under the fictitious name provisions of sections 417.200 to 417.230 each of its divisions doing business in Missouri as a leasing company; and

(5) Operates each of its divisions on a basis separate from each of its other divisions. However, when the transfer of a motor vehicle, trailer, boat or outboard motor occurs within a corporation which holds a license to operate as a motor vehicle or boat dealer pursuant to sections 301.550 to 301.573 the provisions in subdivision (3) of this subsection shall not apply.

8. If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

9. Any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, and that has applied to the director of revenue for authority to operate as a leasing company may also operate as a registered fleet owner as prescribed in section 301.032.

10. Beginning July 1, 2010, any motor vehicle dealer licensed under section 301.560 engaged in the business of selling motor vehicles or trailers may apply to the director of revenue for authority to collect and remit the sales tax required under this section on all motor vehicles sold by the motor vehicle dealer. A motor vehicle dealer receiving authority to collect and remit the tax is subject to all provisions under sections 144.010 to 144.525. Any motor vehicle dealer authorized to collect and remit sales taxes on motor vehicles under this subsection shall be entitled to deduct and retain an amount equal to two percent

of the motor vehicle sales tax pursuant to section 144.140. Any amount of the tax collected under this subsection that is retained by a motor vehicle dealer pursuant to section 144.140 shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers for their role in collecting and remitting sales taxes on motor vehicles. In the event this subsection or any portion thereof is held to violate Article IV, Section 30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues.

11. (1) Beginning January 1, 2024, notwithstanding any provision of this section, section 144.440, or any other provision of law to the contrary, if the sales tax imposed on the purchase of a motor vehicle under section 144.020 is not collected and remitted by a motor vehicle dealer under subsection 10 of this section and the purchaser of the motor vehicle utilizes any form of financing to purchase the motor vehicle, the full amount of the sales tax due shall be explicitly included in the financing agreement between the purchaser and the financing entity and the financing entity shall transfer such amount directly to the motor vehicle dealer, who shall remit the sales tax due to the appropriate taxing authority on behalf of the purchaser. Any amounts received by the taxing authority shall be credited towards any amounts of sales tax otherwise due to the taxing authority by the purchaser. The failure of a motor vehicle dealer to properly remit moneys to an appropriate taxing authority shall not be a defense to any claim owed by the purchaser, and both the motor vehicle dealer and the purchaser shall be jointly liable to the taxing authority for any taxes owed.

(2) The director of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.”; and

SENATE AMENDMENT NO. 1

Amend Senate Bill No. 213, Page 1, In the Title, Line 3, by striking “in paternity actions”; and

Further amend said bill, page 3, section 210.841, line 64, by inserting after all of said line the following:

“452.375. 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) “Custody” means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;

(2) “Joint legal custody” means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or

decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;

(3) “Joint physical custody” means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;

(4) “Third-party custody” means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.

2. The court shall determine custody in accordance with the best interests of the child. **There shall be a rebuttable presumption that an award of equal or approximately equal parenting time to each parent is in the best interests of the child. Such presumption is rebuttable only by a preponderance of the evidence in accordance with all relevant factors, including, but not limited to, the factors contained in subdivisions (1) to (8) of this subsection. The presumption may be rebutted if the court finds that the parents have reached an agreement on all issues related to custody, or if the court finds that a pattern of domestic violence has occurred as set out in subdivision (6) of this subsection.** When the parties have not reached an agreement on all issues related to custody, the court shall consider all relevant factors and enter written findings of fact and conclusions of law, including, but not limited to, the following:

(1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both parties;

(2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;

(3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;

(4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;

(5) The child's adjustment to the child's home, school, and community. **The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children;**

(6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;

(7) The intention of either parent to relocate the principal residence of the child; and

(8) The [wishes] **unobstructed input** of a child, **free of coercion and manipulation**, as to the child's [custodian] **custodial arrangement**. [The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children.]

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

(a) A felony violation of section 566.030, 566.031, 566.032, 566.060, 566.061, 566.062, 566.064, 566.067, 566.068, 566.083, 566.100, 566.101, 566.111, 566.151, 566.203, 566.206, 566.209, 566.211, or 566.215;

(b) A violation of section 568.020;

(c) A violation of subdivision (2) of subsection 1 of section 568.060;

(d) A violation of section 568.065;

(e) A violation of section 573.200;

(f) A violation of section 573.205; or

(g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, **the general assembly encourages the court to enter a temporary parenting plan as early as practicable in a proceeding under this chapter, consistent with the provisions of subsection 2 of this section, and, in so doing,** the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation may be awarded **to** a person related by consanguinity or affinity to the child. If no person related to the child by consanguinity or affinity is willing to accept custody, then the court may award custody to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child. The court shall not presume that a parent, solely because of his or her sex, is more qualified than the other parent to act as a joint or sole legal or physical custodian for the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection 8 of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. After August 28, 2016, every court order establishing or modifying custody or visitation shall include the following language: "In the event of noncompliance with this order, the aggrieved party may file a verified motion for contempt. If custody, visitation, or third-party custody is denied or interfered with by a parent or third party without good cause, the aggrieved person may file a family access motion

with the court stating the specific facts that constitute a violation of the custody provisions of the judgment of dissolution, legal separation, or judgment of paternity. The circuit clerk will provide the aggrieved party with an explanation of the procedures for filing a family access motion and a simple form for use in filing the family access motion. A family access motion does not require the assistance of legal counsel to prepare and file.”.

11. No court shall adopt any local rule, form, or practice requiring a standardized or default parenting plan for interim, temporary, or permanent orders or judgments. Notwithstanding any other provision **of law** to the contrary, a court may enter an interim order in a proceeding under this chapter, provided that the interim order shall not contain any provisions about child custody or a parenting schedule or plan without first providing the parties with notice and a hearing, unless the parties otherwise agree.

12. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. A court shall order that the reports and records made available under this subsection not include the address of the parent with custody if the parent with custody is a participant in the address confidentiality program under section 589.663. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

13. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

14. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

15. If the court finds that domestic violence or abuse as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm.”; and

Further amend the title and enacting clause accordingly.

Senator Koenig moved that the above amendment be adopted, which motion prevailed.

Senator May offered **SA 3**:

SENATE AMENDMENT NO. 3

Further amend said bill, page 3, section 210.841, line 64, by inserting after all of said line the following:

“454.1005. 1. To show cause why suspension of a license may not be appropriate, the obligor shall request a hearing from the court or division that issued the notice of intent to suspend the license. The request shall be made within sixty days of the date of service of notice.

2. If an obligor fails to respond, without good cause, to a notice of intent to suspend a license[,] **or to** timely request a hearing or comply with a payment plan, [the obligor's defenses and objections shall be considered to be without merit and] the court or director may enter an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity.

3. Upon timely receipt of a request for hearing from an obligor, the court or director shall schedule a hearing **that complies with due process** to determine if suspension of the obligor's license is appropriate **considering all relevant factors, including those factors listed in subsection 4 of this section**. The court or director shall stay suspension of the license pending the outcome of the hearing.

4. [If the action involves an arrearage, the only issues that may be determined in a hearing pursuant to this section are] **In determining whether the license suspension is appropriate under the**

circumstances, the court or director shall consider and issue written findings of fact and conclusions of law within thirty days following the hearing regarding the following:

- (1) The identity of the obligor;

- (3) Whether the obligor has entered a payment plan. If the action involves a failure to comply with a subpoena or order, the only issues that may be determined are the identity of the obligor and whether the obligor has complied with the subpoena or order;
- (4) Whether the obligor had the ability to make the payments that are in arrearage;**
- (5) Whether the obligor has the current ability to make the payments;**

5. If the court or director, after the hearing, determines that the obligor has failed to comply with the child support payment obligation and an arrearage exists in excess of two thousand five hundred dollars for good cause, then the court or director shall not issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity or, if an order is in place, shall stay such order. Good cause may include loss of employment, excluding voluntarily quitting or a dismissal due to poor job performance or failure to meet a condition of employment; catastrophic illness or accident of the obligor or a family member; severe inclement weather, including a natural disaster; or the obligor experiences a family emergency or other life-changing event, including divorce or domestic violence. A decision by the court or director under this section not to issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity shall not prevent a court or the director from issuing a new order suspending the license of the same obligor in the event of another arrearage if the obligor fails, without good cause, to comply with the support order or payment plan.

6. If the court or director, after hearing, determines that the obligor has failed, **without good cause**, to comply with any of the requirements in subsection 4 of this section, the court or director shall issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity.

[6.] **7.** The court or division shall send a copy of the order suspending a license to the licensing authority and the obligor by certified mail.

Senator Eigel offered SA 2:

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Bill No. 214, Page 1, In the Title, Line 4, by striking said line and inserting in lieu thereof the following: “judicial proceedings involving the care of children.”; and

Further amend said bill, page 13, section 452.340, line 314, by inserting after all of said line the following:

“452.375. 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) “Custody” means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;

(2) “Joint legal custody” means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;

(3) “Joint physical custody” means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;

(4) “Third-party custody” means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.

2. The court shall determine custody in accordance with the best interests of the child. **There shall be a rebuttable presumption that an award of equal or approximately equal parenting time to each parent is in the best interests of the child. Such presumption is rebuttable only by a preponderance of the evidence in accordance with all relevant factors, including, but not limited to, the factors contained in subdivisions (1) to (8) of this subsection. The presumption may be rebutted if the court finds that the parents have reached an agreement on all issues related to custody, or if the court finds that a pattern of domestic violence has occurred as set out in subdivision (6) of this subsection.** When the parties have not reached an agreement on all issues related to custody, the court shall consider all relevant factors and enter written findings of fact and conclusions of law, including, but not limited to, the following:

(1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both parties;

(2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;

(3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;

(4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;

(5) The child's adjustment to the child's home, school, and community. **The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children;**

(6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;

(7) The intention of either parent to relocate the principal residence of the child; and

(8) The [wishes] **unobstructed input** of a child, **free of coercion and manipulation**, as to the child's [custodian] **custodial arrangement**. [The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children.]

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

(a) A felony violation of section 566.030, 566.031, 566.032, 566.060, 566.061, 566.062, 566.064, 566.067, 566.068, 566.083, 566.100, 566.101, 566.111, 566.151, 566.203, 566.206, 566.209, 566.211, or 566.215;

(b) A violation of section 568.020;

(c) A violation of subdivision (2) of subsection 1 of section 568.060;

(d) A violation of section 568.065;

(e) A violation of section 573.200;

(f) A violation of section 573.205; or

(g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, **the general assembly encourages the court to enter a temporary parenting plan as early as practicable in a proceeding under this chapter, consistent with the provisions of**

subsection 2 of this section, and, in so doing, the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation may be awarded **to** a person related by consanguinity or affinity to the child. If no person related to the child by consanguinity or affinity is willing to accept custody, then the court may award custody to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child. The court shall not presume that a parent, solely because of his or her sex, is more qualified than the other parent to act as a joint or sole legal or physical custodian for the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection 8 of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. After August 28, 2016, every court order establishing or modifying custody or visitation shall include the following language: "In the event of noncompliance with this order, the aggrieved party may file a verified motion for contempt. If custody, visitation, or third-party custody is denied or interfered with by a parent or third party without good cause, the aggrieved person may file a family access motion with the court stating the specific facts that constitute a violation of the custody provisions of the judgment of dissolution, legal separation, or judgment of paternity. The circuit clerk will provide the aggrieved party with an explanation of the procedures for filing a family access motion and a simple form for use in filing the family access motion. A family access motion does not require the assistance of legal counsel to prepare and file."

11. No court shall adopt any local rule, form, or practice requiring a standardized or default parenting plan for interim, temporary, or permanent orders or judgments. Notwithstanding any other provision of **law** to the contrary, a court may enter an interim order in a proceeding under this chapter, provided that the interim order shall not contain any provisions about child custody or a parenting schedule or plan without first providing the parties with notice and a hearing, unless the parties otherwise agree.

12. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. A court shall order that the reports and records made available under this subsection not include the address of the parent with custody if the parent with custody is a participant in the address confidentiality program under section 589.663. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

13. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

14. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and

applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

15. If the court finds that domestic violence or abuse as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm.”; and

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Committee Substitute for Senate Bill No. 88, Page 4, Section 324.004, Line 87, by inserting after all of said line the following:

“454.1005. 1. To show cause why suspension of a license may not be appropriate, the obligor shall request a hearing from the court or division that issued the notice of intent to suspend the license. The request shall be made within sixty days of the date of service of notice.

2. If an obligor fails to respond, without good cause, to a notice of intent to suspend a license[,] **or to** timely request a hearing or comply with a payment plan, [the obligor's defenses and objections shall be considered to be without merit and] the court or director may enter an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity.

3. Upon timely receipt of a request for hearing from an obligor, the court or director shall schedule a hearing **that complies with due process** to determine if suspension of the obligor's license is appropriate **considering all relevant factors, including those factors listed in subsection 4 of this section.** The court or director shall stay suspension of the license pending the outcome of the hearing.

4. [If the action involves an arrearage, the only issues that may be determined in a hearing pursuant to this section are] **In determining whether the license suspension is appropriate under the circumstances, the court or director shall consider and issue written findings of fact and conclusions of law within thirty days following the hearing regarding the following:**

(1) The identity of the obligor;

(2) Whether the arrearage is in an amount greater than or equal to three months of support payments or two thousand five hundred dollars, whichever is less, by the date of service of a notice of intent to suspend; [and]

(3) Whether the obligor has entered a payment plan. If the action involves a failure to comply with a subpoena or order, the only issues that may be determined are the identity of the obligor and whether the obligor has complied with the subpoena or order;

(4) Whether the obligor had the ability to make the payments that are in arrearage;

(5) Whether the obligor has the current ability to make the payments;

(6) The reasons the obligor needs the license, including, but not limited to:

(a) Transportation of family members to and from work, school, or medical treatment;

(b) Transportation of the obligor or family members to extra curricular activities; or

(c) **A requirement for employment;**

(7) Whether the obligor is unemployed or underemployed;

(8) Whether the obligor is actively seeking employment;

(9) Whether the obligor has engaged in job search and job readiness assistance, including utilization of the state employment database website;

(10) Whether the obligor has a physical or mental impairment affecting his or her capacity to work; and

(11) Any other relevant factors that affect the obligor's ability to make the child support payments.

5. If the court or director, after the hearing, determines that the obligor has failed to comply with the child support payment obligation and an arrearage exists in excess of two thousand five hundred dollars for good cause, then the court or director shall not issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity or, if an order is in place, shall stay such order. Good cause may include loss of employment, excluding voluntarily quitting or a dismissal due to poor job performance or failure to meet a condition of employment; catastrophic illness or accident of the obligor or a family member; severe inclement weather, including a natural disaster; or the obligor experiences a family emergency or other life-changing event, including divorce or domestic violence. A decision by the court or director under this section not to issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity shall not prevent a court or the director from issuing a new order suspending the license of the same obligor in the event of another arrearage if the obligor fails, without good cause, to comply with the support order or payment plan.

6. If the court or director, after hearing, determines that the obligor has failed, without good cause, to comply with any of the requirements in subsection 4 of this section, the court or director shall issue an order suspending the obligor's license and ordering the obligor to refrain from engaging in the licensed activity.

[6.] 7. The court or division shall send a copy of the order suspending a license to the licensing authority and the obligor by certified mail.

[7.] 8. The determination of the director, after a hearing pursuant to this section, shall be a final agency decision and shall be subject to judicial review pursuant to chapter 536. Administrative hearings held pursuant to this section shall be conducted by hearing officers appointed by the director of the department pursuant to subsection 1 of section 454.475.

[8.] 9. A determination made by the court or division pursuant to this section is independent of any proceeding of the licensing authority to suspend, revoke, deny, terminate or renew a license.”; and

(4) For each notice of lien processed, six dollars;

(5) Notary fee or electronic transmission per processing, two dollars.

2. The director of revenue shall award fee office contracts under this section through a competitive bidding process. The competitive bidding process shall give priority to organizations and entities that are exempt from taxation under Section 501(c)(3), 501(c)(6), or 501(c)(4), except those civic organizations that would be considered action organizations under 26 C.F.R. Section 1.501 (c)(3)-1(c)(3), of the Internal Revenue Code of 1986, as amended, with special consideration given to those organizations and entities that reinvest a minimum of seventy-five percent of the net proceeds to charitable organizations in Missouri, and political subdivisions, including but not limited to, municipalities, counties, and fire protection districts. The director of the department of revenue may promulgate rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subsection shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the

general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2009, shall be invalid and void.

3. All fees collected by a tax-exempt organization may be retained and used by the organization.

4. All fees charged shall not exceed those in this section. The fees imposed by this section shall be collected by all permanent offices and all full-time or temporary offices maintained by the department of revenue.

5. Any person acting as agent of the department of revenue for the sale and issuance of registrations, licenses, and other documents related to motor vehicles shall have an insurable interest in all license plates, licenses, tabs, forms and other documents held on behalf of the department.

6. The fees authorized by this section shall not be collected by motor vehicle dealers acting as agents of the department of revenue under section 32.095 or those motor vehicle dealers authorized to collect and remit sales tax under subsection 10 of section 144.070.

7. Notwithstanding any other provision of law to the contrary, the state auditor may audit all records maintained and established by the fee office in the same manner as the auditor may audit any agency of the state, and the department shall ensure that this audit requirement is a necessary condition for the award of all fee office contracts. No confidential records shall be divulged in such a way to reveal personally identifiable information.

8. The fees described in subsection 1 of this section shall not be collected from any person who qualifies as a homeless child or homeless youth, as defined in subsection 1 of section 167.020, or as an unaccompanied youth as defined in 42 U.S.C. Section 11434a(6). Such person's status as a homeless child or youth or unaccompanied youth shall be verified by a letter signed by one of the following persons:

(1) A director or designee of a governmental or nonprofit agency that receives public or private funding to provide services to homeless persons;

(2) A local education agency liaison for homeless children and youth designated under 42 U.S.C. Section 11432(g)(1)(J)(ii), or a school social worker or counselor; or

(3) A licensed attorney representing the minor in any legal matter.”; and

Further amend said bill, page 5, section 193.265, line 128 by inserting after all of said line the following:

“302.178. 1. Any person between the ages of sixteen and eighteen years who is qualified to obtain a license pursuant to sections 302.010 to 302.340 may apply for, and the director shall issue, an intermediate driver's license entitling the applicant, while having such license in his or her possession, to operate a motor vehicle of the appropriate class upon the highways of this state in conjunction with the requirements of this section. An intermediate driver's license shall be readily distinguishable from a license issued to those over the age of eighteen. All applicants for an intermediate driver's license shall:

(1) Successfully complete the examination required by section 302.173;

(2) Pay the fee required by subsection 4 of this section;

(3) Have had a temporary instruction permit issued pursuant to subsection 1 of section 302.130 for at least a six-month period or a valid license from another state; and

(4) Have a parent, grandparent, legal guardian, or, if the applicant is a participant in a federal residential job training program, a driving instructor employed by a federal residential job training program, sign the application stating that the applicant has completed at least forty hours of supervised driving experience under a temporary instruction permit issued pursuant to subsection 1 of section 302.130, or, if the applicant is an emancipated minor, the person over twenty-one years of age who supervised such driving. For purposes of this section, the term “emancipated minor” means a person who is at least sixteen years of age, but less than eighteen years of age, who:

(a) Marries with the consent of the legal custodial parent or legal guardian pursuant to section 451.080;

(b) Has been declared emancipated by a court of competent jurisdiction;

(c) Enters active duty in the Armed Forces;

(d) Has written consent to the emancipation from the custodial parent or legal guardian; [or]

(e) Through employment or other means provides for such person's own food, shelter and other cost-of-living expenses; **or**

(f) Qualifies as a homeless child or homeless youth, as defined in subsection 1 of section 167.020, or as an unaccompanied youth as defined in 42 U.S.C. Section 11434a(6), and whose status as such is verified as provided under subsection 10 of this section;

(5) Have had no alcohol-related enforcement contacts as defined in section 302.525 during the preceding twelve months; and

(6) Have no nonalcoholic traffic convictions for which points are assessed pursuant to section 302.302, within the preceding six months.

2. An intermediate driver's license grants the licensee the same privileges to operate that classification of motor vehicle as a license issued pursuant to section 302.177, except that no person shall operate a motor vehicle on the highways of this state under such an intermediate driver's license between the hours of 1:00 a.m. and 5:00 a.m. unless accompanied by a person described in subsection 1 of section 302.130; except the licensee may operate a motor vehicle without being accompanied if the travel is to or from a school or educational program or activity, a regular place of employment or in emergency situations as defined by the director by regulation.

3. Each intermediate driver's license shall be restricted by requiring that the driver and all passengers in the licensee's vehicle wear safety belts at all times. This safety belt restriction shall not apply to a person operating a motorcycle. For the first six months after issuance of the intermediate driver's license, the holder of the license shall not operate a motor vehicle with more than one passenger who is under the age of nineteen who is not a member of the holder's immediate family. As used in this subsection, an intermediate driver's license holder's immediate family shall include brothers, sisters, stepbrothers or stepsisters of the driver, including adopted or foster children residing in the same household of the

intermediate driver's license holder. After the expiration of the first six months, the holder of an intermediate driver's license shall not operate a motor vehicle with more than three passengers who are under nineteen years of age and who are not members of the holder's immediate family. The passenger restrictions of this subsection shall not be applicable to any intermediate driver's license holder who is operating a motor vehicle being used in agricultural work-related activities.

4. Notwithstanding the provisions of section 302.177 to the contrary, the fee for an intermediate driver's license shall be five dollars and such license shall be valid for a period of two years. **Such fee shall be waived for any person qualifying as an emancipated minor under subdivision (4) of subsection 1 of this section.**

5. Any intermediate driver's licensee accumulating six or more points in a twelve-month period may be required to participate in and successfully complete a driver-improvement program approved by the state highways and transportation commission. The driver-improvement program ordered by the director of revenue shall not be used in lieu of point assessment.

6. (1) An intermediate driver's licensee who has, for the preceding twelve-month period, had no alcohol-related enforcement contacts, as defined in section 302.525 and no traffic convictions for which points are assessed, upon reaching the age of eighteen years or within the thirty days immediately preceding their eighteenth birthday may apply for and receive without further examination, other than a vision test as prescribed by section 302.173, a license issued pursuant to this chapter granting full driving privileges. Such person shall pay the required fee for such license as prescribed in section 302.177.

(2) If an intermediate driver's license expires on a Saturday, Sunday, or legal holiday, such license shall remain valid for the five business days immediately following the expiration date. In no case shall a licensee whose intermediate driver's license expires on a Saturday, Sunday, or legal holiday be guilty of an offense of driving with an expired or invalid driver's license if such offense occurred within five business days immediately following an expiration date that occurs on a Saturday, Sunday, or legal holiday.

(3) The director of revenue shall deny an application for a full driver's license until the person has had no traffic convictions for which points are assessed for a period of twelve months prior to the date of application for license or until the person is eligible to apply for a six-year driver's license as provided for in section 302.177, provided the applicant is otherwise eligible for full driving privileges. An intermediate driver's license shall expire when the licensee is eligible and receives a full driver's license as prescribed in subdivision (1) of this section.

7. No person upon reaching the age of eighteen years whose intermediate driver's license and driving privilege is denied, suspended, cancelled or revoked in this state or any other state for any reason may apply for a full driver's license until such license or driving privilege is fully reinstated. Any such person whose intermediate driver's license has been revoked pursuant to the provisions of sections 302.010 to 302.540 shall, upon receipt of reinstatement of the revocation from the director, pass the complete driver examination, apply for a new license, and pay the proper fee before again operating a motor vehicle upon the highways of this state.

8. A person shall be exempt from the intermediate licensing requirements if the person has reached the age of eighteen years and meets all other licensing requirements.

9. Any person who violates any of the provisions of this section relating to intermediate drivers' licenses or the provisions of section 302.130 relating to temporary instruction permits is guilty of an infraction, and no points shall be assessed to his or her driving record for any such violation.

10. A person's status as a homeless child or youth or unaccompanied youth under paragraph (f) of subdivision (4) of subsection 1 of this section shall be verified by a letter signed by one of the following persons:

(1) A director or designee of a governmental or nonprofit agency that receives public or private funding to provide services to homeless persons;

(2) A local education agency liaison for homeless children and youth designated under 42 U.S.C. Section 11432(g)(1)(J)(ii), or a school social worker or counselor; or

(3) A licensed attorney representing the minor in any legal matter.

11. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2000, shall be invalid and void.

302.181. 1. The license issued pursuant to the provisions of sections 302.010 to 302.340 shall be in such form as the director shall prescribe, but the license shall be a card made of plastic or other comparable material. All licenses shall be manufactured of materials and processes that will prohibit, as nearly as possible, the ability to reproduce, alter, counterfeit, forge, or duplicate any license without ready detection. The license shall also bear the expiration date of the license, the classification of the license, the name, date of birth, residence address including the county of residence or a code number corresponding to such county established by the department, and brief description and colored digitized image of the licensee, and a facsimile of the signature of the licensee. The director shall provide by administrative rule the procedure and format for a licensee to indicate on the back of the license together with the designation for an anatomical gift as provided in section 194.240 the name and address of the person designated pursuant to sections 404.800 to 404.865 as the licensee's attorney in fact for the purposes of a durable power of attorney for health care decisions. No license shall be valid until it has been so signed by the licensee. If any portion of the license is prepared by a private firm, any contract with such firm shall be made in accordance with the competitive purchasing procedures as established by the state director of the division of purchasing.

2. All digital images produced for licenses shall become the property of the department of revenue.

3. The license issued shall be carried at all times by the holder thereof while driving a motor vehicle, and shall be displayed upon demand of any officer of the highway patrol, or any police officer or peace officer, or any other duly authorized person, for inspection when demand is made therefor. Failure of any operator of a motor vehicle to exhibit his or her license to any duly authorized officer shall be presumptive evidence that such person is not a duly licensed operator.

4. The director of revenue shall not issue a license without a facial digital image of the license applicant, except as provided pursuant to subsection 7 of this section. A digital image of the applicant's full facial features shall be taken in a manner prescribed by the director. No digital image shall be taken wearing anything which cloaks the facial features of the individual.

5. The department of revenue may issue a temporary license or a full license without the photograph or with the last photograph or digital image in the department's records to members of the Armed Forces, except that where such temporary license is issued it shall be valid only until the applicant shall have had time to appear and have his or her picture taken and a license with his or her photograph issued.

6. The department of revenue shall issue upon request a nondriver's license card containing essentially the same information and photograph or digital image, except as provided pursuant to subsection 7 of this section, as the driver's license upon payment of six dollars. All nondriver's licenses shall expire on the applicant's birthday in the sixth year after issuance. A person who has passed his or her seventieth birthday shall upon application be issued a nonexpiring nondriver's license card. Notwithstanding any other provision of this chapter, a nondriver's license containing a concealed carry endorsement shall expire three years from the date the certificate of qualification was issued pursuant to section 571.101, as section 571.101 existed prior to August 28, 2013. The fee for nondriver's licenses issued for a period exceeding three years is six dollars or three dollars for nondriver's licenses issued for a period of three years or less. The nondriver's license card shall be used for identification purposes only and shall not be valid as a license. **No fee shall be required or collected from a homeless child or homeless youth, as defined in subsection 1 of section 167.020, or unaccompanied youth, as defined in 42 U.S.C. Section 11434a(6), for a first nondriver's license card issued under this subsection. Such person's status as a homeless child or youth or unaccompanied youth shall be verified by a letter signed by one of the following persons:**

(1) A director or designee of a governmental or nonprofit agency that receives public or private funding to provide services to homeless persons;

(2) A local education agency liaison for homeless children and youth designated under 42 U.S.C. Section 11432(g)(1)(J)(ii), or a school social worker or counselor; or

(3) A licensed attorney representing the minor in any legal matter.

7. If otherwise eligible, an applicant may receive a driver's license or nondriver's license without a photograph or digital image of the applicant's full facial features except that such applicant's photograph or digital image shall be taken and maintained by the director and not printed on such license. In order to qualify for a license without a photograph or digital image pursuant to this section the applicant must:

(1) Present a form provided by the department of revenue requesting the applicant's photograph be omitted from the license or nondriver's license due to religious affiliations. The form shall be signed by the applicant and another member of the religious tenant verifying the photograph or digital image exemption on the license or nondriver's license is required as part of their religious affiliation. The required signatures on the prescribed form shall be properly notarized;

(2) Provide satisfactory proof to the director that the applicant has been a United States citizen for at least five years and a resident of this state for at least one year, except that an applicant moving to this state possessing a valid driver's license from another state without a photograph shall be exempt from the

one-year state residency requirement. The director may establish rules necessary to determine satisfactory proof of citizenship and residency pursuant to this section;

(3) Applications for a driver's license or nondriver's license without a photograph or digital image must be made in person at a license office determined by the director. The director is authorized to limit the number of offices that may issue a driver's or nondriver's license without a photograph or digital image pursuant to this section.

8. The department of revenue shall make available, at one or more locations within the state, an opportunity for individuals to have their full facial photograph taken by an employee of the department of revenue, or their designee, who is of the same sex as the individual being photographed, in a segregated location.

9. Beginning July 1, 2005, the director shall not issue a driver's license or a nondriver's license for a period that exceeds an applicant's lawful presence in the United States. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant and establish the duration of any driver's license or nondriver's license issued under this section.

10. (1) Notwithstanding any biometric data restrictions contained in section 302.170, the department of revenue is hereby authorized to design and implement a secure digital driver's license program that allows applicants applying for a driver's license in accordance with this chapter to obtain a secure digital driver's license in addition to the physical card-based license specified in this section.

(2) A digital driver's license as described in this subsection shall be accepted for all purposes for which a license, as defined in section 302.010, is used.

(3) The department may contract with one or more entities to develop the secure digital driver's license system. The department or entity may develop a mobile software application capable of being utilized through a person's electronic device to access the person's secure digital driver's license.

(4) The department shall suspend, disable, or terminate a person's participation in the secure digital driver's license program if:

(a) The person's driving privilege is suspended, revoked, denied, withdrawn, or cancelled as provided in this chapter; or

(b) The person reports that the person's electronic device has been lost, stolen, or compromised.

11. The director of the department of revenue may promulgate rules as necessary for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2020, shall be invalid and void.”; and

Journal of the Senate

FIRST REGULAR SESSION

FORTY-THIRD DAY - WEDNESDAY, MARCH 29, 2023

The Senate met pursuant to adjournment.

Senator Rowden in the Chair.

Senator Brown (16) offered the following prayer:

Dear Lord, we pray today for the Members of this body who have been given the privilege and responsibility of conducting the people's business. In Your greatness may we, in our weakness, learn to rely on You for all that we need this day and what you have in store for us. We have tremendous tasks before us. No one person by themselves is equal to such tasks. However, guided by Your loving hand and working together, such goals can be achieved. Therefore, be with us this day and every day we serve here. Give us the wisdom of Solomon, the patience of Job, and the compassion of the Good Samaritan so that at the end of our days we may have the sure and certain knowledge that we have served our State well. Amen.

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

Heavenly Father, etched in the limestone walls of the first floor rotunda of the Missouri Capitol are these words from the Book of Proverbs: "Where there is no vision, the people perish." (Proverbs 29:18). Father, we ask You to send Your Holy Spirit down upon us to give us vision: Vision to see how we can best serve not only our own districts, but all Missourians; Vision that does no blind us to temporary political gain, but rather, that which opens our eyes to do what is best for the people we represent; and Vision that leads us along the path of righteousness, and that draws us closer to you this day and every day of our lives. We thank you, Heavenly Father, for sending us to this place so that we can serve you and serve each other. May we see you in each other as we work together for the common good. Amen.

SENATE SUBSTITUTE FOR SENATE BILL NO. 35

An Act to repeal section 454.1005, RSMo, and to enact in lieu thereof one new section relating to child support enforcement.

Senator May moved that **SS** for **SB 35** be adopted.

Senator Brattin offered **SA 1**:

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Bill No. 35, Page 1, In the Title, Lines 3-4, by striking “child support enforcement” and inserting in lieu thereof the following: “judicial proceedings involving the parent-child relationship”; and

Further amend said bill and page, Section A, line 3, by inserting after all of said line the following:

“452.375. 1. As used in this chapter, unless the context clearly indicates otherwise:

(1) “Custody” means joint legal custody, sole legal custody, joint physical custody or sole physical custody or any combination thereof;

(2) “Joint legal custody” means that the parents share the decision-making rights, responsibilities, and authority relating to the health, education and welfare of the child, and, unless allocated, apportioned, or

decreed, the parents shall confer with one another in the exercise of decision-making rights, responsibilities, and authority;

(3) “Joint physical custody” means an order awarding each of the parents significant, but not necessarily equal, periods of time during which a child resides with or is under the care and supervision of each of the parents. Joint physical custody shall be shared by the parents in such a way as to assure the child of frequent, continuing and meaningful contact with both parents;

(4) “Third-party custody” means a third party designated as a legal and physical custodian pursuant to subdivision (5) of subsection 5 of this section.

2. The court shall determine custody in accordance with the best interests of the child. **There shall be a rebuttable presumption that an award of equal or approximately equal parenting time to each parent is in the best interests of the child. Such presumption is rebuttable only by a preponderance of the evidence in accordance with all relevant factors, including, but not limited to, the factors contained in subdivisions (1) to (8) of this subsection. The presumption may be rebutted if the court finds that the parents have reached an agreement on all issues related to custody, or if the court finds that a pattern of domestic violence has occurred as set out in subdivision (6) of this subsection.** When the parties have not reached an agreement on all issues related to custody, the court shall consider all relevant factors and enter written findings of fact and conclusions of law, including, but not limited to, the following:

(1) The wishes of the child's parents as to custody and the proposed parenting plan submitted by both parties;

(2) The needs of the child for a frequent, continuing and meaningful relationship with both parents and the ability and willingness of parents to actively perform their functions as mother and father for the needs of the child;

(3) The interaction and interrelationship of the child with parents, siblings, and any other person who may significantly affect the child's best interests;

(4) Which parent is more likely to allow the child frequent, continuing and meaningful contact with the other parent;

(5) The child's adjustment to the child's home, school, and community. **The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children;**

(6) The mental and physical health of all individuals involved, including any history of abuse of any individuals involved. If the court finds that a pattern of domestic violence as defined in section 455.010 has occurred, and, if the court also finds that awarding custody to the abusive parent is in the best interest of the child, then the court shall enter written findings of fact and conclusions of law. Custody and visitation rights shall be ordered in a manner that best protects the child and any other child or children for whom the parent has custodial or visitation rights, and the parent or other family or household member who is the victim of domestic violence from any further harm;

(7) The intention of either parent to relocate the principal residence of the child; and

(8) The [wishes] **unobstructed input** of a child, **free of coercion and manipulation**, as to the child's [custodian] **custodial arrangement**. [The fact that a parent sends his or her child or children to a home school, as defined in section 167.031, shall not be the sole factor that a court considers in determining custody of such child or children.]

3. (1) In any court proceedings relating to custody of a child, the court shall not award custody or unsupervised visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any of the following offenses when a child was the victim:

(a) A felony violation of section 566.030, 566.031, 566.032, 566.060, 566.061, 566.062, 566.064, 566.067, 566.068, 566.083, 566.100, 566.101, 566.111, 566.151, 566.203, 566.206, 566.209, 566.211, or 566.215;

(b) A violation of section 568.020;

(c) A violation of subdivision (2) of subsection 1 of section 568.060;

(d) A violation of section 568.065;

(e) A violation of section 573.200;

(f) A violation of section 573.205; or

(g) A violation of section 568.175.

(2) For all other violations of offenses in chapters 566 and 568 not specifically listed in subdivision (1) of this subsection or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in awarding custody or visitation of a child to a parent if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

4. The general assembly finds and declares that it is the public policy of this state that frequent, continuing and meaningful contact with both parents after the parents have separated or dissolved their marriage is in the best interest of the child, except for cases where the court specifically finds that such contact is not in the best interest of the child, and that it is the public policy of this state to encourage parents to participate in decisions affecting the health, education and welfare of their children, and to resolve disputes involving their children amicably through alternative dispute resolution. In order to effectuate these policies, **the general assembly encourages the court to enter a temporary parenting plan as early as practicable in a proceeding under this chapter, consistent with the provisions of subsection 2 of this section, and, in so doing,** the court shall determine the custody arrangement which will best assure both parents participate in such decisions and have frequent, continuing and meaningful contact with their children so long as it is in the best interests of the child.

5. Prior to awarding the appropriate custody arrangement in the best interest of the child, the court shall consider each of the following as follows:

(1) Joint physical and joint legal custody to both parents, which shall not be denied solely for the reason that one parent opposes a joint physical and joint legal custody award. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(2) Joint physical custody with one party granted sole legal custody. The residence of one of the parents shall be designated as the address of the child for mailing and educational purposes;

(3) Joint legal custody with one party granted sole physical custody;

(4) Sole custody to either parent; or

(5) Third-party custody or visitation:

(a) When the court finds that each parent is unfit, unsuitable, or unable to be a custodian, or the welfare of the child requires, and it is in the best interests of the child, then custody, temporary custody or visitation may be awarded **to** a person related by consanguinity or affinity to the child. If no person related to the child by consanguinity or affinity is willing to accept custody, then the court may award custody to any other person or persons deemed by the court to be suitable and able to provide an adequate and stable environment for the child. Before the court awards custody, temporary custody or visitation to a third person under this subdivision, the court shall make that person a party to the action;

(b) Under the provisions of this subsection, any person may petition the court to intervene as a party in interest at any time as provided by supreme court rule.

6. If the parties have not agreed to a custodial arrangement, or the court determines such arrangement is not in the best interest of the child, the court shall include a written finding in the judgment or order based on the public policy in subsection 4 of this section and each of the factors listed in subdivisions (1) to (8) of subsection 2 of this section detailing the specific relevant factors that made a particular arrangement in the best interest of the child. If a proposed custodial arrangement is rejected by the court, the court shall include a written finding in the judgment or order detailing the specific relevant factors resulting in the rejection of such arrangement.

7. Upon a finding by the court that either parent has refused to exchange information with the other parent, which shall include but not be limited to information concerning the health, education and welfare of the child, the court shall order the parent to comply immediately and to pay the prevailing party a sum equal to the prevailing party's cost associated with obtaining the requested information, which shall include but not be limited to reasonable attorney's fees and court costs.

8. As between the parents of a child, no preference may be given to either parent in the awarding of custody because of that parent's age, sex, or financial status, nor because of the age or sex of the child. The court shall not presume that a parent, solely because of his or her sex, is more qualified than the other parent to act as a joint or sole legal or physical custodian for the child.

9. Any judgment providing for custody shall include a specific written parenting plan setting forth the terms of such parenting plan arrangements specified in subsection 8 of section 452.310. Such plan may be a parenting plan submitted by the parties pursuant to section 452.310 or, in the absence thereof, a plan determined by the court, but in all cases, the custody plan approved and ordered by the court shall be in the court's discretion and shall be in the best interest of the child.

10. After August 28, 2016, every court order establishing or modifying custody or visitation shall include the following language: "In the event of noncompliance with this order, the aggrieved party may file a verified motion for contempt. If custody, visitation, or third-party custody is denied or interfered with by a parent or third party without good cause, the aggrieved person may file a family access motion

with the court stating the specific facts that constitute a violation of the custody provisions of the judgment of dissolution, legal separation, or judgment of paternity. The circuit clerk will provide the aggrieved party with an explanation of the procedures for filing a family access motion and a simple form for use in filing the family access motion. A family access motion does not require the assistance of legal counsel to prepare and file.”.

11. No court shall adopt any local rule, form, or practice requiring a standardized or default parenting plan for interim, temporary, or permanent orders or judgments. Notwithstanding any other provision of **law** to the contrary, a court may enter an interim order in a proceeding under this chapter, provided that the interim order shall not contain any provisions about child custody or a parenting schedule or plan without first providing the parties with notice and a hearing, unless the parties otherwise agree.

12. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, both parents shall have access to records and information pertaining to a minor child including, but not limited to, medical, dental, and school records. If the parent without custody has been granted restricted or supervised visitation because the court has found that the parent with custody or any child has been the victim of domestic violence, as defined in section 455.010, by the parent without custody, the court may order that the reports and records made available pursuant to this subsection not include the address of the parent with custody or the child. A court shall order that the reports and records made available under this subsection not include the address of the parent with custody if the parent with custody is a participant in the address confidentiality program under section 589.663. Unless a parent has been denied custody rights pursuant to this section or visitation rights under section 452.400, any judgment of dissolution or other applicable court order shall specifically allow both parents access to such records and reports.

13. Except as otherwise precluded by state or federal law, if any individual, professional, public or private institution or organization denies access or fails to provide or disclose any and all records and information, including, but not limited to, past and present dental, medical and school records pertaining to a minor child, to either parent upon the written request of such parent, the court shall, upon its finding that the individual, professional, public or private institution or organization denied such request without good cause, order that party to comply immediately with such request and to pay to the prevailing party all costs incurred, including, but not limited to, attorney's fees and court costs associated with obtaining the requested information.

14. An award of joint custody does not preclude an award of child support pursuant to section 452.340 and applicable supreme court rules. The court shall consider the factors contained in section 452.340 and applicable supreme court rules in determining an amount reasonable or necessary for the support of the child.

15. If the court finds that domestic violence or abuse as defined in section 455.010 has occurred, the court shall make specific findings of fact to show that the custody or visitation arrangement ordered by the court best protects the child and the parent or other family or household member who is the victim of domestic violence, as defined in section 455.010, and any other children for whom such parent has custodial or visitation rights from any further harm.”; and

Further amend said bill and page, section A, line 4, by inserting after all of said line the following:

“135.772. 1. For the purposes of this section, the following terms shall mean:

- (1) “Department”, the Missouri department of revenue;
- (2) “Distributor”, a person, firm, or corporation doing business in this state that:
 - (a) Produces, refines, blends, compounds, or manufactures motor fuel;
 - (b) Imports motor fuel into the state; or
 - (c) Is engaged in distribution of motor fuel;

(3) “Higher ethanol blend”, a fuel capable of being dispensed directly into motor vehicle fuel tanks for consumption that is comprised of at least fifteen percent but not more than eighty-five percent ethanol;

(5) “Retail service station”, a location in this state from which higher ethanol blend is sold to the general public and is dispensed directly into motor vehicle fuel tanks for consumption.

2. For all tax years beginning on or after January 1, 2023, a retail dealer that sells higher ethanol blend at such retail dealer's retail service station or a distributor that sells higher ethanol blend directly to the final user located in this state shall be allowed a tax credit to be taken against the retail dealer's or distributor's state income tax liability. The amount of the credit shall equal five cents per gallon of higher ethanol blend sold by the retail dealer and dispensed through metered pumps at the retail dealer's retail service station or by a distributor directly to the final user located in this state during the tax year for which the tax credit is claimed. **For any retail dealer or distributor with a tax year beginning prior to January 1, 2023, but ending during the 2023 calendar year, such retail dealer or distributor shall be allowed a tax credit for the amount of higher ethanol blend sold during the portion of such tax year that occurs during the 2023 calendar year.** Tax credits authorized pursuant to this section shall not be transferred, sold, or assigned. If the amount of the tax credit exceeds the taxpayer's state tax liability, the difference shall not be refundable but may be carried forward to any of the five subsequent tax years. The total amount of tax credits issued pursuant to this section for any given fiscal year shall not exceed five million dollars.

3. In the event the total amount of tax credits claimed under this section exceeds the amount of available tax credits, the tax credits shall be apportioned among all eligible retail dealers and distributors claiming a tax credit by April fifteenth, or as directed by section 143.851, of the fiscal year in which the tax credit is claimed.

4. The tax credit allowed by this section shall be claimed by such taxpayer at the time such taxpayer files a return and shall be applied against the income tax liability imposed by chapter 143, excluding the withholding tax imposed by sections 143.191 to 143.265, after reduction for all other credits allowed thereon. The department may require any documentation it deems necessary to implement the provisions of this section.

5. The department shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after the effective date of this section shall be invalid and void.

6. Under section 23.253 of the Missouri sunset act:

(1) The provisions of this section shall automatically sunset on December 31, 2028, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

A fuel shall be deemed to be biodiesel fuel if the fuel consists of a pure B100 or B99 ratio. Biodiesel produced from palm oil is not biodiesel fuel for the purposes of this section unless the palm oil is contained within waste oil and grease collected within the United States;

(3) “B99”, a blend of ninety-nine percent biodiesel fuel that meets the most recent version of the ASTM International D6751 Standard Specification for Biodiesel Fuel Blend Stock with a minimum of one-tenth of one percent and maximum of one percent diesel fuel that meets the most recent version of the ASTM International D975 Standard Specification for Diesel Fuel;

(c) Is engaged in distribution of motor fuel;

(6) “Retail dealer”, a person, firm, or corporation doing business in this state that owns or operates a retail service station in this state;

(7) “Retail service station”, a location in this state from which biodiesel blend is sold to the general public and is dispensed directly into motor vehicle fuel tanks for consumption at retail.

2. For all tax years beginning on or after January 1, 2023, a retail dealer that sells a biodiesel blend at a retail service station or a distributor that sells a biodiesel blend directly to the final user located in this state shall be allowed a tax credit to be taken against the retail dealer or distributor's state income tax liability. **For any retail dealer or distributor with a tax year beginning prior to January 1, 2023, but ending during the 2023 calendar year, such retail dealer or distributor shall be allowed a tax credit for the amount of biodiesel blend sold during the portion of such tax year that occurs during the 2023 calendar year.** The amount of the credit shall be equal to:

(1) Two cents per gallon of biodiesel blend of at least five percent but not more than ten percent sold by the retail dealer at a retail service station or by a distributor directly to the final user located in this state during the tax year for which the tax credit is claimed; and

(2) Five cents per gallon of biodiesel blend in excess of ten percent but not more than twenty percent sold by the retail dealer at a retail service station or by a distributor directly to the final user located in this state during the tax year for which the tax credit is claimed.

3. Tax credits authorized under this section shall not be transferred, sold, or assigned. If the amount of the tax credit exceeds the taxpayer's state tax liability, the difference shall be refundable. The total amount of tax credits issued under this section for any given fiscal year shall not exceed sixteen million dollars.

4. In the event the total amount of tax credits claimed under this section exceeds the amount of available tax credits, the tax credits shall be apportioned among all eligible retail dealers and distributors claiming a tax credit by April fifteenth, or as directed by section 143.851, of the fiscal year in which the tax credit is claimed.

5. The tax credit allowed by this section shall be claimed by such taxpayer at the time such taxpayer files a return and shall be applied against the income tax liability imposed by chapter 143, excluding the withholding tax imposed by sections 143.191 to 143.265, after reduction for all other credits allowed thereon. The department may require any documentation it deems necessary to administer the provisions of this section.

6. Notwithstanding any other provision of law to the contrary, if the maximum amount of tax credits authorized by this section are not claimed, the remaining amount of tax credits available to claim shall be applied to the tax credit in section 135.778 if the maximum amount of tax credits authorized by section 135.778 have been claimed.

7. Notwithstanding the provisions of section 32.057 to the contrary, the department may work with the division of weights and measures within the department of agriculture to validate that the biodiesel blend a retail dealer or distributor claims for the tax credit authorized under this section contains a sufficient percentage of biodiesel fuel.

8. The department shall promulgate rules to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created pursuant to the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 2, 2023, shall be invalid and void.

9. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset on December 31, 2028, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. The termination of the program

as described in this subsection shall not be construed to preclude any qualified taxpayer who claims any benefit under any program that is sunset under this subsection from claiming such benefit for all allowable activities related to such claim that were completed before the program was sunset or to eliminate any responsibility of the department to verify the continued eligibility of qualified individuals receiving tax credits and to enforce other requirements of law that applied before the program was sunset.

135.778. 1. For the purposes of this section, the following terms shall mean:

(1) “Biodiesel fuel”, a renewable, biodegradable, mono alkyl ester combustible liquid fuel that is derived from agricultural and other plant oils or animal fats and that meets the most recent version of the ASTM International D6751 Standard Specification for Biodiesel Fuel Blend Stock. A fuel shall be deemed to be biodiesel fuel if the fuel consists of a pure B100 or B99 ratio. Biodiesel produced from palm oil is not biodiesel fuel for the purposes of this section unless the palm oil is contained within waste oil and grease collected within the United States;

(2) “B99”, a blend of ninety-nine percent biodiesel fuel that meets the most recent version of the ASTM International D6751 Standard Specification for Biodiesel Fuel Blend Stock with a minimum of one-tenth of one percent and maximum of one percent diesel fuel that meets the most recent version of the ASTM International D975 Standard Specification for Diesel Fuel;

(3) “Department”, the Missouri department of revenue;

(4) “Missouri biodiesel producer”, a person, firm, or corporation doing business in this state that produces biodiesel fuel in this state, is registered with the United States Environmental Protection Agency according to the requirements of 40 CFR Part 79, and has begun construction on such facility or has been selling biodiesel fuel produced at such facility on or before January 2, 2023.

2. For all tax years beginning on or after January 1, 2023, a Missouri biodiesel producer shall be allowed a tax credit to be taken against the producer's state income tax liability. **For any Missouri biodiesel producer with a tax year beginning prior to January 1, 2023, but ending during the 2023 calendar year, such Missouri biodiesel producer shall be allowed a tax credit for the amount of biodiesel fuel produced during the portion of such tax year that occurs during the 2023 calendar year.** The amount of the tax credit shall be two cents per gallon of biodiesel fuel produced by the Missouri biodiesel producer during the tax year for which the tax credit is claimed.

3. Tax credits authorized under this section shall not be transferred, sold, or assigned. If the amount of the tax credit exceeds the taxpayer's state tax liability, the difference shall be refundable. The total amount of tax credits issued under this section for any given fiscal year shall not exceed [four] **five million five hundred thousand** dollars, **which shall be authorized on a first-come first-served basis.**

4. [In the event the total amount of tax credits claimed under this section exceeds the amount of available tax credits, the tax credits shall be apportioned among all eligible Missouri biodiesel producers claiming the credit by April fifteenth, or as directed by section 143.851, of the fiscal year in which the tax credit is claimed.]

[5.] The tax credit authorized under this section shall be claimed by such taxpayer at the time such taxpayer files a return and shall be applied against the income tax liability imposed by chapter 143, excluding the withholding tax imposed by sections 143.191 to 143.265, after reduction for all other credits

allowed thereon. The department may require any documentation it deems necessary to administer the provisions of this section.

[6.] **5.** Notwithstanding any other provision of law to the contrary, if the maximum amount of tax credits authorized by this section are not claimed, the remaining amount of tax credits available to claim shall be applied to the tax credit in section 135.775 if the maximum amount of tax credits authorized by section 135.775 have been claimed.

[7.] **6.** The department shall promulgate rules to implement and administer the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created pursuant to the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 2, 2023, shall be invalid and void.

[8.] **7.** Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset on December 31, 2028, unless reauthorized by an act of the general assembly;

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. The termination of the program as described in this subsection shall not be construed to preclude any qualified taxpayer who claims any benefit under any program that is sunset under this subsection from claiming such benefit for all allowable activities related to such claim that were completed before the program was sunset, or to eliminate any responsibility of the department to verify the continued eligibility of qualified individuals receiving tax credits and to enforce other requirements of law that applied before the program was sunset.”; and

“334.104. 1. A physician may enter into collaborative practice arrangements with registered professional nurses. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the registered professional nurse and is consistent with that nurse's skill, training and competence.

2. (1) Collaborative practice arrangements, which shall be in writing, may delegate to a registered professional nurse the authority to administer, dispense or prescribe drugs and provide treatment if the registered professional nurse is an advanced practice registered nurse as defined in subdivision (2) of section 335.016. Collaborative practice arrangements may delegate to an advanced practice registered nurse, as defined in section 335.016, the authority to administer, dispense, or prescribe controlled substances listed in Schedules III, IV, and V of section 195.017, and Schedule II - hydrocodone; except that, the collaborative practice arrangement shall not delegate the authority to administer any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone for the purpose of inducing sedation or general anesthesia for therapeutic, diagnostic, or surgical procedures. Schedule III narcotic controlled substance and Schedule II - hydrocodone prescriptions shall be limited to a one hundred twenty-hour supply without refill.

(2) Notwithstanding any other provision of this section to the contrary, a collaborative practice arrangement may delegate to an advanced practice registered nurse the authority to administer, dispense, or prescribe Schedule II controlled substances for hospice patients; provided, that the advanced practice registered nurse is employed by a hospice provider certified pursuant to chapter 197 and the advanced practice registered nurse is providing care to hospice patients pursuant to a collaborative practice arrangement that designates the certified hospice as a location where the advanced practice registered nurse is authorized to practice and prescribe.

(3) Such collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols or standing orders for the delivery of health care services.

(4) An advanced practice registered nurse may prescribe buprenorphine for up to a thirty-day supply without refill for patients receiving medication-assisted treatment for substance use disorders under the direction of the collaborating physician.

3. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the advanced practice registered nurse;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the advanced practice registered nurse to prescribe;

(3) A requirement that there shall be posted at every office where the advanced practice registered nurse is authorized to prescribe, in collaboration with a physician, a prominently displayed disclosure statement informing patients that they may be seen by an advanced practice registered nurse and have the right to see the collaborating physician;

(4) All specialty or board certifications of the collaborating physician and all certifications of the advanced practice registered nurse;

a. Until August 28, 2025, an advanced practice registered nurse providing services in a correctional center, as defined in section 217.010, and his or her collaborating physician shall satisfy the geographic proximity requirement if they practice within two hundred miles by road of one another. An incarcerated patient who requests or requires a physician consultation shall be treated by a physician as soon as appropriate;

b. The collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210 (42 U.S.C. Section 1395x, as amended), as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic[.];

c. The collaborative practice arrangement may allow for geographic proximity to be waived when the arrangement outlines the use of telehealth, as defined in section 191.1145;

d. In addition to the waivers and exemptions provided in this subsection, an application for a waiver for any other reason of any applicable geographic proximity shall be available if a physician is collaborating with an advanced practice registered nurse in excess of any geographic proximity limit. The board of nursing and the state board of registration for the healing arts shall review each application for a waiver of geographic proximity and approve the application if the boards determine that adequate supervision exists between the collaborating physician and the advanced practice registered nurse. The boards shall have forty-five calendar days to review the completed application for the waiver of geographic proximity. If no action is taken by the boards within forty-

five days after the submission of the application for a waiver, then the application shall be deemed approved. If the application is denied by the boards, the provisions of section 536.063 for contested cases shall apply and govern proceedings for appellate purposes; and

(c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;

(6) A description of the advanced practice registered nurse's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the nurse to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection; **and**

(11) If a collaborative practice arrangement is used in clinical situations where a collaborating advanced practice registered nurse provides health care services that include the diagnosis and initiation of treatment for acutely or chronically ill or injured persons, then the collaborating physician or any other physician designated in the collaborative practice arrangement shall be present for sufficient periods of time, at least once every two weeks, except in extraordinary circumstances that shall be documented, to participate in a chart review and to provide necessary medical direction, medical services, consultations, and supervision of the health care staff.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to [specifying geographic areas to be covered,] the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. **Any rules relating to geographic proximity shall allow a**

collaborating physician and a collaborating advanced practice registered nurse to practice within two hundred miles by road of one another until August 28, 2025, if the nurse is providing services in a correctional center, as defined in section 217.010. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his **or her** medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice [agreement] **arrangement**, including collaborative practice [agreements] **arrangements** delegating the authority to prescribe controlled substances, or physician assistant [agreement] **collaborative practice arrangement** and also report to the board the name of each licensed professional with whom the physician has entered into such [agreement] **arrangement**. The board [may] **shall** make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such [agreements] **arrangements** to ensure that [agreements] **arrangements** are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall

be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than six full-time equivalent advanced practice registered nurses, full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **or to collaborative practice arrangements between a primary care physician and a primary care advanced practice registered nurse or a behavioral health physician and a behavioral health advanced practice registered nurse, where the collaborating physician is new to a patient population to which the advanced practice registered nurse is familiar.**

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other [agreement] **term of employment** shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other [agreement] **term of employment** shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

“137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, **for all calendar years ending on or before December 31, 2023**, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Except as otherwise provided in subsection 3 of this section and section 137.078, for all calendar years beginning on or after January 1, 2024, the assessor shall annually assess all personal property at thirty-one percent of its true value in money as of January first of each calendar year.** The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable

In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word “comparable” means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money, **except as provided in subsection 9 of this section**:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any

company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (a) For real property in subclass (1), nineteen percent;
- (b) For real property in subclass (2), twelve percent; and
- (c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. **To determine the true value in money for motor vehicles and farm machinery**, the assessor of each county and each city not within a county shall use the [trade-in value published in the October issue

of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.] **manufacturer's suggested retail price for the year of manufacture of a motor vehicle or farm machinery, and shall apply the following depreciation schedule to such value to determine the motor vehicle's or farm machinery's true value in money:**

Years since manufacture	Percent Depreciation
Current	15
1	25
2	35
3	45
4	55
5	65

The state tax commission shall, with the assistance of the Missouri state assessor's association, develop the bid specifications to secure the original manufacturer's suggested retail price from a nationally recognized service. The cost of the guide and programming necessary to allow valuation by vehicle identification number in all certified mass appraisal software systems used in the state shall be paid out of a county's assessment fund established pursuant to section 137.750 if the balance in such fund is in excess of one hundred thousand dollars. If the balance in such fund is less than or equal to one hundred thousand dollars, such costs shall be paid by an appropriation secured by the state tax commission from the general assembly. The state tax commission or the state of Missouri shall be the registered user of the value guide with rights to allow all assessors access to the guide and to an online site. Counties shall be responsible for renewals and annual software costs of preparing the data in a usable format for approved personal property software vendors in the state if the balance in such county's assessment fund is in excess of one hundred thousand dollars. If the

balance in such fund is less than or equal to one hundred thousand dollars, the state of Missouri or the state tax commission shall be responsible for such renewals and annual software costs. If a county creates its own software, it shall meet the same standards as the approved vendors. The data shall be available to all vendors by August fifteenth annually. All vendors shall have the data available for use in their client counties by October first prior to the January first assessment date. When the manufacturer's suggested retail price data is not available from the approved source or the assessor deems it not appropriate for the vehicle value he or she is valuing, the assessor may obtain a manufacturer's suggested retail price from a source he or she deems reliable and apply the depreciation schedule set out above.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

14. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted

out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

15. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 14 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

16. Any portion of real property that is available as reserve for strip, surface, or coal mining for minerals for purposes of excavation for future use or sale to others that has not been bonded and permitted under chapter 444 shall be assessed based upon how the real property is currently being used. Any information provided to a county assessor, state tax commission, state agency, or political subdivision responsible for the administration of tax policies shall, in the performance of its duties, make available all books, records, and information requested, except such books, records, and information as are by law declared confidential in nature, including individually identifiable information regarding a specific taxpayer or taxpayer's mine property. For purposes of this subsection, "mine property" shall mean all real property that is in use or readily available as a reserve for strip, surface, or coal mining for minerals for purposes of excavation for current or future use or sale to others that has been bonded and permitted under chapter 444."; and

Further amend the title and enacting clause accordingly.

Senator Eigel moved that the above amendment be adopted.

At the request of Senator Arthur, **SB 184**, with **SCS**, and **SA 1** (pending), was placed on the Informal Calendar.

At the request of Senator Bean, **SB 209**, with **SCS**, was placed on the Informal Calendar.

Senator Koenig moved that **SB 95** be called from the Informal Calendar and taken up for perfection, which motion prevailed.

Senator Koenig offered **SS** for **SB 95**, entitled:

SENATE SUBSTITUTE FOR
SENATE BILL NO. 95

An Act to repeal section 139.031, RSMo, and to enact in lieu thereof two new sections relating to property taxes.

Senator Koenig moved that **SS** for **SB 95** be adopted.

Senator Luetkemeyer offered SA 1:

SENATE AMENDMENT NO. 1

Amend Senate Substitute for Senate Bill No. 95, Page 2, Section 137.132, Line 24, by inserting after all of said line the following:

“137.1050. 1. For the purposes of this section, the following terms shall mean:

(1) “Eligible credit amount”, the difference between an eligible taxpayer's real property tax liability on such taxpayer's homestead for a given tax year, minus the real property tax liability on such homestead in the year that the taxpayer became an eligible taxpayer;

(2) “Eligible taxpayer”, a Missouri resident who:

(a) Is eligible for Social Security retirement benefits;

(b) Is an owner of record of a homestead or has a legal or equitable interest in such property as evidenced by a written instrument; and

(c) Is liable for the payment of real property taxes on such homestead;

(3) “Homestead”, real property actually occupied by an eligible taxpayer as the primary residence. An eligible taxpayer shall not claim more than one primary residence.

2. Any county authorized to impose a property tax may grant a property tax credit to eligible taxpayers residing in such county in an amount equal to the taxpayer's eligible credit amount, provided that:

(1) Such county adopts an ordinance authorizing such credit; or

(2) (a) A petition in support of a referendum on such a credit is signed by at least five percent of the registered voters of such county voting in the last gubernatorial election and the petition is delivered to the governing body of the county, which shall subsequently hold a referendum on such credit.

(b) The ballot of submission for the question submitted to the voters pursuant to paragraph (a) of this subdivision shall be in substantially the following form:

Shall the County of _____ exempt senior citizens from increases in the property tax liability due on such seniors citizens' primary residence?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the credit shall be in effect.

3. A county granting an exemption pursuant to this section shall apply such exemption when calculating the eligible taxpayer's property tax liability for the tax year. The amount of the credit shall be noted on the statement of tax due sent to the eligible taxpayer by the county collector.

4. For the purposes of calculating property tax levies pursuant to section 137.073, the total amount of credits authorized by a county pursuant to this section shall be considered tax revenue, as such term is defined in section 137.073, actually received by the county.”; and

Further amend the title and enacting clause accordingly.

Senator Luetkemeyer moved that the above amendment be adopted, which motion prevailed.

Senator Schroer offered SA 2:

SENATE AMENDMENT NO. 2

Amend Senate Substitute for Senate Bill No. 95, Page 1, Section A, Line 3, by inserting after all of said line the following:

“115.240. The election authority for any political subdivision or special district shall label ballot measures relating to taxation that are submitted by such political subdivision or special district to a vote of the people numerically or alphabetically in the order in which they are submitted. No such ballot measure shall be labeled in a descriptive manner aside from its numerical or alphabetical designation. Election authorities may coordinate with each other, or with the secretary of state, to maintain a database or other record to facilitate numerical or alphabetical assignment.

137.067. Notwithstanding any provision of law to the contrary, any ballot measure seeking approval to add, change, or modify a tax on real property shall express the effect of the proposed change within the ballot language in terms of the change in real dollars owed per one hundred thousand dollars of a property's market valuation.

137.073. 1. As used in this section, the following terms mean:

(1) “General reassessment”, changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) “Tax rate”, “rate”, or “rate of levy”, singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) “Tax rate ceiling”, a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) “Tax revenue”, when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term “tax revenue” shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 or as excess home dock city or county fees as provided in subsection 4 of section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term “tax revenue”, as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in

the current taxable year. As provided in Section 22 of Article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and Section 22 of Article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 14 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and Section 22, Article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political

subdivisions shall have this information available in setting their tax rates according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and Section 22 of Article X of the Missouri Constitution, the term “property” means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and Section 22 of Article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and Section 22 of Article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The provisions of subdivision (2) of this subsection notwithstanding, if, prior to the expiration of a temporary levy increase, voters approve a subsequent levy increase, the new tax rate ceiling shall remain in effect only until such time as the temporary levy expires under the terms originally approved by a vote of the people, at which time the tax rate ceiling shall be decreased by the amount of the temporary levy increase. If, prior to the expiration of a temporary levy increase, voters of a political subdivision are asked to approve an additional, permanent increase to the political subdivision's tax rate ceiling, voters shall be submitted ballot language that clearly indicates that if the permanent levy increase is approved, the temporary levy shall be made permanent.

(4) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision [(4)] **(5)** of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

[(4)] **(5)** In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax

rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or

defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.”; and

Further amend the title and enacting clause accordingly.

Senator Bean assumed the Chair.

President Kehoe assumed the Chair.
